5. Prior to these injuries, plaintiff was a strong, able-bodied man, capable of earning and actually earning ..... dollars per day. By these injuries he has been made incapable of any gainful activity, has suffered great physical and mental pain, and has incurred expense in the amount of ..... dollars for medicine, medical attendance, and hospitalization.

Wherefore, plaintiff demands judgment against defendant in the sum of ..... dollars and costs.

(15) Complaint for Interpleader and Declaratory Relief

1. On or about June 1, 19....., plaintiff issued to G. H. a policy of life insurance whereby plaintiff promised to pay to K. L. as beneficiary the sum of ..... dollars upon the death of G. H. The policy required the payment by G. H. of a stipulated premium on June 1, 19....., and annually thereafter as a condition precedent to its continuance in force.

2. No part of the premium due June 1, 19....., was ever paid and the policy ceased to have any force or effect on July 1, 19.....

3. Thereafter, on September 1, 19....., G. H. and K. L. died as the result of a collision between a locomotive and the automobile in which G. H. and K. L. were riding.

4. Defendant C. D. is the duly appointed and acting executor of the will of G. H.; defendant E. F. is the duly appointed and acting executor of the will of K. L.; defendant X. Y. claims to have been duly designated as beneficiary of said policy in place of K. L.

5. Each of defendants, C. D., E. F., and X. Y. is claiming that the above-mentioned policy was in full force and effect at the time of the death of G. H.; each of them is claiming to be the only person entitled to receive payment of the amount of the policy and has made demand for payment thereof.

6. By reason of these conflicting claims of the defendants, plaintiff is in great doubt as to which defendant is entitled to be paid the amount of the policy, if it was in force at the death of G. H.

Wherefore plaintiff demands that the court adjudge:

(1) That none of the defendants is entitled to recover from plaintiff the amount of said policy or any part thereof.

(2) That each of the defendants be restrained from instituting any action against plaintiff for the recovery of the amount of said policy or any part thereof.

(3) That, if the court shall determine that said policy was in force at the death of G. H., the defendants be required to interplead and settle between themselves their rights to the money due under said policy, and that plaintiff be discharged from all liability in the premises except to the person whom the court shall adjudge entitled to the amount of said policy.

(4) That plaintiff recover its costs.

(b) Where Jurisdiction is in Rem or Quasi in Rem. Where no personal claim is made against the defendant, the court shall require such proofs, by affidavit or otherwise, as are necessary to show that the court's jurisdiction has been invoked over the status, property or thing which is the subject of the action. A moving party under this subsection must stipulate his consent to suit in another jurisdiction found by the judge to provide a convenient, reasonable and fair place of trial.

(b) Subsequent Modification of Order to Stay Proceedings. In a proceeding in which a stay has been ordered under this Section, jurisdiction of the court continues for a period of five years from the entry of the last order affecting the stay; and the court may, on motion and notice to the parties, modify the stay order and take such action as the interests of justice require. When jurisdiction of the court terminates by reason of the lapse of five years following the entry of the last order affecting the stay, the clerk shall without notice enter an order dismissing the action.

(c) Review of Rulings on Motion. Whenever a motion for a stay made pursuant to subsection (a) above is granted, any non-moving party shall have the right of immediate appeal. H. B. 1041 **CHAPTER 966**

AN ACT TO AMEND G. S. 20-9 RELATING TO PERSONS WHO SHALL NOT BE LICENSED TO OPERATE A MOTOR VEHICLE, ESTABLISHING REVIEW PROCEDURE.

The General Assembly of North Carolina do enact:

Section 1. G. S. 20-9, as the same appears in the 1965 Replacement Volume 1C of the General Statutes, is hereby amended by adding a new subsection to be designated as subsection "(g)", to read as follows:

"(g) The Department may issue an operator's or chauffeur's license to any applicant covered by subsection (e) of this Section under the following conditions:

(1) The Department may issue a license to any person who is afflicted with or suffering from physical or mental disability set out in subsection (e) of this Section who is otherwise qualified to obtain a license, provided such person submits to the Department a certificate in the form prescribed in subsection (2). Unless sooner revoked, suspended or cancelled, such license continues in force as long as the licensee presents to the Department one year from the date of issuance of such license and at yearly intervals thereafter a certificate in the form prescribed in subsection (2), provided the Commissioner may require the submission of such certificate at six months intervals where in his opinion public safety demands. In no event shall a license issued pursuant to this Section be valid beyond the birthday of the licensee in the fourth year following the year of issuance, at which time the license is subject to renewal.

(2) The Department shall not issue a license pursuant to this Section unless the applicant has submitted to a physical examination by a physician or surgeon duly licensed to practice medicine in this State and unless such examining physician or surgeon has completed and signed the certificate required by subsection (1). Such certificate shall be devised by the Commissioner with the advice of qualified experts in the field of diagnosing and treating physical and mental disorders as he may select to assist him and shall be designed to elicit the maximum medical information necessary to aid in determining whether or not it would be a hazard to public safety to permit the applicant to operate a motor vehicle, including, if such is the fact, the examining physician's statement that the applicant is under medication and treatment and that such person's physical or mental disability is controlled. The certificate shall contain a waiver of privilege and the recommendation of the examining physician to the Commissioner as to whether a license should be issued to the applicant.

(3) The Commissioner is not bound by the recommendation of the examining physician but shall give fair consideration to such recommendation in exercising his discretion in acting upon the application, the criterion being whether or not, upon all the evidence, it appears that it is safe to permit the applicant to operate a motor vehicle. The burden of proof of such fact is upon the applicant. In deciding whether to issue or deny a license, the Commissioner may be guided by opinion of experts in the field of diagnosing and treating the specific physical or mental disorder suffered by an applicant and such experts may be compensated for their services on an equitable basis. The Commissioner may also take into consideration any other factors which bear on the issue of public safety.

(4) Whenever a license is denied by the Commissioner, such denial may be reviewed by a reviewing board upon written request of the applicant filed with the Department within 10 days after receipt of such denial. The reviewing board shall consist of the Commissioner or his authorized representative and four persons designated by the Chairman of the State Board of Health. The persons designated by the Chairman of the State Board of Health shall be either members of the State Board of Health or physicians duly licensed to practice medicine in this State. The members so designated by the Chairman of the State Board of Health shall receive the same per diem and expenses as provided by law for members of the State Board of Health, which per diem and expenses shall be charged to the same appropriation as per diems and expenses for members of the State Board of Health. The Commissioner or his authorized representative, plus any two of the members designated by the Chairman of the State Board of Health, constitute a quorum. The procedure for hearings authorized by this Act shall be as follows:

(a) Applicants shall be afforded an opportunity for hearing, after reasonable notice of not less than 10 days, before the review board established by subsection (4) of this Act. The notice shall be in writing and shall be delivered to the applicant in person or sent by registered mail, with return receipt requested. The General Assembly of North Carolina do enact:

Section 1. (a) There shall be conducted on Tuesday, September 12, 1967, in the area described in Section 2 (a) of this Act, a special election on the question of consolidation of the Town of Draper, the City of Leaksville, the Town of Spray, and the Meadow Greens Sanitary District as a single municipality and a vote in favor of such consolidation shall constitute a vote for such single municipality to assume the obligations of the Town of Draper, the City of Leaksville, the Town of Spray, and the Meadow Greens Sanitary District. Such special election shall be conducted in the Town of Draper, the City of Leaksville, the Town of Spray by the respective municipal governing bodies, and in the remainder of the described area by the Board of Elections of Rockingham County.

(b) No new or special registration of voters shall be required for such special election in the three municipalities, but the Board of Elections shall conduct a special registration of voters in that portion of the area described in Section 2(a) which lies outside the corporate limits of the three municipalities. The registration books of each of the three municipalities shall be used in conducting the election in each respective municipality, and the special registration book or books hereinabove provided for shall be used in conducting the election in the remainder of the described area. The existing precincts and polling places shall be used in the three municipalities, and the Board of Elections of Rockingham County shall establish one or more precincts and polling places in the remainder of the described area. The registration books of each of the municipalities and the special

registration book or books of the County shall be open for the registration of new voters beginning on Monday, August 14, 1967, and continuing through Saturday, August 26, 1967. Challenge day for such special election shall be Saturday, September 2, 1967.

(c) The Board of Elections of Rockingham County shall cause to be published at least once in each of the fourth, third, and second calendar weeks preceding the day of the special election, in the Leaksville News, a notice of the registration and special election. Such notice shall include the time and places of registration; the polling places; the date of challenge day; the date of the special election; a general description of the area within which the election is to be conducted; and a statement that those voters who are then registered to vote in municipal elections in the Town of Draper, the City of Leaksville, or the Town of Spray shall not be required to register again in order to vote in the special election, and those voters residing in the remainder of the described area who are then registered to vote in county elections as well as those who are not then so registered shall be required to register in the special registration book or books hereinbefore provided for in order to vote in the special election.

(d) For such special election, the Board of Elections of Rockingham County shall provide ballots which contain the words "FOR Consolidation of Draper, Leaksville, Spray, and Meadow Greens" and "AGAINST Consolidation of Draper, Leaksville, Spray, and Meadow Greens", with appropriate squares so that each voter may by his cross (X) mark indicate his preference.

(e) At such special election, the Board of Elections of Rockingham County shall also provide a ballot containing at least three but not more than five proposed names for the new municipality in the event the special election results in consolidation. Such ballot shall preface each such proposed name with the words "City of", and shall contain at the top in bold type the words "Vote for one name only". The Board of Elections shall cause to be published at least once preceding the day of the special election, in the Leaksville News, the proposed names. In the event such special election results in consolidation, the proposed name receiving the largest number of votes shall be the name of the new municipality created by such consolidation.

(f) Following such special election, the votes in each of the three municipalities shall be canvassed as in regular municipal elections, and the results thereof certified to the Board of Elections of Rockingham County. The votes in the remainder of the described area shall be canvassed and certified as in county elections. The Board of Elections shall meet on the day following the special election to determine and declare the results thereof.

(g) (1) If a majority of the votes cast in such special election in that portion of the described area excluding the territory within the corporate limits of the Town of Draper, and a majority of the votes cast in such special election in the Town of Draper, shall be cast "FOR Consolidation of Draper, Leaksville, Spray, and Meadow Greens", then the area described in Section 2 (a) of this Act shall be the corporate limits of the new municipality, and Sections 3 through 6 of this Act shall be effective on September 13, 1967.

(2) If a majority of the votes cast in such special election in that portion of the described area excluding the territory within the corporate limits of the Town of Draper shall be cast "FOR Consolidation of Draper, Leaksville, Spray, and Meadow Greens", and if a majority of the votes cast in such special election in the Town of Draper shall be cast "AGAINST Consolidation of Draper, Leaksville, Spray, and Meadow Greens", then the area described in Section 2 (b) of this Act shall be the corporate limits of the new municipality, and Section 3 of this Act shall be of no force and effect, and Sections 4 through 6 of this Act shall be effective on September 13, 1967.

(3) If a majority of the votes cast in that portion of the described area excluding the territory within the corporate limits of the Town of Draper shall be cast "AGAINST Consolidation of Draper, Leaksville, Spray, and Meadow Greens", regardless of the results of such special election in the Town of Draper, then Sections 3 through 6 of this Act shall have no force and effect.

(h) The Board of Elections shall certify the results of such special election to the governing bodies of the Town of Draper, the City of Leaksville, the Town of Spray, and the Meadow Greens Sanitary District, and to the Secretary of the Local Government Commission.

AN ACT TO AMEND CHAPTER 105 OF THE GENERAL STATUTES OF NORTH CAROLINA TO LEVY AN EXCISE STAMP TAX ON CONVEYANCES OF REAL ESTATE.

WHEREAS, the United States Congress has repealed the federal tax on transfers of real estate, effective January 1, 1968, in order to enable the several states, in their discretion, to enact similar laws suitable to the respective states; and

WHEREAS, the North Carolina Tax Study Commission has recommended that North Carolina enact an excise stamp tax on conveyances of real estate in order to permit the continuing study of ratios of appraisal value to market value of property subject to ad valorem taxation; and

WHEREAS, the General Assembly finds and declares that because continuing ratio studies will aid materially in equalizing property values of public utilities, will serve to verify the competence of professional appraisals used in revaluations of property, will enable tax assessors to more equitably establish standards of value, and will enable individual property owners to better appeal from local tax valuations, that the excise stamp tax, which indicates sales prices, is in the public interest: Now, therefore,

retarding or impoundment structure for one or more authorized watershed purposes or a section of improved stream channel or the land treatment measures associated with a water retarding structure."

Sec. 2. G. S. 153-77 is amended by adding thereto at the end thereof a new paragraph, to be given an appropriate number, and to read as follows:

"( ) Construction, reconstruction, installation, extension, alteration and improvement of watershed improvement works or projects installed or operated, or to be installed or operated, by a county under Article 3 of General Statutes Chapter 139 or any local act granting similar powers, including without limitation the acquisition of real and personal property, easements, options, or other interests in real property therefor."

Sec. 3. G. S. 153-80 is amended by adding thereto at the end thereof a new paragraph to be given an appropriate number, and to read as follows:

"( ) County watershed improvement works or projects, and acquisition of land or interests in land therefor, 40 years."

Sec. 4. Article 2 of General Statutes Chapter 139 is hereby amended by adding thereto at the end thereof a new Section, to be given an appropriate number, and to read as follows:

"§ 139- . Borrowing by Local Units for Anticipated Water Supplies. (a) Any local unit may issue bonds or other obligations in the manner provided by this Section (and may appropriate and expend funds derived therefrom) for the purpose of financing all or any part of the cost of providing storage capacity for anticipated future or present water supply needs, in conjunction with any watershed improvement work or project.

"(b) Any two or more local units, each situated in whole or in part in the basin of the same river in which a watershed improvement work or project is located, may issue bonds or other obligations for the purpose stated in subsection (a) of this Section in such amounts as constitute their proportionate parts, respectively, of the estimated cost of such a work or project. The governing bodies of said local units shall jointly determine and agree upon the proportionate part of the estimated cost which each local unit is to bear, taking into consideration the taxable resources of each local unit and such other economic and beneficial factors as deemed pertinent and advisable, and such determination shall be recorded in the minutes of each such body.

"(c) Such bonds or other obligations of counties shall be issued pursuant to the County Finance Act, as amended: Provided, the amount thereof shall constitute an item to be included in the sum in item (8) of Section 153-84 of said Act in arriving at the net debt for other than school purposes in item (9) of said Section: Provided, further, the provisions of Section 153-80, 153-82 and 153-103 of said Act shall not apply to such bonds. Such bonds or obligations shall mature at such time or times, not exceeding 40 years from their date, and may be subject to redemption with or without premium as the governing body may by resolution determine, with the approval of the Local Government Commission.

"(d) Such bonds or other obligations of municipalities shall be issued pursuant to the Municipal Finance Act, 1921, as amended, and the amount thereof shall constitute a deduction from the gross debt under subsection (a)(2) of Section 160-383 of said Act: Provided, the provisions of Sections 160-382 and 160-391 shall not apply to such bonds and such bonds may not be consolidated with bonds authorized by another ordinance as provided in Section 160-380 of said Act. Such bonds or obligations shall mature at such time or times, not exceeding 40 years from their date, and may be subject to redemption with or without premium as the governing body may determine, with the approval of the Local Government Commission.

"(e) Notwithstanding any other provisions of law, the Local Government Commission may sell any bonds or other obligations issued pursuant to this Section to the United States of America, or any agency thereof, at private sale and without advertisement. The first installment of principal of bonds or other obligations issued under this Section may be made payable not more than 10 years after the date of the bonds or obligations. Accrual of interest may be deferred not more than 10 years. Any such bonds or other obligations may contain appropriate provisions which will authorize the initiation of payments of interest and installments of principal on the bonds on a date not later than 10 years from the date of such bonds or obligations, or on the date when the local unit shall begin to use such local water supplies, whichever date shall occur first. The date on which such use of local water supplies begins shall be determined by the governing body of the local unit issuing such bonds or other obligations, which determination shall be binding and conclusive.

"(f) If the bonds or other obligations of one or more local units which have agreed upon their proportionate part of the estimated cost, as provided for in subsection (b) of this Section, are required by the laws or the Constitution to be submitted to the voters of such local unit at an election and a majority of said voters voting in said election vote against the issuance of such bonds, the bonds or other obligations of any other local unit which have been duly authorized may be issued in whole or in part only when a sufficient number of local units have agreed upon their proportionate part as provided in subsection (b) of this Section and have duly authorized their bonds or obligations so that the full amount of such estimated cost may be paid.

"(g) As used in this Section the following terms have the following meanings:

'Local Unit' means any county or municipality.

'Local water supplies' include any municipal or county water supplies' whether or not the purposes served by a particular storage facility financed under this Section initially include service to domestic or any other water supply customers.

'Costs' include the cost of water storage capacity in a structure or facility (or other equivalent costs for water supply purposes) and the cost of facilities for release or withdrawal of water stored for water supply purposes, as well as other installation costs of a structure or facility including costs of real and personal property, easements, options, or other interests in real property, and water rights, engineering and inspection fees,

contract administration costs, and costs of conveyance facilities for local water supplies."

Sec. 5. Article 2 of General Statutes Chapter 139 is hereby amended by adding thereto at the end thereof a new Section to be numbered G. S. 139-38 and to read as follows:

"§ 139-38. Power of Eminent Domain Conferred on Watershed Improvement Districts. (a) A watershed improvement district shall have the power to acquire by condemnation any interest in land needed in carrying out the purposes of this Act, except interests in land within the boundaries of any project licensed by the Federal Power Commission or interests in land owned or held for use by a public utility as defined in G. S. 62-3. This power may be exercised only after:

"(1) The district makes application to the Committee, identifying the land sought to be condemned and stating the purposes for which said land is needed; and

"(2) The Committee finds that the land is sought to be acquired for a proper district purpose. The findings of the Committee shall be conclusive in the absence of fraud, notwithstanding any other provision of law.

"(b) The Committee shall certify copies of its findings to the applicant district, the State Board and the Clerk of Superior Court of the county or counties wherein any part of the district lies for recordation in the special proceedings thereof.

"(c) For purposes of this Section:

"(1) The term 'interest in land' means any land, right of way, right of access, privilege, easement, or other interest in or relating to land. Said 'interest in land' does not include an interest in land which is held or used in whole or in part for a public water supply, unless such 'interest in land' is not necessary or essential for such uses or purposes.

"(2) A 'description' of land shall be sufficient if the boundaries of the land are described in such a way as to convey an intelligent understanding of the location of the land. In the discretion of the applicant district, boundaries may be described by any of the following methods or any combination thereof: by reference to a map; by metes and bounds; by general description referring to natural boundaries, or to boundaries of existing political subdivisions or municipalities, or to boundaries of particular tracts or parcels of land.

"(3) 'Committee' means the State Soil and Water Conservation Committee.

"(d) The procedure in all condemnation proceedings pursuant to this Section shall conform as nearly as possible to the procedure provided in G. S. Chapter 40, Article 2, and all Acts amendatory thereof.

"(e) Interests in land acquired pursuant to this Section may be used in such manner and for such purposes as the trustees of the district deem best. If, in the opinion of the trustees, such lands should be sold, leased or rented, the trustees may do so, subject to the approval of the Committee.

"(f) All provisions of local acts inconsistent herewith limiting condemnation powers of watershed improvement districts or of counties for county watershed improvement programs are hereby repealed."

Sec. 6. Article 3 of General Statutes Chapter 139 is hereby amended by adding thereto at the end thereof a new Section to be numbered G. S. 139-44 and to read as follows:

"§ 139-44. Power of Eminent Domain Conferred on Counties in Certain Cases. A county which has been authorized to levy a watershed improvement tax, whether pursuant to this Article or by local act or otherwise, shall have for purposes of its county watershed improvement program the powers conferred upon watershed improvement districts by G. S. 139-38 (as the same may be amended from time to time), subject to the limitations and procedures prescribed therein. For this purpose, a county shall be considered a watershed improvement district, and the board of county commissioners shall be considered the trustees of the applicant district."

Sec. 7. Article 3 of General Statutes Chapter 139 is hereby amended by adding thereto at the end thereof a new Section to be given an appropriate number, and to read as follows:

"§ 139- . Extraterritorial Powers of Counties. A county which has been authorized to levy a watershed improvement tax, whether pursuant to Article III of General Statutes Chapter 139 or by special act or otherwise, may take any authorized watershed action and may expend funds for any authorized watershed purpose (including acquisition of real and personal property, easements, options, or other interests in real property) outside as well as inside the boundaries of the county, if the board of county commissioners finds that substantial flood prevention, drainage or water supply benefits will accrue to property located within the boundaries of the county as a result of such action or expenditure. The board of county commissioners may delegate to a Watershed Improvement Commission the function of making such findings, either generally or in a particular case."

Sec. 8. G. S. 139-39 is hereby amended by deleting therefrom the last three words thereof, "within the county".

Sec. 9. Article 3 of General Statutes Chapter 139 is hereby amended by adding thereto at the end thereof a new Section, to be given an appropriate number, and to read as follows:

"§ 139- . Recreational and Related Aspects of Watershed Improvements Programs. (a) Local watershed sponsors may install and maintain recreational facilities and services in connection with watershed improvement works or projects, and may provide areas (including structures) for the conservation and replacement of fish and wildlife habitat. For any of these purposes said sponsors may appropriate and expend funds, may levy taxes and assessments, and may issue bonds and notes, to the same extent as in the case of other authorized watershed activities. Such recreational facilities and services may include but are not limited to any or all of the water-related recreational facilities provided for in subsection (b) of this Section, and parking areas, ingress and egress roads, hiking or nature trails, picnic areas and campsites. No application for watershed planning under Public Law 566 (83rd Congress, United States), as amended, may be approved by the State Soil and Water Conservation Committee until after receipt and consideration of recommendations from the appropriate fish and wildlife agency concerning replacement of fish and wildlife habitat

in mitigation of anticipated damages: Provided that this requirement for consideration of fish and wildlife recommendations shall not apply if such recommendations are not received by the State Committee within 30 days after the State Committee requests such recommendations. Within the meaning of this provision the 'appropriate fish and wildlife agency' means the North Carolina Wildlife Resources Commission as to matters within its jurisdiction, and the North Carolina Department of Conservation and Development as to matters within its jurisdiction, or both such agencies as to matters within their concurrent jurisdiction.

"(b) It is hereby declared that the provisions of this chapter authorizing works of improvement, structures, plans, surveys and investigations for the development of water resources were intended to include water-related recreational facilities, including but not limited to boat launching areas and facilities, bathhouses, campsites and picnic areas adjacent to the water, and other basic facilities for water recreational areas. All expenditures heretofore incurred by any local watershed sponsor for such water-related recreational facilities are hereby validated and confirmed. The proceeds of any tax heretofore approved by the voters of a county for a county watershed improvement program, or authorized by special or local act for a county watershed improvement program, may be expended for such water-related recreational facilities, if the board of county commissioners after a public hearing determines that the proceeds should be so expended. Notice of such hearing shall be published as provided for notices under Article 2 of this chapter. No action based on the alleged invalidity of the expenditures herein confirmed or of the use of tax proceeds herein authorized shall lie after January 1, 1968 to enjoin or contest any such expenditure or any such use of tax proceeds.

"(c) Within the meaning of this Section 'local watershed sponsors' include watershed improvement districts, soil and water conservation districts, drainage districts, municipalities, and counties undertaking county watershed programs under Article 3 of this chapter or any local act granting similar powers."

Sec. 10. The first sentence of G. S. 139-41(a) is hereby amended by inserting in line 4 thereof, following the figure "(3)," and preceding the figure "(5)" the figure "(4)," so that said sentence will read as follows:

"If the majority of the qualified voters voting in such election favor the levying of such tax, then and in that event, the board of county commissioners shall have all powers of soil and water conservation districts as set forth in subdivisions (1), (2), (3), (4), (5), (6), (7), (8) and (10) of G. S. 139-8 (subject to the limitations set forth in subdivision (12) of such Section) concerning flood prevention, development of water resources, flood water and sediment damages, and conservation, utilization and disposal of water." It is hereby declared that the purpose of this Section is to clarify the existing authority of boards of county commissioners to acquire property in connection with county watershed improvement programs. The authority expressed in this Section concerning acquisition, use and disposition of property by counties under the provisions of G. S. 139-41(a)(4) shall be considered to be in addition to the general property acquisition use and disposal powers of counties under G. S. Chapter 153 or otherwise.

All expenditures heretofore incurred by counties for property acquisition in connection with county watershed improvement programs are hereby validated and confirmed, as being based upon said general property acquisition powers of counties. The proceeds of any tax heretofore or hereafter approved by the voters of a county for a county watershed improvement program, or authorized by local act for a county watershed improvement program, may be expended for property acquisition in connection with such program.

Sec. 11. Nothing contained in this Act shall authorize or allow the withdrawal of water from a watershed or stream except to the extent and degree now permissible under the existing common and statute law of this State; nor to change or modify such existing common or statute law with respect to the relative rights of riparian owners or others concerning the use or disposal of water in the streams of this State; nor to authorize a district, its officers or governing body or any other person, firm, corporation (public or private), body politic or governmental agency to utilize or dispose of water except in the manner and to the extent permitted by the existing common and statute law of this State.

Sec. 12. The authority granted hereinabove is supplemental and additional to any other authority granted by law relating to watershed improvement programs, whether by general or special law.

Sec. 13. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 14. All laws and clauses of laws in conflict with the provisions of this Act are hereby repealed.

Sec. 15. This Act shall take effect upon its ratification.

H. B. 1243 CHAPTER 989

AN ACT TO PROVIDE FOR VOLUNTARY ANNEXATION BY THE CITY OF RALEIGH OF AREAS, TERRITORIES OR SUBDIVISIONS NOT CONTIGUOUS TO THE MUNICIPAL BOUNDARIES OF THE CITY OF RALEIGH.

WHEREAS, Article 36 of Chapter 160 of the General Statutes of North Carolina contains no provision for the annexing of areas, territories or subdivisions not contiguous to the municipal boundaries of the City of Raleigh; and

WHEREAS, it would be in the interest of the public health, safety and welfare of the inhabitants of said city and would permit a more orderly growth of the municipal boundaries of said city to allow the annexation of noncontiguous areas, territories or subdivisions by petition of the property owners who desire that their property be annexed: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. That the owner or owners of any area, territory or subdivision within the boundaries of Wake County but not within the boundaries or extraterritorial jurisdiction of any other municipality, whose

property is not contiguous to the municipal boundaries of the City of Raleigh, may, by petition directed to the City Council of the City of Raleigh, request that the property described in the petition be annexed and made a part of the City of Raleigh as hereinafter set out; provided any property annexed as herein provided must be located at the closest point not more than three miles from the City of Raleigh municipal limits wherein is located and situated the City Hall.

Sec. 2. That said petition shall be directed to the City Council of the City of Raleigh and shall contain:

(1) The names of the owners of the real property for which a request to annex is made.

(2) A description of the area to be annexed by metes and bounds.

(3) The signatures of all property owners of the area, territory or subdivision requesting annexation.

In the case of annexing a subdivision under this Act, the petition must be signed by all owners of property within the subdivision; provided nothing herein shall be construed to authorize the annexation of a portion of a subdivision.

Upon receipt of the petition, the City Council of the City of Raleigh shall cause the clerk of the municipality to investigate the sufficiency thereof and to certify the results of his investigation.

Upon receipt of the certification and petition, the City Council shall fix dates for two public hearings on the question of annexation and shall cause notice of the public hearings to be published twice in a newspaper having general circulation in the municipality at least ten days prior to the date of the first public hearing, and published in like manner preceding the second public hearing. The second public hearing shall be held at least 20 days after the first public hearing. At such public hearings, all residents of Wake County opposing or favoring the annexation or alleging an error in the petition shall be given an opportunity to be heard. The City Council shall then determine whether the petition meets the requirements of this Act.

Upon further finding and determination by the City Council that:

(1) The public health, safety and welfare of the inhabitants of the City of Raleigh, as well as those of the area, territory or subdivision requesting such annexation, will best be served by such annexation, and

(2) The City of Raleigh will be able to provide the same services to the annexed area, territory or subdivision in the same manner in which other areas within the municipal boundaries of said city are served, the City Council of the City of Raleigh may adopt an ordinance annexing that area described in the petition; provided the ordinance annexing the area, territory or subdivision shall be passed at each meeting of the City Council where a public hearing is held as hereinbefore provided. From and after the effective date of said ordinance, which date shall not be less than 90 days from and after the final passage of said ordinance, unless an election is required as hereinafter provided, the area, territory or subdivision and its citizens shall be subject to all debts, laws, ordinances and regulations in force in said City of Raleigh and shall be entitled to the same benefits and privileges of other parts of said city. The newly annexed area, terri-

tory or subdivision shall be subject to city taxes for the fiscal year following the effective date of annexation.

Sec. 3. The City Council of the City of Raleigh may make said annexation contingent on such conditions as it may desire in order to insure that the area, territory or subdivision proposed to be annexed will not received preferential treatment.

Sec. 4. The City Council in its discretion may charge in any noncontiguous area, territory or subdivision annexed water or sewer rates in excess of those charged within the municipal limits wherein is located the City Hall, and from time to time the council shall review the expenses related to any noncontiguous area to determine that said expenses are not in excess of taxes and revenues derived therefrom.

Sec. 5. If, before the effective date of an annexation as provided herein, a petition is filed by at least ten per cent (10%) of the qualified voters of the City of Raleigh requesting a referendum on the question of annexation of that property described in the petition, the City Council of the City of Raleigh shall submit the question of annexation to an election to be held as hereinafter provided or in the City Council's discretion said council may adopt an ordinance revoking its prior action and request for annexation. If the petition for annexation is not denied and a petition for a referendum is filed as provided herein, the City Council shall order the Board of Elections of Wake County to call an election to determine whether or not the proposed area, territory or subdivision shall be annexed to the City of Raleigh. Said order to the Board of Elections shall set forth that date on which the election shall be held but, in no event, shall said date be less than 60 days from the date of the adoption of the order.

Sec. 6. Such election shall be called by resolution or resolutions of the Wake County Board of Elections which shall:

(1) Describe the area, territory or subdivision petitioning to be annexed as set out in the order of said City Council.

(2) Provide that the matter of annexation shall be submitted to the vote of the qualified voters of the City of Raleigh.

(3) Designate the precincts and voting places for such election.

(4) Name the registrars and judges of such election.

(5) Make all other necessary provisions for the conducting and holding of such election, the canvassing of returns and the declaration of the results of such election.

Said resolution or resolutions of the Wake County Board of Elections shall be published in one or more newspapers of such county once a week for 30 days prior to the opening of the registration books. All the cost of holding such election shall be paid by the City of Raleigh. If a conditional release is revoked, the revocation order shall constitute authority for any prison, parole, or peace officer to arrest the prisoner without a warrant and return him to a facility of the State prison system. The Commissioner shall consult with the Board of Paroles on the exercise of his discretionary authority under this Section, and the Board is authorized to cooperate with the Commissioner in the implementation of agreed upon conditional release plans."

Sec. 10. Article 3A of Chapter 148 of the General Statutes, as the same appears in the 1964 Replacement Volume 3C, is rewritten to read as follows:

"ARTICLE 3A.

"Facilities and Programs for Youthful Offenders.

"G. S. 148-49.1. Purpose of Article. The purposes of this Article are to improve the chances of correction, rehabilitation and successful return to the community of youthful offenders sentenced to imprisonment by preventing, as far as practicable, their association during their terms of imprisonment with older and more experienced criminals, and by closer coordination of the activities of sentencing, training in custody, conditional release, and final discharge. It is the intent of this Article to provide the courts with an additional sentencing possibility to be used in the court's discretion for correctional punishment and treatment in cases where, in the opinion of the court, a youthful offender requires a period of imprisonment, but no longer than necessary for the Board of Paroles to determine that the offender is suitable for a return to freedom and is

ready for a period of supervised freedom as a step toward unconditional discharge and restoration of the rights of citizenship.

"G. S. 148-49.2. Definitions. As used in this Article, a 'youthful offender' is a person under the age of 21 at the time of conviction, and a 'committed youthful offender' is one committed to the custody of the Commissioner of Correction under the provisions of this Article. Inmates of the State prison system segregated as youthful offenders on July 31, 1967, under the provisions of Article 21 of Chapter 15 of the General Statutes of North Carolina, or who shall be so sentenced prior to August 1, 1967, but who begin to serve such sentences after that date, shall be extended the benefits of this Article as far as practicable and consistent with their sentences.

"G. S. 148-49.3. Presentence Diagnostic Studies. Upon conviction of a youthful offender of an offense punishable by imprisonment, the court may request the Department of Correction to make a presentence diagnostic study of the offender. Where necessary for this purpose, the Department may admit the offender to an appropriate diagnostic and classification center for such period of study as the court may authorize. Within such period as the court may grant, the Department shall report to the court its findings. The time a youthful offender spends confined for a presentence diagnostic study shall not exceed 90 days or the maximum term of imprisonment authorized as punishment for the offense of which the person has been convicted if the maximum is less than 90 days, and this time shall be credited on any sentence of commitment imposed on the offender. A copy of the diagnostic study report shall be made available to defense counsel before the court pronounces sentence. The defendant shall be afforded an opportunity to controvert the contents of the report, if he so requests.

"G. S. 148-49.4. Sentencing a Youthful Offender. When a youthful offender is convicted of an offense punishable by imprisonment, and the court does not suspend the imposition or execution of sentence and place the offender on probation, the court may, in lieu of the penalty of imprisonment otherwise provided by law, sentence the youthful offender to the custody of the Commissioner of Correction for treatment and supervision pursuant to this Article until discharged at the expiration of the maximum term imposed or until conditionally released or unconditionally discharged by the Board of Paroles as provided in this Article. At the time of commitment the court shall fix a maximum term not to exceed the limit otherwise prescribed by law for the offense of which the person is convicted. When the maximum permitted penalty for the offense is imprisonment for one year or longer, the maximum term imposed shall not be for less than one year. If the court shall find that the youthful offender will not derive benefit from treatment and supervision pursuant to this Article, then the court may sentence the youthful offender under any other applicable penalty provision.

"G. S. 148-49.5. Classification Studies. Every committed youthful offender shall first be sent to a diagnostic and classification center for a complete study, including a mental and physical examination, to ascertain his personal traits, his capabilities, pertinent circumstances of his school

and family life, any previous delinquency or criminal experience, and any mental or physical defect or other factor contributing to his delinquency and criminal activities. All agencies of State and local government in North Carolina shall cooperate with the State Department of Correction in supplying or verifying information helpful for diagnosis, classification, and program planning for committed youthful offenders. A report of the findings and recommendations of the diagnostic and classification center shall be sent to the Commissioner of Correction and to the Board of Paroles.

"G. S. 148-49.6. Placement of Youthful Offenders. On receipt of the report and recommendations from the diagnostic and classification center, the Commissioner of Correction may (1) recommend to the Board of Paroles that the committed youthful offender be released conditionally under supervision, (2) order the committed youthful offender confined and afforded treatment under such conditions as he believes best designed for the protection of the public. The Commissioner of Correction shall have authority to terminate the segregation and treatment as a committed youthful offender of any prisoner who, in the opinion of the Commissioner, exercises a bad influence upon his fellow prisoners, or fails to take proper advantage of the opportunities offered by such segregation and treatment.

"G. S. 148-49.7. Treatment of Youthful Offenders. (a) The Commissioner of Correction shall from time to time designate and adapt facilities under his control for treatment of committed youthful offenders, and such youthful offenders shall be segregated from other offenders, and classes of committed youthful offenders shall be segregated according to their needs for treatment, insofar as practical. The Commissioner of Correction shall, insofar as possible, provide personnel specially qualified by training, experience, and personality to operate facilities for committed youthful offenders.

"(b) The State Department of Mental Health is authorized to establish and construct on any property of the State under its supervision and control modern facilities where youthful offenders committed to the custody of the Commissioner of Correction may be sent for treatment, training, and work under rules and regulations jointly adopted by the State Department of Mental Health and the State Department of Correction. The plans, specifications and construction of such facilities shall meet the requirements of the Commissioner of Correction. The cost of the maintenance of committed youthful offenders assigned to such facilities by the Commissioner of Correction and employed in work for the benefit of the Department of Mental Health shall be borne by the State Department of Mental Health. The committed youthful offenders assigned to such facilities shall be under the care and supervision of agents and employees of the State Department of Correction or of agents and employees of the State Department of Mental Health as may be agreed upon by the two State agencies. The Department of Correction may provide, in cooperation with the Department of Mental Health, for the payment of wages to the committed youthful offenders for the work they do while assigned to such facilities.

"(c) Committed youthful offenders may be required to participate in vocational, educational and correctional training and activities. Appropriate use shall be made of other methods of treatment, including medical and psychiatric. The Commissioner of Correction may extend the limits of the place of confinement of a committed youthful offender as to whom there is reasonable cause to believe he will honor his trust, by authorizing him, under prescribed conditions, to leave the confines of that place unaccompanied by a custodial agent for a prescribed period of time for any purpose consistent with the public interest. Willful failure to remain within the extended limits of his confinement, or to return within the time prescribed to the place of confinement designated by the Commissioner of Correction, shall be deemed an escape from the custody of the Commissioner as provided in G. S. 148-45.

"(d) The Commissioner of Correction may contract with any appropriate public or private agency not under his control for treatment and training services to committed youthful offenders when this is the most economical or effective way to provide needed services.

"G. S. 148-49.8. Release of Youthful Offenders. (a) When, in the judgment of the Commissioner of Correction, a committed youthful offender is ready for conditional release under supervision, the Commissioner shall so report to the Board of Paroles with his recommendations. The Board of Paroles may at any time after reasonable notice to the Commissioner of Correction release conditionally under supervision a committed youthful offender.

"(b) A committed youthful offender shall be released conditionally under supervision on or before the expiration of four years from the date of his commitment and may be discharged unconditionally before the expiration of the maximum term imposed.

"(c) The Board of Paroles may revoke or modify any of its orders respecting a committed youthful offender except an order of unconditional discharge. Upon the unconditional discharge by the Board of Paroles of a committed youthful offender before the expiration of the maximum sentence imposed upon him, all rights of citizenship which he forfeited on conviction shall be automatically restored and the Board of Paroles shall issue to the youthful offender a certificate to that effect.

"G. S. 148-49.9. Supervision of Released Youthful Offenders. (a) Committed youthful offenders conditionally released shall be under the supervision of agents and employees of the Board of Paroles. The Board of Paroles is authorized to encourage the formation of voluntary organizations composed of members who will serve without compensation as voluntary supervisory agents and sponsors. The powers and duties of voluntary supervisory agents and sponsors shall be limited and defined by rules and regulations adopted by the Board of Paroles.

"(b) If, at any time before the unconditional discharge of a committed youthful offender, the Board of Paroles is of the opinion that such youthful offender will be benefited by further treatment in a facility for committed youthful offenders, any member of the Board may direct the offender's return to custody or, if necessary, may issue a warrant for the apprehension and return to custody of such youthful offender and cause such

warrant to be executed by a State parole officer or by any officer of the State Department of Correction, using the assistance of any law enforcement officer when necessary. Upon return to custody, such youthful offender shall be given an opportunity to appear before the Board of Paroles or a member thereof. The Board of Paroles may then or at its discretion revoke the order of conditional release."

Sec. 11. G. S. 148-64, as the same appears in the 1964 Replacement Volume 3C of the General Statutes, is rewritten to read as follows:

"G. S. 148-64. Cooperation of Prison and Parole Officials and Employees. The officials and employees of the Department of Correction and the Board of Paroles and its officers and employees shall at all times cooperate with and furnish each other such information and assistance as will promote the purposes of this Chapter and the purposes for which these agencies were established. The General Assembly of North Carolina do enact:

Section 1. Article 1 of Chapter 80 of the General Statutes of North Carolina is hereby amended by rewriting said article in its entirety to read as follows:

"Article 1.

"Trademark Registration Act.

"§ 80-1. Definitions.

"(A) The term 'trademark' as used herein means any word, name, symbol, or device or any combination thereof adopted and used by a person to identify goods made or sold by him and to distinguish them from goods made or sold by others.

"(B) The term 'service mark' as used herein means a mark used in the sale or advertising of services to identify the services of one person and distinguish them from the services of others.

"(C) The term 'mark' as used herein includes any trademark or service mark entitled to registration under this Act whether registered or not.

"(D) The term 'person' as used herein means any individual, firm, partnership, corporation, association, union or other organization.

"(E) The term 'applicant' as used herein embraces the person filing an application for registration of a trademark under this Act, his legal representatives, successors or assigns.

"(F) The term 'registrant' as used herein embraces the person to whom the registration of a trademark under this Act is issued, his legal representatives, successors or assigns.

"(G) For the purposes of this Act, a mark shall be deemed to be 'used' in this State (a) on goods when it is placed in any manner on the goods or their containers or the displays associated therewith or on the tags or labels affixed thereto and such goods are sold or otherwise distributed in the State, and (b) on services when it is used or displayed in the sale or advertising of services and the services are rendered in this State.

"§ 80-2. Registrability. A mark by which the goods or services of any applicant for registration may be distinguished from the goods or services of others shall not be registered if it

(a) consists of or comprises immoral, deceptive or scandalous matter; or

(b) consists of or comprises matter which may disparage or falsely suggest a connection with persons, living or dead, institutions, beliefs, or national symbols, or bring them into contempt, or disrepute; or

(c) consists of or comprises the flag or coat of arms or other insignia of the United States, or of any state or municipality, or of any foreign nation, or any simulation thereof; or

(d) consists of or comprises the name, signature or portrait of any living individual, except with his written consent; or

(e) consists of a mark which (1) when applied to the goods or services of the applicant, is merely descriptive or deceptively misdescriptive of them, or (2) when applied to the goods or services of the applicant, is primarily geographically descriptive or deceptively misdescriptive of them, or (3) is primarily merely a surname; provided, however, that nothing in this subsection (e) shall prevent the registration of a mark used in this State by the applicant which has become distinctive of the applicant's goods or services. The Secretary of State may accept as evidence that the mark has become distinctive, as applied to the applicant's goods or services, proof of continuous use thereof as a mark by the applicant in this State or elsewhere for the five years preceding the date of the filing of the application for registration; or

(f) consists of or comprises a mark which so resembles a mark registered in this State or a mark or trade name previously used in this State by another and not abandoned, as to be likely, when applied to the goods or services of the applicant, to cause confusion or mistake or to deceive.

"§ 80-3. Application for Registration. Subject to the limitations set forth in this Act, any person who uses a mark, or any person who controls the nature and quality of the goods or services in connection with which a mark is used by another, in this State may file in the office of the Secretary of State, on a form to be furnished by the Secretary of State, an application for registration of that mark setting forth, but not limited to, the following information:

(d) a statement that the applicant is the owner of the mark and that no other person except as identified by applicant has the right to use such mark in this State either in the identical form thereof or in such near resemblance thereto as might be calculated to deceive or to be mistaken therefor.

"§ 80-4. Certificate of Registration. Upon compliance by the applicant with the requirements of this Act, the Secretary of State shall cause a certificate of registration to be issued and delivered to the applicant. The certificate of registration shall be issued under the signature of the Secretary of State and the Seal of the State, and it shall show the name and business address and, if a corporation, the state of incorporation, of the person claiming ownership of the mark, the date claimed for the first

use of the mark anywhere and the date claimed for the first use of the mark in this State, the class of goods or services and a description of the goods or services on which the mark is used, a reproduction of the mark, the registration date and the term of the registration.

Registration of a mark hereunder shall be effective for a term of 10 years from the date of registration and shall be renewable for successive terms of 10 years upon application filed within six months prior to the expiration of any term. "Any registration in force on the date on which this Act shall become effective shall expire 10 years from the date of the registration or of the last renewal thereof hereunder or two years after the effective date of this Act, whichever is later, and may be renewed by filing an application with the Secretary of State and paying the aforementioned renewal fee therefor within six months prior to the expiration of the registration. Until so expired, such registration shall be subject to and shall be entitled to the benefits of the provisions of this Act.

"The Secretary of State shall notify each registrant of marks under previous Acts of the date of expiration of such registrations unless renewed in accordance with the provisions of this Act, by writing to the last known address of the registrants at least six months prior to the date of expiration thereof under the provisions of this Act.

"§ 80-6. Assignment. Any mark and its registration hereunder shall be assignable with the good will of the business in which the mark is used, or with that part of the good will of the business connected with the use of and symbolized by the mark. Assignment shall be by instruments in writing duly executed and may be recorded with the Secretary of State upon the payment of a fee of ten dollars ($10.00) payable to the Secretary of State who, upon recording of the assignment, shall issue in the name of the assignee a new certificate for the remainder of the term of the registration or of the last renewal thereof. An assignment of any registration under this Act shall be void as against any subsequent purchaser for valuable consideration without notice, unless it is recorded with the Secretary of State within three months after the date thereof or prior to such subsequent purchase.

"§ 80-7. Records. The Secretary of State shall keep for public examination all assignments recorded under Section 80-6 and a record of all marks registered or renewed under this Act.

"(1) after two years from the effective date of this Act, all registrations under prior Acts which are more than 10 years old and not renewed in accordance with this Act;

"(2) any registration concerning which the Secretary of State shall receive a voluntary request for cancellation thereof from the registrant or the assignee of record;

"(3) all registrations granted under this Act and not renewed in accordance with the provisions hereof;

"(4) any registration concerning which a court of competent jurisdiction shall find

(a) that the registered mark has been abandoned or has become incapable of serving as a mark;

(b) that the registrant is not the owner of the mark;

(c) that the registration was granted improperly;

(d) that the registration was obtained fraudulently.

"Article I. Policy and Purpose.

"It is the purpose of this Compact to:

"(1) Establish and maintain close cooperation and understanding among executive, legislative, professional, educational and lay leadership on a nationwide basis at the State and local levels.

"(2) Provide a forum for the discussion, development, crystalization and recommendation of public policy alternatives in the field of education.

"(3) Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of State Government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

"(4) Facilitate the improvement of State and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advances in educational opportunities, methods and facilities.

"(5) It is the policy of this Compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.

"(6) The party States recognize that each of them has an interest in the quality and quantity of education furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because of the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

"Article II. State Defined.

"As used in this Compact, 'State' means a State, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

The Commission in its bylaws shall provide for the personnel policies and programs of the Commission.

"(6) The Commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

"(7) The Commission may accept for any of its purposes and functions under this Compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any State, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

"(9) The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party States.

"(10) The Commission annually shall make to the Governor and legislature of each party State a report covering the activities of the Commission for the preceding year. The Commission may make such additional reports as it may deem desirable.

"Article IV. Powers.

"In addition to authority conferred on the Commission by other provisions of the Compact, the Commission shall have authority to:

"(1) Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

"(3) Develop proposals for adequate financing of education as a whole and at each of its many levels.

"(4) Conduct or participate in research of the types referred to in this Article in any instance where the Commission finds that such research is necessary for the advancement of the purposes and policies of this Compact, utilizing fully the resources of national associations, regional Compact organizations for higher education, and other agencies and institutions, both public and private.

"(5) Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

"(6) Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this Compact.

"Article V. Cooperation with Federal Government.

"(1) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the Federal Government, the United States may be represented on the Commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to Federal law, and may be drawn from any one or more branches of the Federal Government, but no such representative shall have a vote on the Commission.

"(2) The Commission may provide information and make recommendations to any executive or legislative agency or officer of the Federal Government concerning the common educational policies of the States, and may advise with any such agencies or officers concerning any matter of mutual interest.

"Article VI. Committees.

"(1) To assist in the expeditious conduct of its business when the full Commission is not meeting, the Commission shall elect a steering committee of 32 members which, subject to the provisions of this Compact and consistent with the policies of the Commission, shall be constituted and function as provided in the bylaws of the Commission. One-fourth of the voting membership of the steering committee shall consist of Governors, one-fourth shall consist of Legislators, and the remainder shall consist of other members of the Commission. A Federal representative on the Commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the Commission shall be elected as follows: 16 for one year and 16 for two years. The chairman, vice chairman, and treasurer of the Commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the Commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two term limitation.

"(2) The Commission may establish advisory and technical committees composed of State, local, and Federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the States concerned, be established to consider any matter of special concern to two or more of the party States.

"(3) The Commission may establish such additional committees as its bylaws may provide.

"Article VII. Finance.

"(1) The Commission shall advise the Governor or designated officer or officers of each party State of its budget and estimated expenditures for such period as may be required by the laws of that party State. Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party States.

"(2) The total amount of appropriation requests under any budget shall be apportioned among the party States. In making such apportionment, the Commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party States.

"(3) The Commission shall not pledge the credit of any party States. The Commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III (7) of this Compact, provided that the Commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it pursuant to Article III (7) thereof, the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.

"(4) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the Commission.

"(5) The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.

"(6) Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

"Article VIII. Eligible Parties; Entry Into and Withdrawal.

"(1) This Compact shall have as eligible parties all States, Territories, and Possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. "(3) Adoption of the Compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his State a party only until December 31, 1967. During any period when a State is participating in this Compact through gubernatorial action, the Governor

shall appoint those persons who, in addition to himself, shall serve as the members of the Commission from his State, and shall provide to the Commission an equitable share of the financial support of the Commission from any source available to him.

"(4) Except for a withdrawal effective on December 31, 1967, in accordance with paragraph (3) of this Article, any party State may withdraw from this Compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing State has given notice in writing of the withdrawal to the Governors of all other party States. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

"Article IX. Construction and Severability.

AN ACT PERMITTING, PENDING TRIAL OR HEARING, THE RELEASE OTHER THAN BY BAIL, OF PERSONS ACCUSED OF NON-CAPITAL CRIMES.

The General Assembly of North Carolina do enact:

Section 1. Article 10 of Chapter 15 of the General Statutes is amended by inserting therein a new Section, to be numbered G. S. 15-103.1, and to read as follows:

"G. S. 15-103.1. Release Prior to Trial or Hearing Other Than on Bail. (a) Except as otherwise provided in this Section, every officer authorized to fix and take bail in any situation is empowered in his discretion to release from custody, pending trial or hearing, any person charged with a non-capital felony or a misdemeanor, upon such person's own recognizance or upon the execution of an unsecured appearance bond in an amount specified by the officer.

(b) Every person in custody pending trial as a defendant in a criminal case, other than a person charged with a capital felony, may be released other than upon bail if it appears likely that he will appear and surrender himself to the jurisdiction of the court at the proper time. The officer authorized to fix and take bail in any case may cause an investigation to be made into the background of the defendant and to require him to provide under oath a statement of his circumstances with respect to residence, employment, and family situation; whereupon the officer may make a finding upon which to base the decision as to whether or not to allow the defendant's release on recognizance or unsecured appearance bond. The officer is further authorized to set such terms and conditions as reasonably appear to him to be required to insure the appearance of the defendant. In determining which conditions of release will reasonably assure appearance, the officer shall, on the basis of available information and without having to conform to the rules of evidence, take into account the nature and circumstances of the offense charged, the weight of the evidence against the accused, the accused's family ties, employment, financial resources, character and mental condition, the length of his residence in the community, his record of convictions, and his record of appearance at court proceedings or of flight to avoid prosecution or failure to appear at court proceedings. The officer is further empowered to cause the arrest and recommitment of the accused if he has reasonable grounds to believe that the accused is about to depart the jurisdiction or for other reason may fail to appear or if the defendant has violated any condition of release.

(c) Every person released from custody under this Section who wilfully fails to appear for trial or hearing, or knowingly violates any condition of his release, shall be guilty of a misdemeanor.

(d) For the purposes of payment of expenses of extradition under the provisions of the Uniform Criminal Extradition Act every person who becomes a fugitive from justice during a period of release under this Section, other than on bail, shall be deemed a felon."

Sec. 1½. The term "officer" when used herein shall mean and include any officer or official authorized to fix and take bail under the provisions of Article 10 of Chapter 15 of the General Statutes of North Carolina.

Sec. 1¾. Nothing in this bill shall be construed as requiring any person accused to be released without bail.

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall become effective July 1, 1967.

In the General Assembly read three times and ratified, this the 30th day of June, 1967.

Sec. 3. G. S. 48-29 is further amended by adding a new subsection after subsection (c) to be designated subsection (d), and to read as follows:

Sec. 10. The Authority is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of negotiable revenue bonds of the Authority for the purpose of paying all or any part of the cost of any one or more projects. The principal of and interest on such bonds shall be payable solely from such part of the revenues derived from the operation of all or any part of the properties and facilities of the Authority as may be specified in the resolution for their issuance. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding six per centum (6%) per annum, shall mature at such time or times not exceeding 40 years from their date or dates of issuance, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The bonds shall be signed by the chairman of the Authority or shall bear his facsimile signature, and the official seal of the Authority shall be impressed thereon and attested by the secretary-treasurer of the Authority, and any coupons attached thereto shall bear the facsimile signature of the chairman of the Authority. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this Act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the State. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest.

The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project or projects for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing

the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

All revenue bonds issued under the provisions of this Act shall be approved and sold by the Local Government Commission in the same manner as municipal bonds are approved and sold by the Local Government Commission, except that the notice of the proposed sale shall be published at least once at least 10 days before the date fixed for the receipt of bids in a newspaper having general circulation in the City of Raleigh and, in the discretion of the Commission, in some other newspaper of general circulation published in the State and in a journal published in New York City devoted primarily to the subject of municipal bonds. If no bid is received, upon such published notice, which is a legal bid and legally acceptable under such notice, the bonds may be sold at private sale at any time within 30 days after the date set for receiving bids given in such notice.

The Local Government Commission may sell revenue bonds issued under the provisions of this Act at less than par and accrued interest, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six per centum (6%) per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any such bonds prior to maturity.

Sec. 11. In the discretion of the Authority, any bonds issued under the provisions of this Act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received by the Authority, including the proceeds derived from the sale, from time to time, of any surplus property of the Authority, both real and personal. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the project or projects in connection with which such bonds shall have been authorized, and the custody, safeguarding, and application of all monies. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds or of revenues

to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the project or projects for which the bonds were issued.

Sec. 12. The revenues and earnings of the Authority, regardless of whether or not they were produced by the particular project for which bonds have been issued, and any monies derived from the sale of any real or personal property of the Authority, except such part thereof as (a) may be necessary to pay the costs of maintenance, repair, and operation of any project (or projects) and to provide such reserves therefor as may be provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same or (b) may have already been pledged or allocated otherwise, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to and charged with the payments of (a) the interest upon such revenue bonds as such interest shall fall due, (b) the principal of the bonds as the same shall fall due, (c) the necessary charges of paying agent or agents for paying principal and interest, and (d) any premium upon bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the revenues or other money so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of money to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

Sec. 13. All monies received pursuant to the Authority of this Act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Act. The resolution authorizing the issuance of any bonds or the trust agreement securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such monies shall be deposited shall act as trustee of such monies and shall hold and apply the same for the purposes hereof, subject to such regulations as this Act and such resolutions or trust agreement shall provide.

Sec. 14. Any holder of bonds issued under the provisions of this Act or any of the coupons appertaining thereto, and the trustee under any trust

agreement, except to the extent that the rights herein given may be restricted by such trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this Act or by such trust agreement or resolution to be performed by the Authority or by any officer thereof.

Sec. 15. The Authority is hereby authorized to provide by resolution for the issuance of negotiable revenue refunding bonds of the Authority for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing improvements, extensions, or enlargements of the projects in connection with which the bonds to be refunded shall have been issued. The Authority is further authorized to provide by resolution for the issuance of its revenue bonds for the combined purpose of (a) refunding any bonds then outstanding which shall have been issued under the provisions of this Act, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of such bonds, and (b) paying all or any part of the cost of any additional project or projects. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the Authority in respect of the same, shall be governed by the provisions of this Act insofar as the same may be applicable.

Sec. 16. Revenue bonds issued under the provisions of this Act, the income therefrom, and any gain realized from the sale thereof shall at all times be free from taxation by the State of North Carolina or any city or county or other political subdivision thereof.

Sec. 17. Revenue bonds issued by the Authority under the provisions of this Act shall not be deemed to constitute a debt or obligation of the State of North Carolina or any of its departments, institutions, agencies, or commissions, or of any city or county or other political subdivision of the State. The issuance of such revenue bonds shall not directly or indirectly or contingently obligate the State or any city or county or other political subdivision thereof to levy or pledge any form of taxation whatever therefor or to make any appropriation for their payment, and all such bonds shall contain recitals on their face setting forth substantially the foregoing provisions of this Section.

Sec. 18. With the approval of the Governor and Council of State, the Department of Administration or any other department or agency of the State of North Carolina may dedicate, sell, lend or lease property to the Authority at its request, upon such terms and conditions as the proper authorities of such department or agency may deem reasonable and fair.

Sec. 19. With the approval of the Governor, any department or agency of the State of North Carolina may agree to furnish to the Authority any services or assistance which it has general authority to render, upon such

terms and conditions as the proper authorities of such department or agency and the Authority may deem reasonable and fair.

Sec. 20. Whenever the governing board of any city or county of the State of North Carolina makes a finding that such political subdivision and its citizens will be specially benefited by the construction and operation of a particular project of the Authority, such governing board may enter into a contract with the Authority under which it agrees to grant specified services, land, materials, facilities, or monies to the Authority pursuant to the authorizations set forth below.

Sec. 21. Regardless of whether or not it enters into a contract as provided in Section 20 hereof, the governing board of any city, county, or other political subdivision of the State may cooperate and assist in the planning, undertaking, or carrying out of a project of the Authority by taking any of the following actions, upon such terms, with or without consideration, as it may determine:

(A) Dedicate, sell, convey, lend, lease, grant, or otherwise transfer to the Authority at its request, all or any part of its interest in any real property (including easements or other rights and privileges) which may be necessary or convenient to the effectuation of the authorized purposes of the Authority;

(B) Provide and construct for the benefit of the project specific facilities such as utilities systems, parking facilities, sewer and drainage facilities, parks, playgrounds and other recreational facilities, or any other works which it has statutory authority to undertake in the area;

(C) Furnish, dedicate, close, vacate, pave, install, grade, regrade, plan, or replan streets, roads, sidewalks, ways, or other places which it has statutory authority to provide in the area;

(D) Plan or replan, zone or rezone the area within which the project is located, in accordance with its statutory powers;

(E) Cause administrative and other services to be furnished to the Authority of the character which the board is otherwise empowered to undertake or furnish for the same or other purposes;

(F) Incur the entire expense, or any part thereof, of any public improvements made by such board in exercising the powers granted by this Section;

(G) Do any and all other things within the scope of its powers necessary or convenient to aid and cooperate in the planning, undertaking, and carrying out of a project of the Authority.

Any sale, conveyance, or agreement provided for in this Section may be made without public notice, advertisement or public bidding, and there shall be no necessity for an order of court or other action or formality different from the regular and normal actions of the board.

Sec. 22. Regardless of whether or not it enters into a contract as provided in Section 20 hereof, the governing board of any city or county of the State may cooperate and assist in the planning, undertaking, or carrying out of a project of the Authority by appropriating funds to the Authority to be used for purposes specified by said governing board. To obtain funds for such purposes, the governing board may, in the manner provided herein, levy taxes and issue and sell its bonds. Any such ex-

penditures shall constitute expenditures for a special purpose in addition to any allowed by the Constitution.

Sec. 23. No governing board of any city or county may levy any tax or issue any bonds for the purposes specified in Section 22 until such levy or issuance of bonds shall have been approved by a majority vote of the qualified registered voters who shall vote thereon at a special election held by the city or county. Said election shall be upon one or both of the following issues:

(A) Whether to levy an annual tax of not less than one cent (1¢) and not more than ten cents (10¢) on each one hundred dollars ($100.00) of assessed valuation of the taxable property within such political subdivision for assistance in providing, maintaining, and operating a stadium project;

(B) Whether to issue bonds of the political subdivision in an amount specified and to levy a tax for the payment of the same, for assistance in providing, maintaining, and operating a stadium project.

Any municipal bond issuance and election relating thereto shall be in accordance with the provisions of Article 28 of Chapter 160 of the General Statutes of North Carolina. Any county bond issuance and election relating thereto shall be in accordance with the provisions of Article 9 of Chapter 153 of the General Statutes. Any election on the levy of a tax shall be conducted as near as may be in accordance with the provisions of said Articles.

Sec. 24. All funds of the Authority shall be deposited in a bank or banks to be designated by the Authority. Funds of the Authority shall be paid out only upon warrants signed by the secretary-treasurer of the Authority and countersigned by the chairman or the acting chairman of the Authority. No warrant shall be drawn or issued disbursing any funds of the Authority except for the purposes authorized by this Act and only when the account or expenditure for which the warrant is to be given in payment has been audited and approved by the board. Any and all net revenues or earnings not necessary or desirable for the operation of the business of the Authority or the retirement of its bonds shall be held subject to the further action of the General Assembly. The Authority may invest surplus funds in State, Federal or other bonds and securities as are approved by law for legal investments for any State agency.

Sec. 25. The premiums on the surety bonds provided for in Section 5 hereof shall be paid as a necessary expense of the Authority.

Sec. 26. On or before the thirtieth day of July in each year the Authority shall make an annual report of its activities for the preceding fiscal year to the Governor. Each such report shall set forth a complete operating and financial statement covering its operations during the year, including the sources from which funds were received and a detailed statement of all expenditures made during the year. The Authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants, and the cost thereof may be treated as part of the cost of construction or operation of the project. The Authority shall prepare an annual proposed budget prior to the beginning of each fiscal year.

Sec. 27. It is intended that the provisions of this Act shall be liberally construed to accomplish the purposes provided for herein, and where strict construction would result in the defeat of the accomplishment of any of the acts herein authorized and a liberal construction would permit or assist in the accomplishment thereof, the liberal construction shall be applied.

Sec. 28. If any Section, subsection, paragraph, subparagraph, sentence, clause, or phrase of this Act is for any reason held to be unconstitutional or otherwise invalid, such decision shall not affect the validity of the remainder of the Act.

Sec. 29. All laws and clauses of laws in conflict herewith are hereby repealed to the extent of such conflict. Chapter 917 of the Session Laws of 1959 is hereby specifically repealed and replaced by this Act.

Sec. 30. This Act shall become effective upon its ratification.

S. B. 719 CHAPTER 1056

AN ACT TO PROVIDE FOR A REFERENDUM IN HALIFAX COUNTY UPON THE QUESTION OF THE APPLICABILITY OF THE 1959 ANNEXATION LAWS.

WHEREAS, in 1947, the General Assembly enacted laws providing for the annexation of additional territories by cities and towns, which said laws applied to cities and towns in Halifax County; and

WHEREAS, under said 1947 Act which is now in force in Halifax County, the people have a right to vote on the incorporation of their property into the cities and towns of said county if at least fifteen per cent (15%) of them petition for the right to vote on the question of extending said corporate limits; and

WHEREAS, in 1959, the General Assembly enacted laws providing the additional and other methods for annexation; and

WHEREAS, the cities and towns in Halifax County were exempted from the 1959 municipal annexation laws by the representatives from Halifax County in the 1959 Session of the General Assembly; and

WHEREAS, under said 1959 municipal annexation laws, the right of the people to vote on the question of incorporating their property within the city and town limits was taken away in the counties which were not exempted from the 1959 Act of the General Assembly; and

WHEREAS, cities and towns in Halifax County now have and have had the power and authority to annex additional territory under the provisions of the 1947 laws; and

WHEREAS, notwithstanding the authority now vested in it, the City of Roanoke Rapids, through its mayor, requested of the State Senator and

Representative from Halifax County that the exemption of Halifax County from the 1959 Extension Act relating to municipalities of 5,000 or more in population be repealed which, among other things, would enable the City of Roanoke Rapids to extend its corporate limits without a vote of the people within the area to be annexed; and in a recent public hearing conducted in Roanoke Rapids, said mayor stated that while he and the city board were particularly interested in repealing said exemption from said Extension Act of cities of 5,000 or more in population, yet they did not oppose cities and towns in Halifax County of less than 5,000 in population being given the same privileges; and

WHEREAS, Weldon, another town in said county, has, through its officials, indicated that Weldon should be treated the same as Roanoke Rapids insofar as annexation laws are concerned; and

WHEREAS, the removal of said exemption would also affect, in addition to Roanoke Rapids and Weldon, Littleton, Scotland Neck, Halifax, Enfield, and Hobgood, and is therefore not a local matter to Roanoke Rapids and Weldon alone; and

WHEREAS, the people of Halifax County who do not live within the corporate limits of any city or town would be directly and vitally affected by changing the annexation laws applicable to the county; and

WHEREAS, the effect of removing the exemption as requested by Roanoke Rapids would be to deprive the citizens who live outside the corporate limits of the right to be heard and to vote on whether or not they should be annexed; and

WHEREAS, the right of every qualified citizen to vote on matters which concern his property rights, way of living, freedom of choice, and fiscal responsibilities should never be abridged or taken away for mere political expediency or for any other reason, the right to be heard and to vote being one of the fundamental privileges and obligations of the citizens, and being his one great protection against ever expanding government and capricious action by politicians; and

WHEREAS, no city or town in Halifax County could be unreasonably damaged by submitting the question to a referendum of the people of the county, both within and without the corporate limits of the cities and towns, so that the citizens of Halifax County might express their wishes in the matter; and

WHEREAS, a vote of the people being the best way to determine the future of the people in this as in other important matters; and

WHEREAS, a special election has already been called, dealing with the county commissioners and board of education, for the same day as the primary elections in 1968, at which time the question on whether Halifax County's exemption from the 1959 annexation laws should be removed can be submitted to the people of the county without great expense and without undue delay: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. The Board of Elections of Halifax County shall conduct a special election on the same date as the 1968 primary election for county officers at which shall be submitted to the qualified voters of the county the question whether the 1959 municipal annexation laws, Parts 2 and 3

of Article 36 of Chapter 160 of the General Statutes, shall be made applicable to municipalities in Halifax County. No new or special registration shall be required for such special election, and the laws, rules, and regulations applicable to primary elections shall be applicable to the special election, insofar as is possible. At such special election there shall be provided ballots upon which appear the words "For 1959 annexation laws", and "Against 1959 annexation laws", with appropriate squares so that each voter may by his cross (X) mark indicate his preference. If a majority of the votes cast in such special election shall be cast "Against 1959 annexation laws", then Sections 2 and 3 of this Act shall have no force and effect.

Sec. 2. G. S. 160-453.12, as the same appears in the 1965 Supplement to the 1964 Replacement Volume 3D of the General Statutes, is hereby amended by striking out of the second line thereof the word and punctuation "Halifax,".

Sec. 3. G. S. 160-453.24, as the same appears in the 1964 Replacement Volume 3D of the General Statutes, is hereby amended by striking out of the second line thereof the word and punctuation "Halifax,".

Sec. 4. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 5. Subject to the provisions of Section 1 hereof, this Act shall be effective upon its ratification.

In the General Assembly read three times and ratified, this the 3rd day of July, 1967.

Such creation shall be through the adoption by the governing body of each participating governmental unit concerned, acting individually, of a joint resolution, which shall provide for:

(a) The membership of the Commission;

(b) The terms of the members;

(c) Procedure for removing or replacing members;

(d) The compensation, if any, and extent of reimbursement of expenses of members;

(e) The method for determining the financial support to be given the Commission by the governing body of each participating governmental unit concerned; and

(f) The budgetary procedures to be followed.

Said resolution may be modified, amended or repealed at any time through unanimous action of the governmental units concerned.

Sec. 2. Organization of Commission; rules and regulations; committees; meetings. The Commission shall meet regularly at such times and places as may be specified in its rules and regulations, and special meetings may be called pursuant thereto. All meetings shall be open to the public.

Sec. 3. Powers, duties and functions. If the Gaston Regional Planning Commission is created, it shall be empowered to exercise the powers, duties, and functions of:

(a) A County Planning Board or a Joint Planning Board as defined in Section 153-9 (40) and in Article 20B, Chapter 153, of the General Statutes of North Carolina.

(b) A Municipal Redevelopment Commission as defined in Article 37, Chapter 160, of the General Statutes of North Carolina.

(d) A Municipal Zoning Commission as defined in Article 14, Chapter 160, of the General Statutes of North Carolina.

Sec. 4. Effect of Creation. If the Gaston Regional Planning Commission is created, it shall supersede any existing Planning Board or Zoning Commission theretofore created and the terms of office of members of such Board or Commission shall terminate at the time specified in the resolution creating the Commission or in the resolution required of additional governmental units coming within the provisions of this Act. When comprehensive planning, zoning, subdivision, or building control regulations recommended by the Gaston Regional Planning Commission are adopted by any participating governmental unit and if the ordinance of adoption so provides, the same shall supersede any existing regulations of a like nature.

Sec. 5. Withdrawal. If the agreement under which the Gaston Regional planning Commission was created is terminated, each governmental unit shall thereupon be free to create its own local planning board of zoning commission and to adopt planning, zoning, subdivision, or building control regulations in accordance with existing statutory authority. If any participating governmental unit withdraws from the provisions of this Act, it shall also be free to create its own planning board or zoning commission and to adopt planning, zoning, subdivision, or building control regulations in accordance with existing statutory authority. A unit may withdraw after giving one year's notice to the other participating units.

Sec. 6. Joint Inspection Department. If the Gaston Regional Planning Commission is formed as provided herein, any county or municipality electing to come within the provisions of this Act may in the resolution of creation or in separate resolutions adopted in the same manner, create a joint inspection department or other agency for the enforcement of any zoning, subdivision, planning or building ordinance or regulation adopted by any participating governmental unit.

Sec. 7. Monetary Application. Any county or municipality electing to come within the provisions of this Act is authorized to make appropriations to support the Gaston Regional Planning Commission and any joint enforcement agency created, including technical staff services therefor.

Sec. 8. Authority to require installation of improvements prior to subdivision approval. In connection with subdivision or platting controls, any participating governmental unit may require the improvement and grading of streets, including the construction and installation of street pavement and storm drainage systems and water and sewer systems, according to approved engineering plans and street profiles, as a condition precedent to approval of the plat. The requirement may provide for tentative approval of the plat prior to such improvement and installation; but any such tentative approval shall not be entered on the plat. The requirement may provide that in lieu of completion of the work and installations prior to final approval of a plat, any participating governmental unit may accept a bond, in an amount and with surety and condition satisfactory to it, providing for and securing to the appropriate governmental unit the actual construction and installation of the improvements and utilities within the period specified by the participating governmental unit and expressed in the bond. The appropriate governmental unit is empowered to enforce the bond by all appropriate legal and equitable remedies.

Sec. 9. Retention of Legislative Authority. Any governmental unit joining the Gaston Regional Planning Commission shall retain its legislative authority over all planning, zoning, subdivision, and building control regulations and matters unless such authority is expressly delegated to and accepted by the Gaston County Board of Commissioners pursuant to resolution of the governing bodies concerned.

Sec. 10. Reference of other matters to Gaston Regional Planning Commission. The governing body of any participating governmental unit may by ordinance or resolution, provide for the reference of other matters or class of matters pertaining to planning, zoning, subdivision, and building control regulations to the Gaston Regional Planning Commission before final action is taken by the governmental unit concerned. The Gaston Regional Planning Commission shall conduct the necessary public hearings with respect to such matters as the ordinance or resolution of reference may direct.

Sec. 11. Powers granted herein supplementary. The powers granted by this Act shall be deemed supplementary to any powers heretofore or hereafter granted by any other law, either general, special or local, for the same or a similar purpose, and in any case where the provisions of this Act conflict with or are different from the provisions of such other law, the Gaston Regional Planning Commission and the governing body

of any county or municipality electing to come within the provisions hereof may in their discretion proceed in accordance with the provisions of such other law, or, as an alternative method, in accordance with the provisions of this Act.

Sec. 12. Additions. Any municipality or county may come within the provisions of this Act at any time with the approval of all participating governmental units, after the matter has first been referred to the Gaston Regional Planning Commission for its recommendation, through the adoption of an appropriate resolution by the governing body of such municipality or county, which resolution must contain permission and authorization for the Gaston Regional Planning Commission to exercise the powers and duties set forth herein.

Sec. 13. All laws and clauses of laws in conflict with the provisions of this Act are hereby repealed.

Sec. 14. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 3rd day of July, 1967.

(d) Following the joint public hearing, the Historic Sites Commission shall make any further recommendations to the City Council which it deems wise. The City Council may thereupon adopt the ordinance as proposed, adopt the ordinance with any amendments it deems necessary or reject the proposal.

(e) Upon adoption of the ordinance, the owners and occupants of all listed buildings, structures or areas whose identity and current mailing address can be ascertained by the exercise of due diligence shall be given written notification of that fact. A copy of said ordinance shall thereupon be filed in the office of the Register of Deeds of Wake County and said ordinance shall be indexed by property owner's name in the grantor index in said Register of Deeds office.

Sec. 6. Waiting Period. No building which has been declared a historic site by ordinance as herein provided may, after a notice as hereinbefore provided, be demolished or materially altered except upon 60-day written notice to the Historic Sites Commission of such intent in order that the Historic Sites Commission or the City of Raleigh may make any effort to acquire such site or the buildings thereon within such 60-day period for the purpose of preservation.

Sec. 7. Certain Changes Not Prohibited. Nothing in this Article shall be construed to prevent the ordinary maintenance or repair of any exterior architectural feature in a historic area or property which does not involve a change in design, material or outer appearance thereof, nor to prevent the construction, reconstruction, alteration, restoration or demolition of any such feature which the building inspector or similar official shall certify is required by the public safety because of an unsafe or dangerous condition; provided, nothing herein shall be construed to prevent a property owner from making any use of his property not prohibited by other statutes, ordinances or regulations.

Sec. 8. Authority to Acquire Historic Buildings. The City of Raleigh may acquire property designated as historic sites or areas but shall pay therefor only out of nontax funds available for that purpose. The general powers granted to the City Council by Section 160-200 (1), (2), (4) and (5) of the General Statutes of North Carolina shall be deemed to include specifically the authority to acquire by fee simple or by lease to maintain, manage or dispose of any property, building or structure designated as a historic site or area by ordinance adopted pursuant to this Act.

Sec. 9. Appropriations. The City of Raleigh is authorized to make appropriations from nontax funds to the Historic Sites Commission of the City of Raleigh in such amounts as it may determine as necessary for the expenses of operation of the Historic Sites Commission and of such other amounts as may be necessary for the acquisition, restoration and preservation of historic sites or of land on which historic buildings are located or to which they may be moved.

Sec. 10. Ownership of Property. All lands or buildings acquired by funds appropriated from the City of Raleigh shall be acquired in the

name of the City of Raleigh and shall be maintained by or under the supervision and control of the City of Raleigh; provided, all lands or structures acquired by the Historic Sites Commission from funds other than those appropriated by the City of Raleigh may be acquired in the name of the Historic Sites Commission, the City of Raleigh, or both.

Sec. 11. Separability. Should any Section, clause or provision of this Act be declared by the courts to be unconstitutional or invalid for any reason, such decision shall not affect the validity of the Act as a whole nor any part thereof other than the part so declared to be unconstitutional or invalid.

Sec. 12. All laws and clauses of laws in conflict herewith are hereby repealed to the extent of such conflict; provided, however, that the Raleigh City Council may elect to proceed either under the provisions of this Act or under any similar provisions of its charter, and this Act shall not be construed to repeal such charter provisions.

Sec. 13. This Act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 3rd day of July, 1967.

H. B. 169 CHAPTER 1059

AN ACT AUTHORIZING THE BOARD OF TRUSTEES OF EAST CAROLINA COLLEGE TO CONSTRUCT AN ADDITION AND IMPROVEMENTS TO FICKLEN STADIUM AT EAST CAROLINA COLLEGE TO PROVIDE ADDITIONAL PERMANENT SEATING FACILITIES; WITH APPURTENANCES AND INCIDENTALS, AND TO ISSUE REVENUE BONDS THEREFOR WITHOUT A PLEDGE OF TAXES OR THE FAITH AND CREDIT OF THE STATE.

The General Assembly of North Carolina do enact:

Section 1. Purpose of Act. The purpose of this Act is to authorize the financing of an addition and improvements to Ficklen Stadium at East Carolina College to provide additional permanent seating facilities, with appurtenances and incidentals, at East Carolina College by the issuance of revenue bonds not to exceed the sum of six hundred thousand dollars ($600,000.00) payable out of revenues derived from the operation of said stadium, admission fees from athletic games and student fees collected from students enrolled at said College, without pledging therefor any taxes or the faith and credit of the State or any political subdivision thereof.

Sec. 2. Credit of State Not Pledged. Revenue bonds issued under this Act shall not be deemed to constitute a debt or liability of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the funds herein provided therefor from revenues. All such revenue bonds shall contain on the face thereof a statement to the effect that neither the State nor the Board of Trustees of East Carolina College shall be obligated to pay the same or the interest thereon except from revenues as herein defined and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the

payment of the principal of or the interest on such bonds. The issuance of revenue bonds shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any taxes whatsoever therefor.

Sec. 3. Definitions. As used in this Act:

A. "board" means the Board of Trustees of East Carolina College or, if said board shall be abolished, the board, body, commission, department or officer succeeding to the principal functions thereof or to whom the powers given by this Act to the board shall be given by law;

C. "cost", as applied to the project, embraces the cost of construction, the cost of the acquisition of all property, both real and personal, the cost of demolishing, removing or relocating any buildings or structures, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all machinery and equipment, financing charges, interest prior to and during construction and, if deemed advisable by the board, for a period not exceeding one year after completion of such construction, reserves for interest, cost of engineering, financial and legal services, plans, specifications, studies, surveys, estimates of cost and of revenues, administrative expenses, expenses necessary or incident to determining the feasibility or practicability of constructing the project and such other expenses as may be necessary or incident to the construction of the project and the financing of such construction;

D. "project" means an addition and improvements to Ficklen Stadium to provide additional permanent seating facilities for approximately 10,000 additional persons, with appurtenances and incidentals, including, but without limiting the generality thereof, the relocation of existing semi-permanent seating facilities, parking facilities, lighting, facilities for newspaper, radio and television coverage, elevators, dressing rooms, first aid facilities, rest rooms, ticket booths, fences and gates, concession facilities, approach roads and other roadways, pedestrian ramps and walks, drainage facilities, traffic control facilities, landscaping, water, sewer and other public facilities, scoreboards, public address and other electronic equipment, and such additional equipment, furnishings, machinery, improvements and property, both real and personal, necessary or convenient for the construction, operation, repair and maintenance of a modern, efficient stadium for the use, accommodation, enjoyment and welfare of the students enrolled at the College, the general public, State agencies and other public and private agencies;

E. "revenues" includes all or any part of the fees, rents, charges and other income and revenues derived from or in connection with the project, receipts of the College from athletic games and student fees collected from students enrolled at the College; and

F. "stadium" means the Ficklen Stadium, including the project.

Sec. 4. General Grant of Powers to Board. The board is authorized, subject to the requirements of this Act:

A. to construct the project and to maintain, repair and operate the stadium and to enter into contracts for the management, lease, use or operation of the stadium or any portion thereof;

B. to issue revenue bonds as hereinafter provided to pay the cost of the project in whole or in part, and to fund or refund the same;

C. to fix and revise from time to time and charge and collect student fees from students enrolled at the College, rates, fees, rents and charges for the use of and for the services furnished by the stadium or any portion thereof, and admission fees for athletic games at the College;

D. to establish rules and regulations for the use of and the services rendered by the stadium;

E. to acquire, hold, lease and dispose of real and personal property in the exercise of its powers and the performance of its duties hereunder and to lease the stadium or any portion thereof for such period or periods of years, not exceeding 40 years, upon such terms and conditions as the board may determine;

F. to employ consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers and such other employees and agents as may be necessary in its judgment in connection with the project or the stadium, and to fix their compensation;

G. to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Act;

H. to receive and accept from any Federal, State or other public agency or from any private agency or agencies or benefactors, including any college alumni or other persons or entities, donations, loans, grants, aid or contributions of either money, property, labor or other things of value, to be held, used and applied only for such aspects of the project or the stadium for which such donations, loans, grants, aid or contributions may be made; and

I. to do all acts and things necessary or convenient to carry out the powers expressly granted by this Act.

Sec. 5. Incidental Powers. The board shall have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracts, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called "public utility facilities") of any public utility, pipe line company or other public or private entity in, on, along, over or under the stadium. Whenever the board shall determine that it is necessary that any such public utility facilities which now are, or hereafter may be, located in, on, along, over or under the stadium should be relocated or should be removed, the owner or operator of such facilities shall relocate or remove the same in accordance with the order of the board; provided, however, that the cost and expenses of such relocation or removal, including the cost of installing such facilities in a new location or new locations, and the cost of any lands, or any rights or interests in lands, and any other rights, required to accomplish such relocation or removal shall be ascertained and paid by the board as a part of the cost of the project.

Sec. 6. Revenue Bonds. The board is hereby authorized to issue, subject to the approval of the Advisory Budget Commission, at one time or from time to time, revenue bonds of the board, not to exceed six hundred thousand dollars ($600,000.00), for the purpose of paying all or any part of

the cost of the project. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding six per centum (6%) per annum, shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the board, and may be made redeemable before maturity, at the option of the board, at such price or prices and under such terms and conditions as may be fixed by the board prior to the issuance of the bonds. The board shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this Act, all such bonds shall be deemed to be negotiable instruments under the laws of this State, subject only to the provisions for registration in any resolution authorizing the issuance of such bonds or any trust agreement securing the same. The bonds may be issued in coupon or in registered form, or both, as the board may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the exchange of either coupon bonds or registered bonds without coupons for an equal aggregate principal amount of other coupon bonds or registered bonds without coupons, or both, of any denomination or denominations. The board may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effect the purposes of this Act and otherwise serve the public interest.

The proceeds of the bonds of each issue shall be disbursed in such manner and under such restrictions, if any, as the board may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. Unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, if the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

The resolution providing for the issuance of any bonds hereunder, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the board may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the board may, under like

restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The board may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Except as herein otherwise provided, bonds may be issued under this Act, and other powers vested in the board under this Act may be exercised by the board without obtaining the consent of any department, division, commission, board, bureau, or agency of the State, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this Act.

Sec. 7. Trust Agreement. In the discretion of the board any revenue bonds issued under this Act may be secured by a trust agreement by and between the board and a corporate trustee (or trustees) which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received, but shall not convey or mortgage the stadium or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the holders of such bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the board in relation to the construction of the project and the improvement, maintenance, repair, operation and insurance of the stadium, the student fees, other fees, rents and charges to be fixed and collected, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depositary of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the board. Any such trust agreement may set forth the rights and remedies of the holders of the bonds and of the trustee or trustees, and may restrict the individual right of action by such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the board may deem reasonable and proper for the security of such holders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the project for which such bonds are issued or as an expense of operation of the stadium, as the case may be.

Sec. 8. Revenues. The board is hereby authorized to fix, revise, charge and collect student fees from students enrolled at the College, to fix, revise, charge and collect other fees, rents and charges for the use of and for the services furnished or to be furnished by the stadium, or any portion thereof, and admission fees for athletic games and other public events at the College and to contract with any person, partnership, association or corporation desiring the use of any part or all thereof, and to fix the terms, conditions, fees, rents and charges for such use. Such fees, rents and charges shall be so fixed and adjusted, with relation to other revenues or funds available therefor, as to provide funds at least sufficient, with such other revenues or funds, if any, (a) to pay the cost of

maintaining, repairing and operating the stadium, (b) to pay the principal of and the interest on such bonds as the same shall become due and payable and (c) to create and maintain reserves for such purposes. Such fees, rents and charges shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the State. A sufficient amount of the revenues, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor and for renewals, replacements, extensions, enlargements and improvements as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the fees, rents and charges and other revenues or other moneys so pledged and thereafter received by the board shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the board, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the board. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement.

Sec. 9. Insurance. Notwithstanding the provisions of any other law, the board may carry insurance on the stadium in such amounts and covering such risks as it may deem advisable.

Sec. 10. Trust Funds. All moneys received pursuant to the authority of this Act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Act. Any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such requirements as are provided in this Act and the resolution authorizing the bonds or the trust agreement securing such bonds.

Sec. 11. Remedies. Any holder of bonds issued under this Act or of any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, and may enforce and compel the performance of all duties required by this Act or by such trust agreement or resolution to be performed by the board or by any officer thereof, including the fixing, charging and collecting of fees, rents and charges.

Sec. 12. Exemption From Taxation. The exercise of the powers granted under this Act will be in all respects for the benefit of the people of the State and for the furtherance of public education and the commerce and prosperity of the State, and as the operation and maintenance of the stadium by the board will constitute the performance of an essential governmental function, the board shall not be required to pay any taxes or assessments upon such project or any property acquired or used by the board under the provisions of this Act or upon the income from such property, and any bonds issued under this Act, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation by the State and by the municipalities, counties and other political subdivisions in the State.

Sec. 13. Bonds Eligible for Investment. Bonds issued by the board under the provisions of this Act are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds or obligations of the State is now or may hereafter be authorized by law.

Sec. 14. Bond Anticipation Notes. The board shall have power, at any time and from time to time after the issuance of bonds hereunder shall have been authorized by the board, to borrow money for the purpose for which such bonds are to be issued in anticipation of the receipt of the proceeds of the sale of such bonds and within the authorized maximum amount of such bond issue. Bond anticipation notes shall be issued for moneys borrowed under the provisions of this Section, which notes shall be payable solely from the proceeds of the sale of such bonds. Such notes may be renewed from time to time and such notes, including any renewal notes, shall mature not later than five years after the date on which the issuance of such bonds shall have been authorized. Such notes shall be authorized by a resolution of the board or its executive committee and shall be in such denomination or denominations, shall bear interest at such rate or rates not exceeding six per centum (6%) per annum, shall be in such form and shall be executed in such manner, all as the board or its executive committee shall prescribe. Such notes may be sold at either public or private sale or, if such notes shall be renewal notes, may be exchanged for notes then outstanding on such terms as the board shall determine.

Sec. 15. Revenue Refunding Bonds. The board is hereby authorized, subject to the approval of the Advisory Budget Commission, to provide for the issuance of its revenue refunding bonds for the purpose of refunding any bonds then outstanding which shall have been issued by it under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the board,

for the additional purpose of paying all or part of the cost of constructing improvements, extensions or enlargements of the stadium. In case such bonds shall be issued for the purpose or in part for the purpose of refunding outstanding bonds prior to their stated maturity or earliest redemption date, the board must determine either (a) that such refunding will result in savings to the board, taking into account the redemption premium, if any, to be paid and the interest to accrue to such maturity or redemption date, the savings resulting from a reduction in the interest rate borne by the outstanding bonds, any premium or discount on the sale of such refunding bonds and the income to be received from the investment of the proceeds of such refunding bonds, or (b) that such refunding is necessary to avoid a default in the payment of the principal of such outstanding bonds at their stated maturity. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the board in respect of the same, shall be governed by the provisions of this Act insofar as the same may be applicable.

Sec. 16. Vesting of Authority in Executive Committee of Board. The board may authorize its executive committee to sell any bonds or notes which the board has authorized to be issued under this Act and to perform or cause to be performed such other duties and functions in connection with the construction of the project and the operation and maintenance of the stadium and the issuance of bonds or notes under this Act as the board by resolution may prescribe, subject to such limitations and conditions as the board may impose.

Sec. 17. Miscellaneous. Any action taken by the board under the provisions of this Act may be authorized by resolution at any regular or special meeting, and each such resolution shall take effect immediately and need not be published or posted.

Sec. 18. Additional Method. The foregoing Sections of this Act shall be regarded as supplemental and additional to powers conferred by other laws; provided, however, that the issuance of revenue bonds, revenue refunding bonds or bond anticipation notes under the provisions of this Act need not comply with the requirements of any other law applicable to the issuance of bonds.

Sec. 19. Act Liberally Construed. This Act, being necessary for the welfare of the State and its inhabitants, shall be liberally construed to effect the purposes thereof.

Sec. 20. Constitutional Construction. The provisions of this Act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Sec. 21. Inconsistent Laws Inapplicable. All other general or special laws, or parts thereof, inconsistent herewith are hereby declared to be inapplicable to the provisions of this Act.

Sec. 22. Effective Date. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 3rd day of July, 1967.

The General Assembly of North Carolina do enact:

Section 1. Short Title. This Act shall be known and may be cited as the Dam Safety Law of 1967.

Sec. 2. Declaration of Purpose. It is the purpose of this Act to provide for the certification and inspection of certain dams in the interest of public health, safety, and welfare, in order to reduce the risk of failure of such dams; to prevent injuries to persons, damage to property and loss of reservoir storage; and to ensure maintenance of stream flows below such dams of adequate quantity and quality.

Sec. 3. Definitions. As used in this Act, unless the context otherwise requires:

(1) "Department" means the North Carolina Department of Water Resources.

(2) "Board" means the North Carolina Board of Water Resources.

(3) "Dam" means the dam (and appurtenant works) for the impoundment or diversion of water, except that it shall not include:

a. Any dam constructed by the United States Army Corps of Engineers, the Tennessee Valley Authority, or any other department or agency of the United States Government, when such department or agency designed or approved plans and supervised construction.

b. Any dam or flood retarding structure constructed with financial assistance from the United States Soil Conservation Service, when said agency designed or approved plans and supervised construction.

c. The exemptions conferred by items a and b of this paragraph shall cease when the supervising federal agency relinquishes authority for operation and maintenance to a local entity.

d. Any dam licensed by the Federal Power Commission, or for which a license application is pending with the Federal Power Commission, or for use in connection with electric generating facilities to be constructed pursuant to a certificate of public convenience and necessity from the North Carolina Utilities Commission.

e. Any dam under a single private ownership, providing protection only to land or other property under such ownership, and posing no threat to life or property below the property under such single ownership.

f. Any dam less than 15 feet in height (measured from original stream bottom to crest of dam) or whose impoundment capacity is less than 10 acre-feet, or any dam costing less than five thousand dollars ($5,000.00).

(4) "Minimum stream flows" or "minimum flows" means stream flows of a quantity and quality sufficient in the judgment of the Department to meet and maintain stream classifications and water quality standards established by the State Stream Sanitation Committee under the North Carolina Stream Sanitation Law and applicable to the waters affected by the project under consideration. In order to ensure that such classifications

and standards shall be met and maintained, the Department may impose such conditions and requirements in orders and written approvals issued under this Act as, in its judgment, may be necessary to this end, including conditions and requirements relating to the release or discharge of designated flows from impoundments, the location or design of water outlets for impoundments and of water intakes, the amount and timing of withdrawal of water from a reservoir, and the construction of submerged weirs or other devices designed to satisfy minimum stream flow requirements.

Sec. 4. Construction of Dams. (a) No person shall begin the construction of any dam, as defined by this Act, until at least 10 days after filing with the Department a statement concerning its height, impoundment capacity, purpose, location and other information required by the Department. Persons proposing construction described in Section 3, subparagraphs (3) e. and f. will comply with malaria control requirements of the State Board of Health. If on the basis of this information the Department is of the opinion that the proposed dam is not exempt from the provisions of this Act, it shall so notify the applicant, and construction shall not be commenced until a full application is filed by the applicant and approved as provided by Section 7 of this Act. The Department may also require of applicants so notified the filing of such additional information as it deems necessary, including, but not limited to, streamflow and rainfall data, maps, plans and specifications. Every applicant for approval of a dam subject to the provisions of this Act shall also file with the Department the certificate of an engineer or contractor legally qualified in the State of North Carolina that he is responsible for the design of the dam, and that said design is safe and adequate. Should the applicant have a professional engineering staff the certificate of a registered professional engineer member of that staff legally qualified in the State of North Carolina will constitute compliance.

(b) When an application has been completed pursuant to the preceding subsections, the Department shall refer copies of the completed application papers to the State Board of Health, the Wildlife Resources Commission, the Department of Conservation and Development, the State Highway Commission, and such other State and local agencies as it deems appropriate for review and comment.

Sec. 5. Repair, Alteration, or Removal of Dam. (a) Before commencing the repair, alteration or removal of a dam, application shall be made for written approval by the Department, except as otherwise provided by this Act. The application shall state the name and address of the applicant, shall adequately detail the changes it proposes to effect and shall be accompanied by maps, plans and specifications setting forth such details and dimensions as the Department requires. The Department may waive any such requirements. The application shall give such other in-

formation concerning the dam and reservoir required by the Department, such information concerning the safety of any change as it may require, and shall state the proposed time of commencement and completion of the work. When an application has been completed it shall be referred by the Department for agency review and report, as provided by subsection (b) of Section 4 of this Act in the case of original construction.

(b) When repairs are necessary to safeguard life and property they may be started immediately but the Department shall be notified forthwith of the proposed repairs and of the work under way, and they shall be made to conform to its orders.

Sec. 6. Action by Board Upon Applications. (a) Following receipt of agency comments the Board shall approve, disapprove, or approve subject to conditions necessary to ensure safety and to satisfy minimum stream flow requirements, all applications made pursuant to this Act.

(b) A defective application shall not be rejected but notice of the defects shall be sent to the applicant by registered mail. If the applicant fails to file a perfected application within 30 days the original shall be canceled unless further time is allowed.

(c) If the Board disapproves an application, one copy shall be returned with a statement of its objections. If an application is approved, the approval shall be attached thereto, and a copy returned by registered mail. Approval shall be granted under terms, conditions and limitations which the Board deems necessary to safeguard life and property.

(d) Construction shall be commenced within one year after the date of approval of the application or such approval is void. The Board upon written application and good cause shown may extend the time for commencing construction. Notice by registered mail shall be given the Board at least 10 days before construction is commenced.

Sec. 7. Supervision by Qualified Engineers; Reports and Modification During Work. (a) Any project for which the Board's approval is required under Sections 4 and 5 shall be designed and supervised by an engineer legally qualified in the State of North Carolina.

(b) During the construction, enlargement, repair, alteration or removal of a dam, the Board may require such progress reports from the supervising engineer as it deems necessary.

(c) If during construction, reconstruction, repair, alteration or enlargement of any dam, the Board finds the work is not being done in accordance with the provisions of the approval and the approved plans and specifications, it shall give written notice by registered mail or personal service to the person who received the approval and to the person in charge of construction at the dam. The notice shall state the particulars in which compliance has not been made, and shall order immediate compliance with the terms of the approval, and the approved plans and specifications. The Board may order that no further construction work be undertaken until such compliance has been effected and approved by the Board. A failure to comply with the approval and the approved plans and specifications shall render the approval revocable unless compliance is made after notice as provided in this Section.

Sec. 8. Notice of Completion; Certification of Final Approval. (a) Immediately upon completion, enlargement, repair, alteration or removal of a dam, notice of completion shall be given the Board. As soon as possible thereafter supplementary drawings or descriptive matter showing or describing the dam as actually constructed shall be filed with the Board in such detail as the Board may require.

(b) When an existing dam is enlarged, the supplementary drawings and descriptive matter need apply only to the new work.

(c) The completed work shall be inspected by the supervising engineers, and upon finding that the work has been done as required and that the dam is safe and satisfies minimum stream flow requirements, they shall file with the Board a certificate that the work has been completed in accordance with approved design, plans, specifications and other requirements. Unless the Board has reason to believe that the dam is unsafe or is not in compliance with any applicable requirement, regulation, or law, the Board shall grant final approval of the work in accordance with the certificate, subject to such terms as it deems necessary for the protection of life and property.

(d) Pending issuance of the Board's final approval, the dam shall not be used except on written consent of the Board, subject to conditions it may impose.

Sec. 9. Supervision over Maintenance and Operation of Dams. The Board shall have jurisdiction and supervision over the maintenance and operation of dams to safeguard life and property and to satisfy minimum stream flow requirements. The Board is hereby authorized to adopt such standards for maintenance and operation of dams as may be necessary for the purposes of this Act. In its discretion the Board may vary the standards applicable to various dams, giving due consideration to the minimum flow requirements of the stream, the type and location of the structure, the hazards to which it may be exposed, and the peril of life and property in the event of failure of a dam to perform its function.

Sec. 10. Inspection of Dams. (a) The Board is hereby authorized at any time to inspect through consulting engineers any dam upon receipt of a written request of any affected person or agency, or upon its own motion. Within the limits of available funds the Board shall endeavor to provide for inspection of all dams at intervals of approximately five years.

(b) If the Board finds that any dam is not sufficiently strong, or is not maintained in good repair or operating condition, or is dangerous to life or property, or does not satisfy minimum stream flow requirements, the Board shall issue an order directing the owner or owners of the dam to make at his or their expense such maintenance, alteration, repair, reconstruction, change in construction or location, or removal as may be deemed necessary by the Board within a time to be limited by the order, not less than 90 days from the date of issuance of each order, except in the case of extreme danger to the safety of life or property, as provided by subsection (c) of this Section.

(c) If at any time the condition of any dam becomes so dangerous to the safety of life or property, in the opinion of the Board, as not to permit sufficient time for issuance of an order in the manner provided by

subsection (b) of this Section, the Board may immediately take such measures as may be essential to provide emergency protection to life and property, including the lowering of the level of a reservoir by releasing water impounded or the destruction in whole or in part of the dam or reservoir. The Board may recover the costs of such measures from the owner or owners by appropriate legal action.

Sec. 11. Judicial Review. If an applicant under this Act, or owner of a dam which is the subject of an application, or any landowner whose property would be endangered by failure of a dam, are dissatisfied with any final order or decision of the Board issued under this Act, he (or they, as the case may be) shall have a right of appeal to the Superior Court pursuant to the provisions of Article 33 of Chapter 143 of the General Statutes.

Sec. 12. Investigations by Department; Rules and Regulations; Employment of Consultants. The Department shall make such investigations and assemble such data as it deems necessary for a proper review and study of the design and construction of dams, reservoirs and appurtenances, and for such purposes may enter upon private property. The Board may adopt such rules and regulations as may be necessary to carry out the purposes of this Act. The Board may employ or make such agreements with geologists, engineers, or other expert consultants and such assistants as it deems necessary to carry out the provisions of this Act.

Sec. 13. Liability for Damages. No action shall be brought against the State of North Carolina, the Department or Board of Water Resources or any agent or employee of such Department or Board, for damages sustained through the partial or total failure of any dam or its maintenance by reason of any supervision or other action taken pursuant to or under this Act. Nothing in this Act shall relieve an owner or operator of a dam from the legal duties, obligations and liabilities arising from such ownership or operation.

Sec. 14. Violations; Penalties. (a) Penalties for violations. Any person who shall be adjudged to have violated this Article shall be guilty of a misdemeanor and shall be liable to a penalty of not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000.00) for each violation. In addition, if any person is adjudged to have committed such violation willfully, the court may determine that each day during which such violation continued constitutes a separate violation subject to the foregoing penalty.

(b) In addition, upon violation of any of the provisions of this Act, or the regulations of the Department hereunder, the Director of the Department may, either before or after the institution of proceedings for the collection of the penalty imposed by this Act for such violation, institute a civil action in the Superior Court in the name of the State upon relation of the Director of the Department for injunctive relief to restrain the violation and for such other or further relief in the premises as said court shall deem proper. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from the penalty prescribed by this Act for any violation of the same.

Sec. 15. Rights of Investigation, Entry, Access and Inspection. The Board shall have the right to conduct such investigations as it may reasonably deem necessary to carry out its duties prescribed in this Act, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition, construction, or operation of any dam or associated equipment facility or property, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the construction or operation of any dam: Provided, that no person shall be required to disclose any secret formula, processes or methods used in any manufacturing operation or any confidential information concerning business activities carried on by him or under his supervision. No person shall refuse entry or access to any authorized representative of the Board who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties.

Sec. 16. Codification. The various Sections of this Act shall be given appropriate numbers and codified by the Attorney General in Article 21 of Chapter 143 of the General Statutes of North Carolina. In the event that the 1967 General Assembly enacts more than one law concerning water resources, which several laws contain identical or substantially identical provisions concerning any matter—including without limitation, notice and hearing provisions, definitions and penalties—the Attorney General in codifying said laws is authorized in each such instance to combine said duplicating provisions in a single Section, subsection or paragraph, as may be appropriate.

Sec. 17. All laws and clauses of laws in conflict with the provisions of this Act are hereby repealed.

Sec. 18. This Act shall take effect January 1, 1968.

During said 12-month period, and at any time thereafter if summons is issued against the third party during said 12-month period, the guardsman or his personal representative shall have the right to settle with the third party and to give a valid and complete release of all claims to the third party by reason of such injury or death, subject to the provisions of (h) below.

"(c) If settlement is not made and summons is not issued within said 12-month period, then all rights of the guardsman, or his personal representative if he be dead, against the third party shall pass by operation of law to the State upon the expiration of said 12-month period. All such rights shall then remain in the State until 60 days before the expiration of the period fixed by the statute of limitations applicable to such rights and if the State shall not have settled with or instituted proceedings against the third party within such time, then all such rights shall revert to the guardsman or his personal representative 60 days before the expiration of the applicable statute of limitations.

"(d) The person in whom the right to bring such proceeding or make settlement is vested shall, during the continuation thereof, also have the exclusive right to make settlement with the third party and the release of the person having the right shall fully acquit and discharge the third party except as provided by (h) below. A proceeding so instituted by the person having the right shall be brought in the name of the guardsman or his personal representative and the State shall not be a necessary or proper party thereto. If the guardsman or his personal representative should

refuse to cooperate with the State by being the party plaintiff, then the action shall be brought in the name of the State and the guardsman or his personal representative shall be made a party plaintiff or party defendant by order of Court.

"(e) The amount of compensation and other benefits paid or payable on account of such injury or death shall not be admissible in evidence in any proceeding against the third party. If the third party defending such proceeding, by answer duly served on the State, sufficiently alleges that actionable negligence of the State joined and concurred with the negligence of the third party in producing the injury or death, then an issue shall be submitted to the jury in such case as to whether actionable negligence of the State joined and concurred with the negligence of the third party in producing the injury or death. The State shall have the right to appear, to be represented, to introduce evidence, to cross-examine adverse witnesses, and to argue to the jury as to this issue as fully as though he were a party although not named or joined as a party to the proceeding. Such issue shall be the last of the issues submitted to the jury. If the verdict shall be that actionable negligence of the State did join and concur with that of the third party in producing the injury or death, then the court shall reduce the damages awarded by the jury against the third party by the amount which the State would otherwise be entitled to receive therefrom by way of subrogation hereunder and the entire amount recovered, after such reduction, shall belong to the guardsman or his personal representative free of any claim by the State and the third party shall have no further right by way of contribution or otherwise against the State, except any right which may exist by reason of an express contract of indemnity between the State and the third party, which was entered into prior to the injury to the guardsman.

"(f) (1) Any amount obtained by any person by settlement with, judgment against, or otherwise from the third party by reason of such injury or death shall be disbursed by order of the Court for the following purposes and in the following order of priority:

a. First to the payment of actual court costs taxed by judgment.

b. Second to the payment of the fee of the attorney representing the person making settlement or obtaining judgment, and such fee shall not exceed one-third of the amount obtained or recovered of the third party.

c. Third to the reimbursement of the State for all benefits by way of compensation or medical treatment expense paid or to be paid by the State pursuant to G. S. 127-82.

d. Fourth to the payment of any amount remaining to the guardsman or his personal representative.

(2) The attorney fee paid under (f) (1) shall be paid by the guardsman and the State in direct proportion to the amount each shall receive under (f) (1) c and (f) (1) d hereof and shall be deducted from such payments when distribution is made.

"(g) In any proceeding against or settlement with the third party, every party to the claim for compensation shall have a lien to the extent of his interest under (f) hereof upon any payment made by the third party by reason of such injury or death, whether paid in settlement, in satis-

faction of judgment, as consideration for covenant not to sue, or otherwise and such lien may be enforced against any person receiving such funds. Neither the guardsman or his personal representative nor the State shall make any settlement with or accept any payment from the third party without the written consent of the other and no release to or agreement with the third party shall be valid or enforceable for any purpose unless both State and guardsman or his personal representative join therein; provided, that this sentence shall not apply if the State is made whole for all benefits paid or to be paid by him under this chapter less attorney's fees as provided by (f) (1) and (2) hereof and the release to or agreement with the third party is executed by the guardsman. The Attorney General shall have the right on behalf of the State to reduce by compromise its claim.

"(h) Institution of proceedings against or settlement with the third party, or acceptance of benefits under this chapter, shall not in any way or manner affect any other remedy which any party to the claim for compensation may have except as otherwise specifically provided in this chapter, and the exercise of one remedy shall not in any way or manner be held to constitute an election of remedies so as to bar the other."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall be effective as to any actions arising on or after July 1, 1967.

In the General Assembly read three times and ratified, this the 3rd day of July, 1967.

The entire assessment may be paid at any time by payment of the principal and all interest accrued to that date.

(2) It is the intent and purpose of this subsection that any assessment (initial, subsequent or annual) may as determined by the assessment roll be paid and collected in multiple annual installments in such installment amounts and spread over such installment periods as the assessment roll may fix. As to any assessment roll which shall fix and determine multiple annual installment payments spread over periods in excess of three years, the following modifications of designated subsections of this Section shall apply:

A separate sheet shall be used for each tract or parcel assessed, and each such separate sheet shall contain three perforated receipts at-

The receipts and stubs for land within each county wherein any part of his district lies shall be separately bound. The bound books of assessment receipts shall be endorsed 'Assessments of the (here give the name of the district) Watershed Improvement District due on the first Monday of October, 19.....,' and the same endorsement shall be printed at the top of each assessment receipt. The necessary cost of printing and binding such books of assessment receipts and the filling in of the same shall be a proper charge against the district and shall be paid by the Board of Trustees.

"(c) During the month of September next following the confirmation of the assessment roll the district shall mail to the landowners the receipts for the first annual installment with the blanks duly filled in. (See G. S. 139-27). Interest for failure to pay this installment shall accrue on the principal amount of the installment at the rate and at the times provided by law for property taxes in the county. You will enter the dates of payments on the stubs and retain the book of stubs in a safe place for use in recording subsequent annual installments. You will make monthly settlements of your collections with the secretary-treasurer of the ..... S. 105-414 and subsections (f) through (v) of G. S. 105-391; provided however, that there shall be no right to proceed against personal property in enforcing such collections. The tax collector shall be required on the first day of each month to make settlements with the secretary-treasurer of the Watershed Improvement District of all collections of watershed assessments for the preceding month, and to deposit all moneys so collected in an account maintained in the name of the district at an official depository designated by the district. Such account shall also be used for the deposit of all other funds of the district. Expenditures from such account may be made with the approval of the trustees of the district on requisition from the chairman and the secretary-treasurer of the district. The fee allowed the tax collector for collecting the watershed assessments shall be two percent (2%) of the amount collected, except that, where the tax collector is on a salary basis, such fee shall be paid into the General Fund of the County.

"If the tax collector shall willfully fail or neglect to comply with any requirement of law concerning collection or deposit of watershed assessments, he shall be guilty of a misdemeanor, and upon conviction shall be subject to fine and imprisonment, in the discretion of the court. He shall likewise be liable to a civil action for all damages which may accrue

either to the trustees of the district or the holders of its bonds, to either or both of whom a right of action is hereby given.

"(f) No statute of limitation, whether fixed by law especially referred to in this Chapter or otherwise, shall bar the right of the district to enforce any remedy provided by law for the collection of unpaid assessments, save from and after 10 years from and after the due date thereof, or, if payable in installments, 10 years from and after the due date of any installment.

"(g) All proceedings for watershed assessments under the provisions of this Article shall be regarded as proceedings in rem, (and no mistake or omission as to the name of the owner or person interested in any tract or parcel of land affected thereby shall be regarded a substantial mistake or omission.)

"G. S. 54-44.2. Organization of a Mutual Deposit Guaranty Association. Any number of institutions, not less than 10, may become incorporated as a mutual deposit guaranty association without capital stock subject to the limitations prescribed in this Article.

"Articles of incorporation of a guaranty association shall be filed in the office of the Secretary of State. The Secretary of State shall, upon receipt of such articles, transmit a copy of them to the Commissioner and shall not record them until authorized to do so by the Commissioner.

Upon receipt from the Secretary of State of a copy of the Articles of incorporation of a proposed guaranty association, the Commissioner shall at once examine into all the facts connected with the formation of such proposed corporation. In the event such articles of incorporation are correct in form and substance and the examination shows that such corporation, if formed, would be entitled to commence the business of a guaranty association, the Commissioner shall so certify to the Secretary of State.

"The Commissioner may refuse to make such certification if upon examination he has reason to believe the proposed corporation is to be formed for any business other than assuring the liquidity of member institutions and guaranteeing deposits therein, if he has reason to believe that the character and general fitness of the incorporators are not such as to command the confidence of the general public or if the best interests of the public will not be promoted by its establishment.

"G. S. 54-44.6. Examination and Certificate of Amendments. Upon receipt from the Secretary of State of a copy of proposed amendments to the articles of incorporation of a guaranty association, the Commissioner shall at once examine the proposed amendments to determine their effect on the operation of the guaranty association.

"In the event such proposed amendments are correct in form and substance and the examination shows that if adopted they would not change the character or principal business of the guaranty association, the Commissioner shall so certify to the Secretary of State.

"The Commissioner may refuse to make such certification if upon examination he has reason to believe the proposed amendments would change the character of the business of the guaranty association or the best interests of the public will not be promoted by their adoption.

Section 1. Chapter 143 of the General Statutes of North Carolina is amended by adding a new Article 31A as follows:

"Article 31A

"Defense of State Employees

"§ 143-300.2. Definitions. Unless the context otherwise requires, the definitions contained in this Section govern the construction of this Article.

(1) 'Employee' includes an officer, agent, or employee but does not include an independent contractor.

(2) 'Employment' includes office, agency, or employment.

(3) 'The State' includes all departments, agencies, boards, commissions, institutions, bureaus, and authorities of the State.

(4) 'Civil or criminal action or proceeding' includes any case, prosecution, special proceeding, or administrative proceeding in or before any court or agency of this State or any other state or the United States.

"§ 143-300.3. Defense of State Employees. Except as otherwise provided in § 143-300.4, upon request of an employee or former employee, the State may provide for the defense of any civil or criminal action or proceeding brought against him in his official or individual capacity, or both, on account of an act done or omission made in the scope and course of his employment as a State employee.

"§ 143-300.4. Grounds for Refusal of Defense. (a) The State shall refuse to provide for the defense of a civil or criminal action or proceed-

ing brought against an employee or former employee if the State determines that:

(1) The act or ommission was not within the scope and course of his employment as a State employee; or

(2) The employee or former employee acted or failed to act because of actual fraud, corruption, or actual malice on his part; or

(3) Defense of the action or proceeding by the State would create a conflict of interest between the State and the employee or former employee; or

(4) Defense of the action or proceeding would not be in the best interests of the State.

"(b) The determinations required by subsection (a) of this Section shall be made by the Attorney General. The Attorney General may delegate his authority to make these determinations to the chief administrative authority of any agency, institution, board, or commission whose employees are to be defended as provided by subdivisions (a)(3) or (a)(4) of § 143-300.5. Approval of the request by an employee or former employee for provision of defense shall raise a presumption that the determination required by this Section had been made and that no grounds for refusal to defend were discovered.

"§ 143-300.5. Regulations for Providing Defense Counsel. The Governor may issue regulations for the defense of employees or former employees of the State pursuant to this Article through one or more of the following methods as may be appropriate to the employee or class of employees in question:

In any case or proceeding, civil or criminal, in or before any court or agency of this State or any other state or the United States, or in any other matter in which the State of North Carolina is interested, the Governor may employ such special counsel as he may deem proper or necessary to represent the interest of the State, and may fix the compensation for their services.

"(b) The Attorney General shall be counsel for all departments, agencies, institutions, commissions, bureaus or other organized activities of the State which receive support in whole or in part from the State. Whenever the Attorney General shall advise the Governor that it is impracticable for him to render legal services to any State agency, institution, commission, bureau or other organized activity, or to defend a State

employee or former employee as authorized by Article 31A of Chapter 143 of the General Statutes, the Governor may authorize the employment of such counsel, as in his judgment, should be employed to render such services, and may fix the compensation for their services.

AN ACT ENABLING MECKLENBURG COUNTY TO HOLD A SPECIAL ELECTION FOR THE PURPOSE OF CONSIDERING WHETHER THE COUNTY SHALL OR SHALL NOT IMPOSE AND LEVY A SALES AND USE TAX OF ONE PER CENT UPON THE SALE, USE AND OTHER TAXABLE TRANSACTIONS UPON WHICH THE STATE NOW IMPOSES A THREE PER CENT SALES AND USE TAX.

The General Assembly of North Carolina do enact:

Section 1. Purpose and Intent. It is the purpose of this Act to provide Mecklenburg County and its municipalities with an added source of revenue and to assist them in meeting their growing financial needs by providing that said county may by special election adopt and levy a one per cent (1%) sales and use tax as hereinafter provided.

Sec. 2. County Election as to Adoption of Local Sales and Use Tax. The Board of Elections of Mecklenburg County, upon the written request of the Mecklenburg Board of County Commissioners, or upon receipt of a petition signed by qualified voters of the county equal in number to at least fifteen per cent (15%) of the total number of votes cast in the county, at the last preceding election for the office of Governor, shall call a special election for the purpose of submitting to the voters of the county the question of whether a one per cent (1%) sales and use tax as hereinafter provided will be levied:

"The special election shall be held under the same rules and regulations applicable to the election of members of the General Assembly. A new registration of voters is not required and all qualified voters who are properly registered prior to the registration for the special election, as well as those voters who register for the special election, shall be entitled to vote at said election. The Mecklenburg County Board of Elections shall give at least 20 days' public notice prior to the opening of the registration books for the special election, and the registration books shall remain open for the same period of time before the special election as is required by law for a regular election.

"The Mecklenburg County Board of Elections shall prepare ballots for the special election which shall contain the words, 'FOR the one per cent (1%) local sales and use tax', and the words, 'AGAINST the one per cent (1%) local sales and use tax', with appropriate squares so that each voter may designate by his cross (X) mark his preference.

"The Mecklenburg County Board of Elections shall fix the date of the special election; provided, however, that the special election shall not be held on the day of any biennial election for county officers, nor within 60 days thereof, nor within three years from the date of the last preceding special election under this division, at which the local sales and use tax was approved."

Sec. 3. Effective Date of Tax after Special Election Authorizing Levy. In the event a majority of those voting in a special election held under this division shall approve the levy of the local sales and use tax, the tax shall be imposed on the first day of the month following the expiration of

90 days from the date of the election. Upon receipt of a certified statement from the Mecklenburg County Board of Elections of the results of a special election approving the tax in Mecklenburg County, the Commissioner of Revenue shall proceed as authorized in this division to administer the tax in said county.

Sec. 4. Sales Tax Imposed; Limited to Items on Which the State Now Imposes a Three Per Cent (3%) Sales Tax. The sales tax which may be imposed under this division after the holding of a special election is limited to a tax at the rate of one per cent (1%) of: (1) the sale price of those articles of tangible personal property now subject to the three per cent (3%) sales tax imposed by the State under G. S. 105-164.4(1); (2) the gross receipts derived from the lease or rental of tangible personal property where the lease or rental of such property is an established business now subject to the three per cent (3%) sales tax imposed by the State under G. S. 105-164.4(2); (3) the gross receipts derived from the rental of any room or lodging furnished by any hotel, motel, inn, tourist camp or other similar public accommodations now subject to the three per cent (3%) sales tax imposed by the State under G. S. 105-164.4(3); and (4) the gross receipts derived from services rendered by laundries, dry cleaners, cleaning plants and similar type businesses now subject to the three per cent (3%) sales tax imposed by the State under G. S. 105-164.4(4).

"The exemptions and exclusions contained in G. S. 105-164.13 shall apply with equal force and like manner to the local sales tax authorized to be imposed and levied under this division. The county shall have no authority, with respect to the local sales and use tax, imposed under this division, to change, alter, add or delete any exemptions or exclusions contained under G. S. 105-164.13.

"The local sales tax authorized to be imposed and levied under the provisions of this division shall be applicable to such retail sales, leases, rentals, rendering of services, furnishing of lodging or accommodations and other taxable transactions which are made, furnished or rendered by retailers whose place of business is located within the taxing county. The tax imposed shall apply to the furnishing of rooms, lodging or other accommodations within the county which are rented to transients. Provided, however, no tax shall be imposed where the tangible personal property sold is delivered by the retailer or his agent to the purchaser at a point outside this State. No tax shall be imposed where the tangible personal property sold is delivered to the purchaser at a point outside this State or Mecklenburg County. The maximum amount of additional tax imposed by this Act on one sale shall be ten dollars ($10.00)."

Sec. 5. Use Tax Imposed; Limited to Items upon Which the State Now Imposes a Use Tax Under G. S. 105-164.6. The use tax which Mecklenburg County may impose under this division after the holding of a special election shall be an excise tax to be imposed at the rate of one per cent (1%) of the cost price of each item or article of tangible personal property when the same is purchased to be used, consumed or stored in the taxing county, and such use tax may be imposed only on that tangible personal property upon which the State now imposes a use tax

under the provisions of G. S. 105-164.6. Every retailer engaged in business in this State and required to collect the use tax levied by G. S. 105-164.6 shall also collect the one per cent (1%) use tax authorized by this Act to be levied, upon all sales of tangible personal property for use, consumption, or storage in Mecklenburg County, the same to be collected concurrently with the State's use tax; provided, that the use tax contemplated by this Act shall be levied against the purchaser, but liability for such use tax shall be extinguished upon payment of the use tax to the retailer.

"Where a retail sales or use tax has been paid with respect to said tangible personal property in another taxing jurisdiction outside the State of North Carolina by the purchaser thereof, for storage, use or consumption in Mecklenburg County, said tax paid by the purchaser shall be credited against the tax imposed by this division. If the amount of tax paid to another taxing jurisdiction outside the State of North Carolina or County of Mecklenburg is less than the amount of tax imposed by this division, the purchaser shall pay to the Commissioner an amount sufficient to make the tax paid to the other taxing jurisdiction and this State, and Mecklenburg County, equal to the amount imposed by this Act. The Commissioner of Revenue may require such proof of payment of tax to another state as he deems to be necessary and proper. The maximum amount of additional tax imposed by this Act on one sale shall be ten dollars ($10.00)."

Sec. 6. Collection and Administration of Local Sales and Use Tax; Authorization to Promulgate Rules and Regulations. The North Carolina Commissioner of Revenue shall collect the local sales and use tax imposed by Mecklenburg County pursuant to the provisions of this division and shall be charged with the duty of administering the local sales and use tax authorized to be imposed by this division. In addition to the present statutory provisions authorizing the Commissioner of Revenue to adopt and promulgate rules and regulations pertaining to the administration and collection of taxes under this Article, the Commissioner of Revenue is empowered to promulgate such additional rules and regulations as are necessary and proper for the implementation of this division.

Sec. 7. Retail Bracket System; Application to Local Sales and Use Tax. For the convenience of the retailer in collecting the State sales tax due at the rate of three per cent (3%) and the county sales tax due at the rate of one per cent (1%), and to facilitate the administration of this Article, every retailer engaged in or continuing in business in any county wherein the tax imposed and levied herein shall be applicable, is required by this division to add to the sales price and collect from the purchaser on all taxable sales an amount equal to the following:

No amount on sales of less than 10¢
1¢ on sales of 10¢ to 29¢
2¢ on sales of 30¢ to 59¢
3¢ on sales of 60¢ to 84¢
4¢ on sales of 85¢ to $1.12

Sales over $1.12—straight four per cent (4%) with major fractions governing.

The maximum amount of additional tax imposed by this Act on one sale shall be ten dollars ($10.00).

"The use of the bracket system, set out above, shall not relieve the retailer from the duty and liability of collecting and remitting to the Commissioner of Revenue an amount equal to the tax imposed by the State under Article 5 of Chapter 105 of the North Carolina General Statutes and the tax authorized to be imposed by the taxing counties under this division."

Sec. 8. Retailer to Collect Sales Tax. Every retailer whose place of business is in Mecklenburg County shall on and after the levy of the tax herein authorized collect the one per cent (1%) local sales tax provided by this Act.

"The tax to be collected under this division shall be collected as a part of the sales price of the item of tangible personal property sold, the cost price of the item of tangible personal property used, or as a part of the charge for the rendering of any services, renting or leasing of tangible personal property, or the furnishing of any accommodation taxable hereunder. The tax shall be stated and charged separately from the sales price or cost price and shall be shown separately on the retailer's sales record and shall be paid by the purchaser to the retailer as trustee for and on account of the State or county wherein the tax is imposed. It is the intent and purpose of this Article that the local sales and use tax herein authorized to be imposed and levied by Mecklenburg County shall be added to the sales price and that the tax shall be passed on to the purchaser instead of being borne by the retailer. The Commissioner of Revenue shall design, print and furnish to all retailers the necessary forms for filing returns and instructions to insure the full collection from retailers, and the Commissioner may adapt the present form used for the reporting and collecting of the State sales and use tax to this purpose.

Sec. 9. Disposition and Distribution of Taxes Collected; County and Municipalities to Share with Tax Districts. The Commissioner of Revenue shall, on a quarterly basis distribute to Mecklenburg County and municipalities within Mecklenburg County the net proceeds of the tax collected under this division. This amount shall be divided between the county and all municipalities therein in proportion to the total amount of ad valorem taxes levied by each during the fiscal year preceding such distribution. In computing the amount of tax proceeds to be distributed to Mecklenburg County and its municipalities, the amount of any ad valorem taxes levied but not substantially collected shall be ignored. In computing "net proceeds", the Commissioner of Revenue shall determine the cost of collection of said tax and cost of collection of said tax shall be retained by the State before distribution of net proceeds.

Sec. 10. Definitions; Application of Other Provisions of Article 5 of Chapter 105 of the General Statutes of North Carolina; Construction of this Division; Penalties. The definitions set forth in G. S. 105-164.3 shall apply to this division insofar as such definitions are not inconsistent with the provisions of this division, and all other present provisions of Article 5 as the same relate to the State Sales and Use Tax Act shall be applicable to this division unless such provisions are inconsistent with the provisions

of this division. In construing and interpreting the provisions of this division, the Commissioner of Revenue may uniformly apply the administrative interpretations which have heretofore been made by the Department of Revenue as to the State Sales and Use Tax Act. It is the intention of this division that the provisions of this division and the provisions of the State Sales and Use Tax Act, insofar as it is practicable, shall be harmonized.

"The penalty provisions now applicable to the enforcement of the State Sales and Use Tax Act shall be applicable in like manner to the tax authorized to be levied and collected under this division."

If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 11. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 12. This Act shall be in full force and effect upon its ratification.

In the General Assembly read three times and ratified, this the 3rd day of July, 1967.

All insurance and all official fidelity, and surety bonds authorized for the several departments, institutions, and agencies shall be effected and placed by the Insurance Department, and the cost of such placement shall be paid by the department, institution, or agency involved upon bills rendered to and approved by the Insurance Commissioner.

SPECIAL PROVISIONS

Sec. 6. The appropriation made out of the General Fund for the Prison Department includes funds to be transferred or paid to the Dorothea Dix Hospital at Raleigh and Cherry Hospital at Goldsboro for care, custody, and treatment of the criminally insane prisoners, and to the North Carolina Sanatorium for care, custody, and treatment of prisoners who have tuberculosis; with the amount of funds to be determined as follows: At the beginning of each month the Dorothea Dix Hospital at Raleigh, the Cherry Hospital at Goldsboro, and North Carolina Sanatorium shall render to the Prison Department a bill, on the basis of the per capita cost per day for the preceding fiscal year, as may be determined by the Director of the Budget, for the care, custody, and treatment, during the preceding month, of criminally insane prisoners and prisoners who have tuberculosis and who have been transferred from the Prison System to said institutions, and the Prison Department shall pay such bills monthly.

Sec. 7. Appropriations made herein to the various State agencies for the purpose of purchase of medical, dental, and optometric care, services and treatment, including hospitalization, will be disbursed on the basis of fee schedules and rates approved by the Advisory Budget Commission.

Sec. 8. The Director of the Budget is authorized and empowered to transfer, as between the three institutions, the appropriations made in this Act for the North Carolina School for the Deaf, the Eastern North Carolina School for the Deaf, and the Governor Morehead School, when in his opinion it shall be deemed to be in the best interest of the State.

Sec. 9. Funds appropriated herein to the State Board of Education to provide for additional teachers and/or for specified purposes shall be used for those purposes, and may not be diverted to any other use, except in emergency situations as determined by the Governor and the Advisory Budget Commission.

Sec. 10. It is the intention of this Act that, as to new units except those herein authorized, no recommendations for establishment of additional units shall be made by the Department of Community Colleges in the absence of a showing of a clear and urgent need in a particular area of the State, to the end that during the 1969-71 biennium adequate support may be provided for equipping and upgrading the operations, and for providing State matching funds for capital improvements, at existing institutions.

It is the further intention of this Act that it shall be the announced policy of the Department of Community Colleges that, as to capital improvement projects, no construction contracts may be let until it has been clearly established that funds are available for the related permanent equipment.

In order to assure a fair and equitable apportionment of teaching salary funds to each institution of the Community College System, the funds appropriated to the State Board of Education, Department of Community Colleges, (Budget Code 18062) in this Act may be used by the State Board of Education to establish a State-wide salary schedule making available to each institution an average curriculum teacher salary for 12 months service of eight thousand nine hundred dollars ($8,900) in fiscal

year 1967-68 and of nine thousand six hundred dollars ($9,600) in fiscal year 1968-69, or so near such State-wide average salary each year as may be possible within the funds herein appropriated for operation of the institutions of the Community College System.

Sec. 11. The Director of the Budget shall require that the Highway Fund, other special funds employing personnel, and other operations employing personnel and which are designated by the resolution of the Governor and Advisory Budget Commission as self-supporting operations shall budget as a line item object of expenditure sufficient funds to pay their employer proportion of contributions to the Teachers' and State Employees' Retirement System as required by the Act creating said system.

No part of the appropriation made in Section 2 of this Act to the Teachers' and State Employees' Retirement System as "contributions" under Title XII-2 shall be used to supply the State's or employer's contribution for retirement system purposes or Social Security purposes with respect to the compensation of any State employee (1) whose compensation is paid out of receipts of any state institution or agency (other than gifts, including foundation funds), which receipts are deposited in institutional funds for the specific purpose of paying the compensation of such employee, or (2) who performs his duties for an operation or activity designated by the Director of the Budget as a self-supporting operation or activity, or (3) who performs his duties for an operation or activity not directly supported by an appropriation from the State General Fund. In those instances in which an employee's salary is paid in part from the General Fund or from gifts (including foundations) and in part from receipts of the State institution or agency (other than gifts, including foundation funds), which receipts are deposited in institutional funds for the specific purpose of paying part of the compensation of such State employee, the appropriation described above shall be used to pay a portion of the employer's contribution for retirement and social security equal to that proportion of the employee's total salary paid from the General Fund or from gifts (including foundations), and the remainder of the employer's contribution shall be paid from the same sources as supply the remainder of such employee's salary. It is the intent and purpose of this Act that, when retirement system or social security matching funds are required to be made on behalf of the State as an employer in the situations described above in this paragraph, such matching funds to the extent necessary shall be paid out of the funds of the institution or operation or activity described above in this paragraph. Any question as to the applicability of this paragraph shall be resolved by the Director of the Budget and the Advisory Budget Commission.

Sec. 12. Subject to rules and regulations promulgated by the Department of Administration and approved by the Director of the Budget any State department, institution, or agency of the State is hereby authorized to expend, from appropriations made in this Act, funds to pay the expenses of transporting the household goods and furniture of an employee and members of his household when such an employee is directed by the employing agency to transfer from one location to another.

Sec. 13. Subject to a recommendation of the Advisory Budget Commission, funds not to exceed one hundred thousand dollars ($100,000) for each year of the biennium 1967-69 may be allotted out of the Contingency and Emergency Appropriation for use by the State Department of Agriculture, North Carolina Experiment Station, and the U. S. Department of Agriculture, for a witch weed control program; and, subject to a recommendation by the Advisory Budget Commission, funds not to exceed fifty thousand dollars ($50,000) each year may be allotted out of the Contingency and Emergency Fund for use by the State Department of Agriculture for payment of hog cholera indemnities.

SALARIES AND WAGES

Sec. 14. The Director of the Budget is authorized and empowered to transfer from the appropriations for salary increases of State employees subject to the Personnel Act, such sums as may be required to increase salaries in effect on June 30, 1967 under the salary schedule established by the State Personnel Board. The Director of the Budget is further authorized to transfer any unexpended balance which may remain at the end of each fiscal year, after the provisions of this Section have been fully met, from the appropriations for Salary Increases of State Employees Subject to the Personnel Act, to the appropriations for Salary Adjustments of State Employees.

The appropriations for salary increases of State employees who are subject to the State Personnel Act shall be transferred by the Director of the Budget to departments, institutions and agencies in such amounts as may be required to increase salaries, commencing July 1, 1967, for all full-time, permanent employees in accordance with the following provisions: For granting a six per cent (6%) Legislative salary increase to each permanent full-time employee who is subject to the provisions of the State Personnel Act. This six per cent (6%) increase shall be based on each employee's monthly salary in effect on June 30, 1967, and may be rounded to conform to the steps in the salary ranges adopted by the State Personnel Board.

The provisions of this Section shall be applied to increase salaries paid out of special funds or from sources other than tax revenues; provided, the necessary funds are made available from operations or from sponsoring agents. The Director of the Budget is authorized and empowered to allocate out of special operating funds, under which personnel are employed, sufficient funds to conform with the provisions of this Section; provided, funds are available or made available by the sponsoring agents.

Salaries for positions which are paid from funds which are partially from the General Fund and partially from sources other than the General Fund shall be increased from the General Fund appropriation only to the extent of the proportionate part paid from the General Fund.

The salary increases for employees whose salaries are paid from receipts received from self-supporting activities shall be contingent upon availability of funds out of receipts, which shall be determined by the Director of the Budget.

The salary increases shall not affect the status of eligibility for automatic and/or merit salary increments for which the employee may be eligible for the fiscal years 1967-69 notwithstanding the granting of the Legislative salary increase.

The salary ranges for all employees under the Personnel Act shall be increased, so far as the maximum is concerned, by an amount equal to this Legislative salary increase to the end that, after the salary increase provided for in this Act is made, every employee will continue to have the same relative position with respect to salary increase and future increments as he would have had if the salary increases provided by this Act had not been made.

The salary increase provided in this Act shall not apply to persons separated from State service due to resignation, dismissal, reduction in force, death or retirement, whose last work day is prior to July 1, 1967.

Sec. 14.1. Sec. 16. If any Section or provision of this Act be declared unconstitutional or invalid by the courts, the same shall not affect the validity of the Act as a whole or any part other than the part so declared to be unconstitutional or invalid.

Sec. 17. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 18. This Act shall become effective on July 1, 1967.

The General Assembly of North Carolina do enact:

Section 1. The Inheritance Tax Article of the Revenue Act, being Article 1 of Chapter 105 of the General Statutes, is hereby amended by:

(a) Rewriting and subdividing the first paragraph of subdivision (5) of G. S. 105-2 to read as follows:

"(5) (a) For purposes of this Article, the term 'general power of appointment' means a power which is exercisable in favor of the decedent, his estate, his creditors, or the creditors of his estate; except that:

1. A power to consume, invade or appropriate property for the benefit of the decedent which is limited by an ascertainable standard relating to the health, education, support or maintenance of the decedent shall not be deemed a general power of appointment.

2. A power of appointment which is exercisable by the decedent only in conjunction with another person:

a. If the power is not exercisable by the decedent except in conjunction with the creator of the power, such power shall not be deemed a general power of appointment.

b. If the power is not exercisable by the decedent except in conjunction with a person having a substantial interest in the property, subject to the power, which is adverse to exercise of the power in favor of the decedent, such power shall not be deemed a general power of appointment. For the purposes of this clause a person who, after the death of the decedent, may be possessed of a power of appointment (with respect to the property subject to the decedent's power) which he may exercise in his own favor shall be deemed as having an interest in the property and such interest shall be deemed adverse to such exercise of the decedent's power.

c. If (after the application of clauses a. and b.) the power is a general power of appointment and is exercisable in favor of such other person, such power shall be deemed a general power of appointment only in respect of a fractional part of the property subject to such power, such part to be determined by dividing the value of such property by the number of such persons (including the decedent) in favor of whom such power is exercisable.

d. For purposes of clauses b. and c., a power shall be deemed to be exercisable in favor of a person if it is exercisable in favor of such person, his estate, his creditors, or the creditors of his estate.

"(b) Whenever any person shall have a general power of appointment with respect to any interest in property, such persons shall, for the purposes of this Article, be deemed the owner of such interest and accordingly:"; and by deleting the designations "a.", "b." and "c." from lines 11, 16, 23, respectively, of subdivisions (5) of G. S. 105-2 and substituting therefor the numerals "1.", "2." and "3.".

(b) Section 105-19 of the General Statutes of North Carolina is hereby amended by striking out the words "the legacy or devise" immediately following the word "if" and immediately preceding the word "subject" in line 1 thereof and by substituting in lieu thereof the following words: "any transfer,"; and further by striking out the word "given" immediately after the word "be" and immediately before the word "to" in line 1 thereof and substituting in lieu thereof the word "made".

Sec. 2. The Franchise Tax Article of the Revenue Act, being Article 3 of Subchapter I of Chapter 105 of the North Carolina General Statutes is hereby amended by:

"There shall be annexed to the return required by this subsection the affirmation of the officer signing the return in the following form: 'Under penalties prescribed by law, I hereby affirm that to the best of my knowledge and belief this return, including any accompanying schedules and

statements, is true and complete. If prepared by a person other than taxpayer, his affirmation is based on all information of which he has any knowledge.' "

(b) Deleting the first five lines of subsection (c) of G. S. 105-122 and rewriting subdivision (c)(1) of that Section to read as follows:

"(c)(1) After ascertaining and determining the amount of its capital stock, surplus and undivided profits, as provided herein, every such corporation permitted to allocate and apportion its net income for income tax purposes under the provisions of Article 4 of this chapter shall apportion said capital stock, surplus and undivided profits to this State through use of the fraction computed for apportionment of its business income under said Article.

"Provided, that although a corporation is authorized by the Tax Review Board to apportion its business income by use of an alternative formula or method, the corporation may not use such alternative formula or method for apportioning its capital stock, surplus and undivided profits unless specifically authorized to do so by order of the Tax Review Board.

"Provided, further, that a corporation which is required to pay an income tax to this State on its entire net income shall apportion its entire capital stock, surplus and undivided profits to this State."; deleting subdivision (2) of subsection (c) of G. S. 105-122 and by redesignating subdivisions (3) and (4) of that subsection as subdivisions "(2)" and "(3)" respectively.

(c) Rewriting G. S. 105-123 as the same appears after having been amended by Chapter 286 of the Session Laws of 1967 to read as follows:

"§ 105-123. New Corporations. (a) No corporation shall be permitted to do business in this State without paying the franchise tax levied in this Article. When a corporation is incorporated, domesticated or commences business in this State, it shall on or before the sixtieth day following the date of its incorporation, domestication or commencement of business in this State make and deliver to the Commissioner of Revenue in such form as he may prescribe a full, accurate and complete return and statement signed by either its president, vice president, treasurer, assistant treasurer, secretary or assistant secretary containing such facts and information as may be required by the Commissioner of Revenue in the administration of the tax levied under this Article. There shall be annexed to the return the affirmation of the officer signing the same, which shall be in the form prescribed in G. S. 105-122.

"Every corporation subject to the provisions of this Section shall pay a franchise tax of ten dollars ($10.00) which shall be due at the time the return is due and which shall be for the period from date of incorporation, domestication or commencement of business in this State through the last day of the then current income year. In no case shall such period exceed 53 weeks.

"(b) Any corporation failing to file the return or pay the tax provided for in subsection (a) of this Section within the time specified shall be subject to all penalties and remedies as by law prescribed."

(d) Deleting from line 2 of G. S. 105-125 the following references: "§§ 105-122 and 105-123", and inserting in lieu thereof the words "this

Article"; and by inserting after the word "to" and preceding the word "religious" in line 2 of G. S. 105-125 the word and punctuation "charitable,".

(e) Deleting from line 9 of the second paragraph of subsection (b) of G. S. 105-122 the reference "§ 105-143" and by substituting in lieu thereof the reference "§ 105-130.6".

(b) Rewriting G. S. 105-130 to read as follows:

"§ 105-130. Short Title. This division of the income tax Article shall be known and may be cited as the Corporation Income Tax Act.

(c) Adding new Sections to be designated 105-130.1 through 105-130.21 and to read as follows:

"§ 105-130.1. Purpose. The general purpose of this division is to impose a tax for the use of the State government upon the net income of every domestic corporation and of every foreign corporation doing business in this State.

"The tax imposed upon the net income of corporations in this division is in addition to all other taxes imposed under this subchapter.

"§ 105-130.2. Definitions. For the purpose of this division, and unless otherwise required by the context:

(1) The word 'taxpayer' includes any corporation subject to the tax imposed by this division.

(2) The word 'corporation' includes joint-stock companies or associations and insurance companies.

(3) The words 'domestic corporation' mean any corporation organized under the laws of this State.

(4) The words 'foreign corporation' mean any corporation other than a domestic corporation.

(5) The words 'income year' or 'taxable year' mean the calendar year or the fiscal year upon the basis of which the net income is computed under this division; provided, that if no fiscal year has been established, they mean the calendar year, except that in the case of a return made for a fractional part of a year under the provisions of this division or under rules or regulations prescribed by the Commissioner of Revenue, the words 'income year' or 'taxable year' mean the period for which such return is made.

(6) The words 'fiscal year' mean an income year, ending on the last day of any month other than December. A corporation which pursuant to the provisions of the Federal Internal Revenue Code of 1954 has elected to compute its income tax liability to the United States on the basis of an annual period varying from 52 to 53 weeks shall compute its taxable income for the purposes of this division on the basis of the same period used by such corporation in accordance with the Federal Internal Revenue Code of 1954 in computing its tax liability to the United States for such income year.

"§ 105-130.3. Corporations. Every corporation doing business in this State shall pay annually an income tax equivalent to six per cent (6%) of its net income or the portion thereof allocated and apportioned to this State. The net income or net loss of such corporation shall be the same as 'taxable income' as defined in the Internal Revenue Code in effect on the effective date of this division, subject to the adjustments provided in G. S. 105-130.5.

"If the entire business of the corporation is done within this State or if the corporation is not taxable in another state within the meaning of subdivision (2) of G. S. 105-130.4, the tax shall be measured by the entire net income of the corporation for the income year.

"If the business of the corporation is taxable both within and without this State, its entire net income or net loss shall be allocated and apportioned in accordance with the provisions of G. S. 105-130.4.

"§ 105-130.4. Allocation and Apportionment of Income for Corporations.

"(1) As used in this Section, unless the context otherwise requires:

a. 'Business income' means income arising from transactions and activity in the regular course of the corporation's trade or business and includes income from tangible and intangible property if the acquisition, management, and/or disposition of the property constitute integral parts of the corporation's regular trade or business operations.

b. 'Commercial domicile' means the principal place from which the trade or business of the taxpayer is directed or managed.

c. 'Compensation' means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.

d. 'Excluded corporation' means any corporation engaged in the business of dealing in securities, any loan company, or any other corporation, which receives more than fifty per cent (50%) of its ordinary gross income from investments in and/or dealing in intangible property.

e. 'Nonbusiness income' means all income other than business income.

f. 'Public utility' means any corporation which is subject to control of North Carolina Utilities Commission and/or Federal Communications Commission, Interstate Commerce Commission, Federal Power Commission and Federal Aviation Agency and which owns or operates for public use any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, or the production, storage, transmission, sale, delivery or furnishing of electricity, water, steam, oil, oil products, or gas.

g. 'Sales' means all gross receipts of the corporation except receipts from any casual sale of property and except receipts allocated under subdivisions (3) through (8) of this Section.

h. 'Casual sale of property' means the sale of any property which was not purchased, produced or acquired primarily for sale in the corporation's regular trade or business.

i. 'State' means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

"(2) A corporation having income from business activity which is taxable both within and without this State shall allocate and apportion its net income or net loss as provided in this Section. For purposes of allocation and apportionment, a corporation is taxable in another state if (1) in that state it is subject to a net income tax, or any tax measured by net income, or (2) that state has jurisdiction to subject the corporation to a tax measured by net income regardless of whether, in fact, that state exercises such jurisdiction.

"(3) Rents and royalties from real or tangible personal property, gains and losses, interest, dividends less the portion deductible under G. S. 105-130.7, patent and copyright royalties and other kinds of income, to the extent that they constitute nonbusiness income, less related expenses shall be allocated as provided in subdivisions (4) through (8) of this Section.

"(4) a. Net rents and royalties from real property located in this State are allocable to this State.

b. Net rents and royalties from tangible personal property are allocable to this State:

1. if and to the extent that the property is utilized in this State, or

2. in their entirety if the corporation's commercial domicile is in this State and the corporation is not organized under the laws of, or is not taxable in, the state in which the property is utilized.

c. The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the income year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the income year. If the physical location of the property during the rental or royalty period is unkown or unascertainable by the corporation, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

"(5) a. Gains and losses from sales or other disposition of real property located in this State are allocable to this State.

b. Gains and losses from sales or other disposition of tangible personal property are allocable to this State if

1. the property had a situs in this State at the time of the sale, or

2. the corporation's commercial domicile is in this State and the corporation is not taxable in the state in which the property had a situs.

c. Gains and losses from sales or other disposition of intangible personal property are allocable to this State if the corporation's commercial domicile is in this State.

"(6) Interest and net dividends are allocable to this State if the corporation's commercial domicile is in this State subject to the following limitations:

a. Net dividends received by a corporation from another corporation in which the recipient corporation owns fifty (50%) or more per centum of the paying corporation's voting stock, shall be allocated to this State

if the paying corporation is subject to income tax in this State. In such case, the net amount of such dividends received by the recipient corporation from the paying corporation is allocable to this State by use of the same percentage figure used in determining the portion of the paying corporation's dividends deductible under the provisions of G. S. 105-130.7.

b. For purposes of this Section, the net amount of dividends shall mean gross dividend income received less related expenses and less that portion of such dividends deductible under the provisions of G. S. 105-130.7.

"(7) a. Royalties or similar income received from the use of patents, copyrights, secret processes and other similar intangible property are allocable to this State:

1. if and to the extent that the patent, copyright, secret process or other similar intangible property is utilized in this State, or

2. if and to the extent that the patent, copyright, secret process or other similar intangible property is utilized in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this State.

b. A patent, secret process or other similar intangible property is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, processing, or other use in the state or to the extent that a patented product is produced in the state. If the basis of receipts from such intangible property does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the intangible property is utilized in the state in which the taxpayer's commercial domicile is located.

c. A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

"(8) The income less related expenses from any other nonbusiness activities or investments not otherwise specified in this Section is allocable to this State if the business situs of the activities or investments are located in this State.

"(9) All business income of corporations other than public utilities and excluded corporations shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three. Provided, that where less than three of the said factors exist, the denominator of the fraction shall be the same as the number of existing factors.

"(10) a. The property factor is a fraction, the numerator of which is the average value of the corporation's real and tangible personal property owned or rented and used in this State during the income year and the denominator of which is the average value of all the corporation's real and tangible personal property owned or rented and used during the income year.

b. Property owned by the corporation is valued at its original cost. Property rented by the corporation is valued at eight times the net annual

rental rate. Net annual rental rate is the annual rental rate paid by the corporation less any annual rental rate received by the corporation from sub-rentals. Any property under construction or any property which had not been actually used or operated in the corporation's business during the income year and any property the income from which constitutes nonbusiness income shall be excluded in the computation of the property factor.

c. The average value of property shall be determined by averaging the values at the beginning and end of the income year, but in all cases the Commissioner of Revenue may require the averaging of monthly or other periodic values during the income year if reasonably required to reflect properly the average value of the corporation's property. A corporation which ceases its operations in this State before the end of its income year because of its intention to dissolve or to relinquish its certificate of authority, or because of a merger or consolidation, or for any other reason whatsoever shall use the real estate and tangible personal property values as of the first day of the income year and the last day of its operations in this State in determining the average value of property, but the Commissioner may require averaging of monthly or other periodic values during the income year if reasonably required to reflect properly the average value of the corporation's property.

"(11) a. The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the income year by the corporation as compensation, and the denominator of which is the total compensation paid everywhere during the income year. All compensation paid to general executive officers and all compensation paid in connection with nonbusiness income shall be excluded in computing the payroll factor. General executive officers shall include the chairman of the board, president, vice presidents, secretary, treasurer, comptroller, and any other officer serving in similar capacities.

b. Compensation is paid in this State if:

1. the individual's service is performed entirely within the State; or

2. the individual's service is performed both within and without the State, but the service performed without the State is incidental to the individual's service within the State; or

3. some of the service is performed in this State and (1) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in this State, or (2) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.

"(12) a. The sales factor is a fraction, the numerator of which is the total sales of the corporation in this State during the income year, and the denominator of which is the total sales of the corporation everywhere during the income year. Notwithstanding any other provision under this division, the receipts from any casual sale of property shall be excluded from both the numerator and the denominator of the sales factor. Where a corporation is not taxable in another state on its business income but

is taxable in another state only because of nonbusiness income, all sales shall be treated as having been made in this State.

b. Sales of tangible personal property are in this State if the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed shall be considered as the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State shall constitute delivery to the purchaser in this State.

c. Other sales are in this State if:

1. The receipts are from real or tangible personal property located in this State; or

2. The receipts are from intangible property and are received from sources within this State; or

3. The receipts are from services and the income-producing activities are in this State.

"(13) All business income of a railroad company shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the 'railway operating revenue' from business done within this State and the denominator of which is the 'total railway operating revenue' from all business done by the company as shown by its records kept in accordance with the standard classification of accounts prescribed by the Interstate Commerce Commission.

" 'Railway operating revenue' from business done within this State shall mean 'railway operating revenue' from business wholly within this State, plus the equal mileage proportion within this State of each item of 'railway operating revenue' received from the interstate business of the company. 'Equal mileage proportion' shall mean the proportion which the distance of movement of property and passengers over lines in this State bears to the total distance of movement of property and passengers over lines of the company receiving such revenue. 'Interstate business' shall mean 'railway operating revenue' from the interstate transportation of persons or property into, out of, or through this State. If the Commissioner of Revenue shall find, with respect to any particular company, that its accounting records are not kept so as to reflect with exact accuracy such division of revenue by state lines as to each transaction involving interstate revenue, the Commissioner of Revenue may adopt such regulations, based upon averages, as will approximate with reasonable accuracy the proportion of interstate revenue actually earned upon lines in this State. Provided, that where a railroad is being operated by a partnership which is treated as a corporation for income tax purposes and pays a net income tax to this State, or if located in another state would be so treated and so pay as if located in this State, each partner's share of the net profits shall be considered as dividends paid by a corporation for purposes of this division and shall be so treated for inclusion in gross income, deductibility, and separate allocation of dividend income.

"(14) All business income of a telephone company shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is gross operating revenue from local service in this State plus gross operating revenue from toll services performed wholly within this State plus the proportion of revenue from interstate toll services attributable to this State as shown by the records of the company plus the gross operating revenue in North Carolina from other service less the uncollectible revenue in this State, and the denominator of which is the total gross operating revenue from all business done by the company everywhere less total uncollectible revenue. Provided, that where a telephone company is required to keep its records in accordance with the standard classification of accounts prescribed by the Federal Communications Commission the amounts in such accounts shall be used in computing the apportionment fraction as provided in this subdivision.

"(15) All business income of a motor carrier of property shall be apportioned by multiplying the income by a fraction, the numerator of which is the number of vehicle miles in this State and the denominator of which is the total number of vehicle miles of the company everywhere. The words 'vehicle miles' shall mean miles traveled by vehicles owned or operated by the company hauling property for a charge or traveling on a scheduled route.

"(16) All business income of a motor carrier of passengers shall be apportioned by multiplying the income by a fraction, the numerator of which is the number of vehicle miles in this State and the denominator of which is the total number of vehicle miles of the company everywhere. The words 'vehicle miles' shall mean miles traveled by vehicles owned or operated by the company carrying passengers for a fare or traveling on a scheduled route.

"(17) All business income of a telegraph company shall be apportioned by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor and the denominator of which is three.

"The property factor shall be as defined in subdivision (10) of this Section, the payroll factor shall be as defined in subdivision (11) of this Section, and the sales factor shall be as defined in subdivision (12) of this Section.

"(18) All business income of an excluded corporation and of all other public utilities shall be apportioned by multiplying the income by the sales factor as determined under subdivision (12) of this Section.

"(19) a. If any corporation believes that the method of allocation or apportionment as administered by the Commissioner of Revenue has operated or will so operate as to subject it to taxation on a greater portion of its income than is reasonably attributable to business or earnings within the State, it shall be entitled to file with the Tax Review Board a petition setting forth the facts upon which its belief is based and its argument with respect to the application of the allocation formula. This petition shall be filed in such form and within such time as the Tax Review Board may prescribe. The Board shall grant a hearing thereon. At least three members of the Tax Review Board shall attend any hearing pursuant to such petition.

In such cases, the Tax Review Board's membership shall be augmented by the addition of the Commissioner of Revenue who shall sit as a member of said Board with full power to participate in its deliberations and decisions with respect to petitions filed under the provisions of this Section. An informal record containing in substance the evidence, contentions and arguments presented at the hearing shall be made. All members of the augmented Tax Review Board shall consider such evidence, contentions and arguments and the decisions thereon shall be made by a majority vote of the augmented Board.

b. If the corporation shall employ in its books of account a detailed allocation of receipts and expenditures which reflects more clearly than the applicable allocation formula prescribed by this Section the income attributable to the business within this State, application for permission to base the return upon the taxpayer's books of account shall be considered by the Tax Review Board. The Board shall be authorized to permit such separate accounting method in lieu of applying the applicable allocation formula if the Board deems such method proper as best reflecting the income and earnings attributable to this State.

c. If the corporation shall show that any other method of allocation than the applicable allocation formula prescribed by this Section reflects more clearly the income attributable to the business within this State, application for permission to base the return upon such other method shall be considered by the Tax Review Board. The application shall be accompanied by a statement setting forth in detail, with full explanations, the method the corporation believes will more nearly reflect its income from business within this State. If the Board shall conclude that the allocation formula prescribed by this Section allocates to this State a greater portion of the net income of the corporation than is reasonably attributable to business or earnings within this State, it shall determine the allocable net income by such other method as it shall find best calculated to assign to this State for taxation the portion of the corporation's net income reasonably attributable to its business or earnings within this State.

d. There shall be a presumption that the appropriate allocation formula reasonably attributes to this State the portion of the corporation's income earned in this State, and the burden shall rest upon the corporation to show the contrary. The relief herein authorized shall be granted by the Board only in cases of clear, cogent and convincing proof that the petitioning corporation is entitled thereto. No corporation shall use any alternative formula or method other than the applicable allocation formula provided by statute in making a report or return of its income to this State except upon order in writing of the Board, and any return in which any alternative formula or other method, other than the applicable allocation formula prescribed by statute, is used without permission of the Board shall not be a lawful return.

When the Board determines, pursuant to the provisions of this subdivision, that an alternative formula or other method more accurately reflects the income allocable to North Carolina and renders its decision with regard thereto, the corporation shall allocate its net income for future years in accordance with such determination and decision of the Board so

long as the conditions constituting the basis upon which the decision was made remain unchanged or until such time as the business method of operation of the corporation changes. Provided, however, that the Commissioner of Revenue may, in his discretion, with respect to any subsequent year, require the corporation to furnish information relating to its property, operations, and activities.

e. A corporation which proposes to do business in this State may file a petition with the Board setting forth the facts upon which it contends that the applicable allocation formula will allocate a greater portion of the corporation's future income to North Carolina than will be reasonably attributable to its proposed business or contemplated earnings within the State. Upon a proper showing in accordance with the procedure described above for determinations by the Board, the Board may authorize such corporation to allocate income from its future business to North Carolina on the basis prescribed by the Board under the provisions of this Section for such future years if the conditions constituting the basis upon which the Board's decision is made remain unchanged and the business operations of the corporation continue to conform to the statement of proposed methods of business operation presented by the corporation to the Board.

f. When the Commissioner of Revenue asserts liability under the formula adjustment decision of the Tax Review Board, an aggrieved corporation may pay the tax and bring a civil action for recovery under the provisions of Article 9.

"§ 105-130.5. Adjustments to Federal Taxable Income in Determining State Net Income.

a. The following additions to federal taxable income shall be made in determining State net income:

(1) Taxes based on or measured by net income by whatever name called and excess profits taxes;

(2) Interest deemed excessive under G. S. 105-130.6 and interest paid in connection with income exempt from taxation under this division;

(3) The contributions deduction allowed by the Internal Revenue Code;

(4) Interest income earned on bonds and other obligations of other states or their political subdivisions, less allowable amortization on any bond acquired on or after January 1, 1963;

(5) The amount by which gains have been offset by the capital loss carryover allowed under the Internal Revenue Code. All gains recognized on the sale or other disposition of assets must be included in determining State net income or loss in the year of disposition;

(6) The net operating loss deduction allowed by the Internal Revenue Code; and

(7) Special deductions allowable under Sections 241 to 247, inclusive, of the Internal Revenue Code.

b. The following deductions from federal taxable income shall be made in determining State net income:

(1) Interest upon the obligations of the United States or its possessions, to the extent included in federal taxable income: Provided, interest upon the obligations of the United States shall not be an allowable deduction unless interest upon obligations of the State of North Carolina or any of

its political subdivisions is exempt from income taxes imposed by the United States;

(2) Interest received by a corporation on indebtedness owed to it by its parent, subsidiary, or an affiliated corporation which in the determination of the net income or net loss of such subsidiary or affiliated corporation was not allowed as a deduction under the provisions of G. S. 105-130.6;

(3) The deductible portion of dividends from stock issued by any corporation as provided under G. S. 105-130.7;

(4) Losses in the nature of net economic losses sustained by the corporation in any or all of the five preceding years pursuant to the provisions of G. S. 105-130.8. Provided, a corporation required to allocate and apportion its net income under the provisions of G. S. 105-130.4 shall deduct its allocable net economic loss only from total income allocable to this State pursuant to the provisions of G. S. 105-130.8;

(5) Contributions or gifts made by any corporation within the income year to the extent provided under G. S. 105-130.9;

(6) Amortization in excess of depreciation allowed for federal income tax purposes on the cost of any sewage or waste treatment plant as provided in G. S. 105-130.10;

(7) Depreciation of emergency facilities acquired prior to January 1, 1955. Any corporation shall be permitted to depreciate any emergency facility, as such is defined in Section 168 of the Internal Revenue Code, over its useful life, provided such facility was acquired prior to January 1, 1955, and no amortization has been claimed on such facility for State income tax purposes; and

(8) The amount of losses realized on the sale or other disposition of assets not allowed under Section 1211(a) of the Internal Revenue Code. All losses recognized on the sale or other disposition of assets must be included in determining State net income or loss in the year of disposition.

c. The following other adjustments to federal taxable income shall be made in determining State net income:

(1) Any gains or losses realized from the sale or exchange by a corporation of its property in a liquidation under Section 337 of the Internal Revenue Code which are applicable to proceeds distributable to shareholders whose income is not taxed under the North Carolina income tax laws must be included in determining State net income.

(2) In determining State net income, no deduction shall be allowed for annual amortization of bond premiums applicable to any bond acquired prior to January 1, 1963. The amount of premium paid on any such bond shall be deductible only in the year of sale or other disposition.

(3) Federal taxable income must be increased or decreased to account for any difference in the amount of depreciation, amortization, or gains or losses applicable to property which has been depreciated or amortized by use of a different basis or rate for State income tax purposes than used for federal income tax purposes prior to the effective date of this division.

"§ 105-130.6. Subsidiary and Affiliated Corporations. The net income of a corporation doing business in this State which is a parent, subsidiary or affiliate of another corporation shall be determined by eliminating all payments to or charges by a parent, subsidiary or affiliated corporation

in excess of fair compensation in all inter-company transactions of any kind whatsoever. Interest payments between such corporations computed at a rate in excess of six per cent (6%) per annum shall be considered excessive. If the Commissioner of Revenue shall find as a fact that a report by such corporation does not disclose the true earnings of such corporation on its business carried on in this State, the Commissioner may require that such corporation file a consolidated return of the entire operations of the parent corporation and of its subsidiaries and affiliates, including its own operations and income, and shall determine the true amount of net income earned by such corporation in this State as provided herein. The combined net income of such corporation and of its parent, subsidiaries and affiliates shall be apportioned to this State by use of the applicable apportionment formula required to be used by such corporation under G. S. 105-130.4. In such cases there shall be included in the apportionment formula the property, payrolls and sales of all corporations for which the return is made. For the purposes of this Section, a corporation shall be deemed a subsidiary of another corporation hereby designated the parent corporation, when, directly or indirectly, it is subject to control by such other corporation by stock ownership, interlocking directors, or by any other means whatsoever exercised by the same or associated financial interests, whether such control is direct or through one or more subsidiary, affiliated, or controlled corporations, and a corporation shall be deemed an affiliate of another corporation when both are directly or indirectly controlled by the same parent corporation or by the same or associated financial interests by stock ownership, interlocking directors, or by any other means whatsoever, whether such control be direct or through one or more subsidiary, affiliated or controlled corporations. Upon such finding by the Commissioner of Revenue, the consolidated return authorized by this Section may be required whether the parent or controlling corporation or interests or its subsidiaries or affiliates, other than the taxpayer, are or are not doing business in this State.

"If such consolidated return is required and is not filed within 60 days after demand, said parent, subsidiary or affiliated corporation shall be subject to the penalty provided in this Act for failure to file return and, in addition, shall be subject to the penalty provided in G. S. 105-230, and in such event the provisions of G. S. 105-236 shall apply.

"Such parent, subsidiary or affiliated corporation shall incorporate in its return required under this Section such information as the Commissioner of Revenue may reasonably require for the determination of the net income taxable under this division, and shall furnish such additional information as the Commissioner may reasonably require. If the return does not contain the information therein required or such additional information is not furnished within 30 days after demand, the corporation shall be subject to a penalty of one hundred dollars ($100.00) for each day's omission, in addition to the penalty provided in G. S. 105-230.

"If the Commissioner finds that the determination of the income of a parent, subsidiary or affiliated corporation under a consolidated return as herein provided will produce a greater or lesser figure than the amount of income earned in this State, he may readjust the determination by

reasonable methods of computation to make it conform to the amount of income earned in this State; and if the corporation contends the figure produced is greater than the earnings in this State, it shall within 30 days after notice of such determination, file with the Commissioner a statement of its objections and of an alternative method of determination with such detail and proof as the Commissioner may require, and the Commissioner shall consider the same in determining the income earned in this State. In making such determination, the findings and conclusions of the Commissioner shall be presumed to be correct and shall not be set aside unless shown to be plainly wrong.

"§ 105-130.7. Deductible Portion of Dividends. Dividends from stock issued by any corporation shall be deducted to the extent herein provided.

(1) As soon as may be practicable after the close of each calendar year, the Commissioner of Revenue shall determine from each corporate income tax return filed with him during such year, and due from the filing corporation during such year, the proportion of the entire net income or loss of the corporation allocable to this State under the provisions of G. S. 105-130.4, except as provided herein; if a corporation has a net income in North Carolina and a net loss from all sources wherever located, or if a corporation has a net loss in North Carolina and a net income from all sources wherever located, the Commissioner shall require the use of the allocation fraction determined under the provisions of G. S. 105-130.4. A corporation which is a stockholder in any such corporation shall be allowed to deduct the same proportion of the dividends received by it from such corporation during its income year ending at or after the end of such calendar year. No deduction shall be allowed for any part of any dividend received by such corporation from any corporation which filed no income tax return with the Commissioner of Revenue during such calendar year.

(2) Dividends received by a corporation from stock in any insurance company of this State taxed under the provisions of G. S. 105-228.5 shall be deductible by such corporation, and a proportionate part of any dividends received from stock in any foreign insurance corporation shall be deductible, such part to be determined on the basis of the ratio of premiums reported for taxation in this State to total premiums collected both in and out of this State.

(3) Dividends received by a corporation from stock in any bank or trust company in this State taxed under the provisions of Article 8C of this chapter shall be deductible.

(4) A corporation shall be allowed to deduct such proportionate part of dividends received by it from a regulated investment company or a real estate investment trust, as defined in G. S. 105-130.12, as represents and corresponds to income received by such regulated investment company or real estate investment trust which would not be taxed by this State if received directly by the corporation.

"§ 105-130.8. Net Economic Loss. Net economic losses sustained by a corporation in any or all of the five preceding income years shall be allowed as a deduction to such corporation subject to the following limitations:

(1) The purpose in allowing the deduction of a net economic loss of a prior year or years is that of granting some measure of relief to the

corporation which has incurred economic misfortune or which is otherwise materially affected by strict adherence to the annual accounting rule in the determination of net income. The deduction herein specified does not authorize the carrying forward of any particular items or category of loss except to the extent that such loss or losses shall result in the impairment of the net economic situation of the corporation so as to result in a net economic loss as hereinafter defined.

(2) The net economic loss for any year shall mean the amount by which allowable deductions for the year other than prior year losses shall exceed income from all sources in the year including any income not taxable under this division.

(3) Any net economic loss of a prior year or years brought forward and claimed as a deduction in any income year may be deducted from net income of the year only to the extent that such carryover loss from the prior year or years shall exceed any income not taxable under this division received in the same year in which the deduction is claimed, except that in the case of a corporation required to allocate and apportion to North Carolina its net income, as defined in this division, only such proportionate part of the net economic loss of a prior year shall be deductible from total income allocable to this State as would be determined by the use of the allocation and apportionment provisions of G. S. 105-130.4 for the year of such loss.

(4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the next succeeding year before any portion of such loss may be carried forward to a succeeding year.

(5) For purposes of this Section, any income item deductible in determining State net income under the provisions of G. S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G. S. 105-130.4 shall be considered as income not taxable under this division.

(6) No loss shall either directly or indirectly be carried forward more than five years.

"§ 105-130.9. Contributions. Contributions shall be allowed as a deduction to the extent and in the manner provided as follows:

(1) Contributions or gifts made by any corporation within the income year to corporations, trusts, community chests, funds, foundations or associations organized, and operated exclusively for religious, charitable, literary, scientific, or educational purposes or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private stockholder or individual, or contributions or gifts made by any corporation within the income tax year to posts or organizations of war veterans, or auxiliary units or societies of any such posts or organizations, if such posts, organizations, units, or societies are organized in the United States or any of its possessions, and if no part of their net earnings inures to the benefit of any private shareholder or individual, or the organization known as Alcoholics Anonymous or any local chapter thereof, or to a cemetery company owned and operated exclusively for the benefit of its members, or any corporation chartered solely for burial purposes as a cemetery corporation and not permitted by its charter to

engage in any business not necessarily incident to that purpose, if such company or corporation is not operated for profit and no part of the net earnings of such company or corporation inures to the benefit of any private shareholder or individual: Provided, the amount allowed as a deduction hereunder shall be limited to an amount not in excess of five per centum (5%) of the corporation's net income as computed without the benefit of this subdivision or subdivision (2) of this Section; and, provided further, that contributions made to North Carolina donees by corporations allocating a part of their total net income outside this State shall not be allowed under this subdivision, but shall be allowed under subdivision (3) of this Section.

(2) Contributions by any corporation to the State of North Carolina, any of its institutions, instrumentalities, or agencies, any county of this State, its institutions, instrumentalities, or agencies, any municipality of this State, its institutions, instrumentalities, or agencies, and contributions or gifts by any corporation to educational institutions located within North Carolina, no part of the net earnings of which inures to the benefit of any private stockholder or individual. For the purpose of this subdivision, the words 'educational institution' shall mean only an educational institution which normally maintains a regular faculty and curriculum and normally has a regularly organized body of students in attendance at the place where the educational activities are carried on.

(3) Corporations allocating a part of their total net income outside North Carolina under the provisions of G. S. 105-130.4 shall deduct from total income allocable to North Carolina contributions made to North Carolina donees qualified under subdivisions (1) and (2) of this Section or made through North Carolina offices or branches of other donees qualified under the above-mentioned subdivisions of this Section; provided, such deduction for contributions made to North Carolina donees qualified under subdivision (1) of this Section shall be limited in amount to five per cent (5%) of the total income allocated to North Carolina as computed without the benefit of this deduction for contributions.

"§ 105-130.10. Amortization of Waste Treatment Facilities. In lieu of any depreciation allowance, at the option of the corporation, a deduction shall be allowed for amortization of the cost of any sewage or waste treatment plant, including waste lagoons, and pollution abatement equipment purchased or constructed and installed which reduces the amount of water pollution resulting from the discharge of sewage and industrial wastes or other polluting materials or substances into streams, lakes, or rivers, based on a period of 60 months. The deduction provided for in this Section shall be allowed by the Commissioner of Revenue only upon condition that the corporation claiming such allowance shall furnish to the Commissioner a certificate from the State Stream Sanitation Committee certifying that said Committee has found as a fact that the waste treatment plant or pollution abatement equipment purchased or constructed and installed as above described has actually been constructed and installed and that such plant or equipment complies with the requirements of said Committee with respect to such plants or equipment, that such plant or equipment is being effectively operated in accordance with the terms and conditions

set forth in the permit, certificate of approval, or other document of approval issued by the State Stream Sanitation Committee, and that the primary purpose thereof is to reduce water pollution resulting from the discharge of sewage and waste and not merely incidental to other purposes and functions.

"§ 105-130.11. Conditional and Other Exemptions. (a) The following organizations shall be exempt from taxation under this division except as provided in subsection (b) of this Section:

(1) Fraternal beneficiary societies, orders or associations

a. Operating under the lodge system or for the exclusive benefit of the members of a fraternity itself operating under the lodge system, and

b. Providing for the payment of life, sick, accident, or other benefits to the members of such society, order or association, or their dependents;

(2) Every bank or banking association, trust company or any combination of such facilities or services subject to taxation under Article 8C of this chapter; and building and loan associations, and savings and loan associations subject to capital stock tax and/or excise tax under Article 8D of this chapter; and any cooperative banks without capital stock organized and operated for mutual purposes and without profit, and electric and telephone membership corporations organized under Chapter 117 of the General Statutes;

(3) Cemetery corporations and corporations organized for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private stockholder or individual;

(4) Business leagues, chambers of commerce, merchants' associations, or boards of trade not organized for profit, and no part of the net earnings of which inures to the benefit of any private stockholder or individual;

(5) Civic leagues or organizations not organized for profit, but operated exclusively for the promotion of social welfare;

(6) Clubs organized and operated exclusively for pleasure, recreation, and other nonprofitable purposes, no part of the net earnings of which inures to the benefit of any private stockholder or member;

(7) Farmers' or other mutual hail, cyclone, or fire insurance companies, mutual ditch or irrigation companies, mutual or co-operative telephone companies, or like organizations of a purely local character the income of which consists solely of assessments, dues and fees collected from members for the sole purpose of meeting expenses;

(8) Farmers', fruit growers', or like organizations organized and operated as sales agents for the purpose of marketing the products of members and turning back to them the proceeds of sales, less the necessary selling expenses, on the basis of the quantity of product furnished by them;

(9) Mutual associations formed under G. S. 54-111 through 54-128 to conduct agricultural business on the mutual plan and marketing associations organized under G. S. 54-129 through 54-158.

Nothing in this subdivision shall be construed to exempt any co-operative, mutual association or other organization from an income tax on net income which has not been refunded to patrons on a patronage basis and distributed either in cash, stock, certificates, or in some other manner that

discloses to each patron the amount of his patronage refund. Provided, in arriving at net income for purposes of this subdivision, no deduction shall be allowed for dividends paid on capital stock. Patronage refunds made after the close of the taxable year and on or before the fifteenth day of the ninth month following the close of such year shall be considered as made on the last day of such taxable year to the extent the allocations are attributable to income derived before the close of such year; provided, that no stabilization or marketing organization, which handles agricultural products for sale for producers on a pool basis, shall be deemed to have realized any net income or profit in the disposition of a pool or any part of a pool until all of the products in that pool shall have been sold and the pool shall have been closed; provided, further, that a pool shall not be deemed closed until the expiration of at least 90 days after the sale of the last remaining product in that pool. Such co-operatives and other organizations shall file an annual information return with the Commissioner of Revenue on forms to be furnished by the Commissioner and shall include therein the names and addresses of all persons, patrons and/or shareholders, whose patronage refunds amount to ten dollars ($10.00) or more; and

(10) Insurance companies paying the tax on gross premiums as specified in G. S. 105-228.5.

(b) Organizations described in subdivisions (1), (3), (4), (5), (6), (7), (8) or (9) of subsection (a) of this Section shall be subject to the tax provided for in G. S. 105-130.3 to the following extent:

Gross income derived by any organization from any trade or business the conduct of which is not substantially related (aside from the need of the organization for income) to the exercise or performance of those functions constituting the basis for its exemption in subsection (a) of this Section, less all deductions allowed by this division directly connected with carrying on such trade or business and less one thousand dollars ($1,000.00); provided, this paragraph shall not apply to interest, royalties, dividends or rents; provided further, this paragraph shall not apply to any trade or business (i) in which substantially all the work in carrying on such trade or business is performed for the organization without compensation; or (ii) which is the selling of merchandise, substantially all of which is given to it; (iii) which is carried on by an organization described in G. S. 105-130.11(a)(3) primarily for the convenience of its members, students, patients or employees. Provided further, this paragraph shall not apply to net income derived from research (i) performed by a college, university or hospital; or (ii) performed for the United States, its instrumentalities or any state or political subdivision thereof; or (iii) performed by an organization operated primarily for the purpose of carrying on fundamental research, the results of which are freely available to the general public.

"§ 105-130.12. Regulated Investment Companies and Real Estate Investment Trusts. Any organization or trust which, in the opinion of the Commissioner of Revenue of North Carolina, qualifies as either a 'regulated investment company' under the provisions of United States Code Annotated Title 26, § 851, or as a 'real estate investment trust' under the provisions of United States Code Annotated Title 26, § 856, and which files with the

North Carolina Department of Revenue its election to be treated as a 'regulated investment company' or as a 'real estate investment trust' shall be taxed under this division upon only that part of its net income which is not distributed or declared for distribution to shareholders during the income year or (i), with respect to a regulated investment company, within 30 days after the end of the income year and (ii), with respect to a real estate investment trust by the time required by law for the filing of the return for the income year. Provided, that amounts distributed or declared for distribution during the prescribed period to nonresident shareholders not taxed on such distributions under the income tax laws of this State shall not be excluded in computing the net income of such regulated investment company or real estate investment trust.

"§ 105-130.13. Special Corporations. A corporation electing to be taxed under Subchapter S of Chapter 1 of the Internal Revenue Code shall compute its State taxable income in the same manner as corporations not electing to be taxed under Subchapter S of Chapter 1 of the Internal Revenue Code.

"§ 105-130.14. Corporations Filing Consolidated Returns For Federal Income Tax Purposes. Any corporation electing or required to file a consolidated income tax return with the Internal Revenue Service shall not file a consolidated return with the Commissioner of Revenue, unless specifically directed to do so in writing by the Commissioner, and shall determine its State net income as if a separate return had been filed for federal purposes.

"§ 105-130.15. Basis of Return of Net Income. (a) The net income of a corporation shall be computed in accordance with the method of accounting regularly employed in keeping the books of such corporation, but such method of accounting must be consistent with respect to both income and deductions, but if in any case such method does not clearly reflect the income, the computation shall be made in accordance with such method as in the opinion of the Commissioner of Revenue does clearly reflect the income, but shall follow as nearly as practicable the federal practice, unless contrary to the context and intent of this division.

The Commissioner may in his discretion adopt the rules and regulations and any guidelines administered or established by the Internal Revenue Service unless contrary to any provisions of this division.

(b) Change of Income Year.

(1) A corporation may change the income year upon which it reports for income tax purposes without prior approval by the Commissioner of Revenue if such change in income year has been approved by or is acceptable to the Federal Commissioner of Internal Revenue and is used for filing income tax returns under the provisions of the Internal Revenue Code of 1954.

If a corporation desires to make a change in its income year other than as provided above, it may make such change in its income year with the approval of the Commissioner of Revenue, provided such approval is requested at least 30 days prior to the end of its new income year.

A corporation which has changed its income year without requesting the approval of the Commissioner of Revenue as provided in the first para-

graph of this subdivision shall submit to the Commissioner of Revenue notification of any change in the income year after the change has been approved by the Federal Commissioner of Internal Revenue or his agent where application for permission to change is required by the Federal Commissioner of Internal Revenue with such notification stating that such approval has been received. Where application for change of the income year is not required by the Federal Commissioner of Internal Revenue, notification of the change of income year shall be submitted to the Commissioner of Revenue with the short period return.

(2) A return for a period of less than 12 months (referred to in this subsection as 'short period') shall be made when the corporation changes its income year. In such a case, the return shall be made for the short period beginning on the day after the close of the former taxable year and ending at the close of the day before the day designated as the first day of the new taxable year, except that a corporation changing to, or from, a taxable year varying from 52 to 53 weeks shall not be required to file a short period return if such change results in a short period of 359 days or more, or less than seven days. Short period income tax returns shall be filed within the same period following the end of such short period as is required for full year returns under the provisions of G. S. 105-130.7.

(c) Any foreign corporation not domesticated in this State shall not use the installment method of reporting income to this State unless such corporation files a bond with the Commissioner of Revenue in such amount and with such sureties as the Commissioner shall deem necessary to secure the payment of any taxes which were deferred with respect to any installment transaction.

(d) Notwithstanding any other provision of this division, any corporation which uses the installment method of reporting income to this State and which is planning to withdraw from this State, merge, or consolidate its business, or terminate its business in this State by any other means whatsoever, shall be required to make a report for income tax purposes, to the Commissioner of Revenue, of any unrealized or unreported income from installment sales made while doing business in this State and to pay any tax which may be due on such income. The manner and form for making such report and paying the tax shall be as prescribed by the Commissioner.

"§ 105-130.16. Returns. Every corporation doing business in this State shall file with the Commissioner of Revenue an income tax return under affirmation, showing therein specifically the items of gross income and the deductions allowed by this division, and such other facts as the Commissioner may require for the purpose of making any computation required by this division.

"The return of a corporation shall be signed by either its president, vice president, treasurer, assistant treasurer, secretary or assistant secretary. There shall be annexed to the return the affirmation of the officer signing the same, which shall be in the form prescribed in G. S. 105-130.17 of this division, and the same penalties prescribed in G. S. 105-236 shall apply to any person making wilful misstatements in said returns.

"When the Commissioner of Revenue has reason to believe that any corporation so conducts its trade or business in such manner as to either directly or indirectly distort its true net income and the net income properly attributable to the State, whether by the arbitrary shifting of income, through price fixing, charges for service, or otherwise, whereby the net income is arbitrarily assigned to one or another unit in a group of taxpayers carrying on business under a substantially common control, he may require such facts as he deems necessary for the proper computation of the entire net income and the net income properly attributable to the State, and in determining same the Commissioner of Revenue shall have regard to the fair profit which would normally arise from the conduct of the trade or business.

"When any corporation liable to taxation under this division conducts its business in such a manner as to either directly or indirectly benefit the members or stockholders thereof or any person interested in such business by selling its products or goods or commodities in which it deals at less than the fair price which might be obtained therefor, or where a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another corporation, acquires and disposes of the products of the corporation so owning a substantial portion of its stock in such a manner as to create a loss or improper net income for either of said corporations, or where a corporation, owning directly or indirectly a substantial portion of the stock of another corporation, acquires and disposes of the products of the corporation of which it so owns a substantial portion of the stock in such manner as to create a loss or improper net income for either of said corporations, the Commissioner of Revenue may determine the amount of taxable income of any such corporations for the calendar or fiscal year, having due regard to the reasonable profits which, but for such arrangement or understanding, might or could have been obtained by the corporation or corporations liable to taxation under this division from dealing in such products, goods or commodities.

"§ 105-130.17. Time and Place of Filing Returns. (a) Returns shall be in such form as the Commissioner of Revenue may from time to time prescribe, and shall be filed with the Commissioner at his office, or at any branch office which he may establish. The Commissioner shall cause to be prepared blank forms for the said returns, and shall cause them to be distributed throughout the State, and shall furnish them upon request; but failure to receive or secure the form shall not relieve any corporation from the obligation of making any return herein required.

(b) Except as provided in (c), the return of a corporation reporting on a calendar year basis shall be filed on or before the fifteenth day of March next following, and the return of a corporation reporting on a fiscal year basis shall be filed on or before the fifteenth day of the third month following the close of the fiscal year.

(c) In the case of mutual associations formed under G. S. 54-111 through 54-128 to conduct agricultural business on the mutual plan and marketing associations organized under G. S. 54-129 through 54-158, which are required to file under subsection (a) (9) of G. S. 105-130.11, a return made on the basis of a calendar year shall be filed on or before the

fifteenth day of the September following the close of the calendar year, and a return made on the basis of a fiscal year shall be filed on or before the fifteenth day of the ninth month following the close of the fiscal year.

(d) In case of sickness, absence, or other disability or whenever in his judgment good cause exists, the Commissioner may allow further time for filing returns.

(e) Any corporation which ceases its operations in this State before the end of its income year because of its intention to dissolve or to withdraw from this State, or because of a merger or consolidation or for any other reason whatsoever shall file its return for the then current income year within 75 days after the date it terminates its business in this State.

(f) There shall be annexed to the return the affirmation of an officer of the corporation making the return in the following form: " 'Under penalties prescribed by law, I hereby affirm that to the best of my knowledge and belief this return, including any accompanying schedules and statements, is true and complete.' If prepared by a person other than taxpayer, his affirmation is based on all information of which he has any knowledge."

"§ 105-130.18. Failure to File Returns; Supplementary Returns. If the Commissioner of Revenue shall be of the opinion that any corporation has failed to file a return or to include in a return filed, either intentionally or through error, items of taxable income he may require of such corporation a return or supplementary return, under affirmation, in such form as he shall prescribe, of all the items of income which the corporation received during the year for which the return is made, whether or not taxable under this division. If from a supplementary return or otherwise the Commissioner finds any items of income, taxable under this division, have been omitted from the original return, or any items returned as taxable that are not taxable, or any item of taxable income overstated or understated, he may require any such item to be disclosed to him under affirmation of the corporation, and to be added to or deducted from the original return. Such supplementary return and the correction of the original return shall not relieve the corporation from any of the penalties to which it may be liable under the provisions of G. S. 105-236. The Commissioner may proceed under the provisions of G. S. 105-241.1, whether or not he requires a return or a supplementary return under this Section.

"§ 105-130.19. Time and Place of Payment of Tax. (a) Except as otherwise provided in this Section and in Article 4B of this chapter, the full amount of the tax payable as shown on the face of the return shall be paid to the Commissioner of Revenue at the office where the return is filed and within the time fixed by law for filing the return.

(b) If the amount of the tax exceeds fifty dollars ($50.00), payment may be made in two equal installments: One-half on the date the return is filed, and one-half on or before the fifteenth day of the sixth month following the month in which the return was originally due to be filed, with interest on the deferred payment at the rate of six per cent (6%) per annum from the date the return was originally due to be filed. If the amount of the tax exceeds four hundred dollars ($400.00), payment may

be made in four equal installments: One-fourth at the time of filing the return, one-fourth on or before the fifteenth day of the third month following the month in which the return was originally due to be filed, one-fourth on or before the fifteenth day of the sixth month following the month in which the return was originally due to be filed, and one-fourth on or before the fifteenth day of the ninth month following the month in which the return was originally due to be filed, with interest on deferred payments at the rate of six per cent (6%) per annum from the date the return was originally due to be filed.

(c) In the event any deferred payment is not made when due, then the entire balance of the tax will immediately become due and collectible, and interest upon such outstanding balance shall be added at the rate of six per cent (6%) per annum from the date the return was originally due to be filed until paid.

(d) The tax may be paid with uncertified check during such time and under such regulations as the Commissioner of Revenue shall prescribe; but if a check so received is not paid by the bank on which it is drawn, the taxpayer by whom such check is tendered shall remain liable for the payment of the tax and for all legal penalties the same as if such check had not been tendered.

"§ 105-130.20. Corrections and Changes. (a) If the amount of the taxable income for any year of any corporation subject to taxation under this division, as reported or as reportable to the United States Treasury Department, is changed, corrected, or otherwise determined by the Commissioner of Internal Revenue or other officer of the United States of competent authority, such taxpayer, within two years after receipt of a final determination reflecting the changed, corrected or determined taxable income shall make return under oath or affirmation to the Commissioner of Revenue of such taxable income. The Commissioner of Revenue shall thereupon proceed to determine, from such facts or evidence as he may have brought to his attention or shall otherwise acquire, whether or not the same were considered or taken into account in the federal determination, the correct tax liability of such corporation for the year. If there shall be any additional tax due from such corporation, the same shall be assessed and collected; and if there shall have been an overpayment of the tax, the Commissioner shall, within 30 days after the final determination of the tax liability, refund the amount of such overpayment.

(b) Any corporation which fails to comply with this Section as to making return of federally determined taxable income within the time specified shall be subject to all penalties provided in G. S. 105-236, in the case of additional tax due, and shall forfeit its rights to any refund due by reason of federal changes.

(c) When the corporation makes the return of federally determined taxable income, the Commissioner of Revenue shall make assessments or refunds based thereon within three years from the date the return required by this Section is filed and not thereafter. If the corporation fails to make such return, no statute of limitations shall apply: Provided, that if the Department of Revenue receives from the United States Government or any of its agents a report reflecting such federally determined taxable

income, the Commissioner of Revenue shall make assessment for taxes due based on such taxable income within five years from the date the report from the United States Government or its agent is actually received and not thereafter. The assessment of tax or additional tax under this Section shall not be subject to any statute of limitations except as provided in this Section.

(d) Nothing in this Section shall be construed as preventing the Commissioner of Revenue from making an assessment immediately following the receipt from any source of information concerning the correction, change in, or determination of net income of a taxpayer by the United States Government.

"§ 105-130.21. Information at the Source. (a) Every corporation having a place of business or having one or more employees, agents or other representatives in this State, in whatever capacity acting, including lessors or mortgagors of real or personal property, or having the control, receipt, custody, disposal, or payment of interest (other than interest coupons payable to the bearer), rent, salaries, wages, premiums, annuities, compensations, remunerations, emoluments or other fixed or determinable annual or periodical gains or profits paid or payable during any year to any taxpayer, shall make complete return thereof to the Commissioner of Revenue under such regulations and in such form and manner and to such extent as may be prescribed by him. The filing of any report in compliance with the provisions of this Section by a foreign corporation shall not constitute an act in evidence of and shall not be deemed to be evidence that such corporation is doing business in this State.

"(b) Every corporation doing business or having a place of business in this State shall file with the Commissioner of Revenue, on such form and in such manner as he may prescribe, the names and addresses of all taxpayers, residents of North Carolina, to whom dividends have been paid and the amount of such dividends during the income year."

b. The distribution is in complete cancellation or redemption of all the stock, and the transfer of all the property under the liquidation occurs within some one calendar month,

then in the case of each qualified electing shareholder (as defined in subdivision (2)) gain on the shares owned by him at the time of the adoption of the plan of liquidation shall be recognized only to the extent provided in subdivision (4).

(2) Qualified Electing Shareholders. (5) Basis of Property Received in Liquidation. If property was acquired by an individual shareholder in the liquidation of a corporation in cancellation or redemption of stock, and with respect to such acquisition gain was realized, but as the result of an election made by a shareholder under this Section the extent to which gain was recognized was determined under this Section, then the basis shall be the same as the basis of the stock cancelled or redeemed in the liquidation, decreased in the amount of any money received by the shareholder, and increased in the amount of gain recognized to him."

(1) income accumulated in trust for the benefit of unborn or unascertained individuals or individuals with contingent interest, and income accumulated or held for future distribution under the terms of the will or trust;

(2) income which is to be distributed currently by the fiduciary to the beneficiaries;

(3) income received by estates of deceased individuals during the period of administration or settlement of the estate; and

(4) income which, in the discretion of the fiduciary, may be either distributed to the beneficiaries or accumulated.

"(b) Computation and Payment. The net taxable income of an estate or a trust shall be determined in the same manner as provided in Division II of this Article for an individual except as otherwise provided in this Section. The tax shall be at the same rates as provided in G. S. 105-136 for individuals and shall be computed on that portion of undistributed net income of an estate or trust which is for the benefit of a resident of this State, or for the benefit of a nonresident to the extent that such income is derived from an established business or from an investment in tangible property located in this State. The tax so computed shall be paid by the fiduciary responsible for administering the estate or trust.

"(c) Definitions. For the purpose of this Section the words and phrases defined in Division II of Article 4 shall have the same meanings prescribed to them in that division. In addition, the following words and phrases when used in this Section, shall, for the purpose of this Section, have the meanings respectively prescribed to them in this subsection, except in those instances where the context clearly indicates a different meaning:

"(1) Distributable Net Income. The taxable income of the estate or trust computed with the following modifications:

a. No deduction shall be taken under subdivisions (d)(5) and (d)(6) of this Section (relating to additional deductions).

b. No deduction shall be taken under subdivision (d)(7) of this Section (relating to personal exemption).

c. Gains from the sale or exchange of property shall be excluded to the extent that such gains are allocated to corpus and are not (I) paid, credited, or required to be distributed to any beneficiary during the taxable year, or (II) paid, permanently set aside, or to be used for the purposes specified in subdivision (d)(4) of this Section.

"Losses from the sale or exchange of property shall be excluded except to the extent such losses are taken into account in determining the amount of gains from the sale or exchange of property which are paid, credited or required to be distributed to any beneficiary during the taxable year.

d. For purposes only of trusts described in subdivision (d)(5) of this Section which are required to distribute current income only, there shall be excluded those items of gross income constituting extraordinary dividends or taxable stock dividends which the fiduciary, acting in good faith, does not pay or credit to any beneficiary by reason of his determination that such dividends are allocable to corpus under the terms of the governing instrument and applicable State law.

e. There shall be included any tax-exempt interest to which G. S. 105-141(b)(4) applies, reduced by any amounts which would be deductible in respect of disbursement allocated to such interest but for the provisions of G. S. 105-147(5).

"If the estate or trust is allowed a deduction under subdivision (d)(4) of this Section, the amount of the modifications specified in subdivision (c)(1)e. above shall be reduced to the extent that the amount of income which is paid, permanently set aside, or to be used for the purposes specified in subdivision (d)(4) of this Section is deemed to consist of items specified in subdivision (c)(1)e. For this purpose, such amount shall (in the absence of specific provisions in the governing instrument) be deemed to consist of the same proportion of each class of items of income of the estate or trust as the total of each class bears to the total of all classes.

"(2) Income. The term 'income', when not preceded by the words 'taxable', 'distributable net', 'undistributed net', or 'gross', means the amount of income of the estate or trust for the taxable year determined under the terms of the governing instrument and applicable State law. Items of gross income constituting extraordinary dividends or taxable stock dividends which the fiduciary, acting in good faith, determines to be allocable to corpus under the terms of the governing instrument and applicable State law shall not be considered income.

"(3) Taxable Income. The term 'taxable income' means the gross income as defined in G. S. 105-141 less the deductions and exemptions allowed by this Section.

"(4) Beneficiary. Any heir, legatee, devisee, and any other person, firm or corporation who acquires under any governing instrument the right to receive income from any estate or trust.

"(d) Deductions. (1) Allowable Deductions. Except as otherwise provided in this Section, the same deductions allowed individuals under G. S. 105-147 shall be allowed in computing the net income of an estate or trust.

"(2) Deduction for Depreciation and Depletion. In case of property held in trust, the deduction for depreciation and depletion shall be apportioned between the income beneficiaries and the trustee in accordance with the instrument creating the trust, or in the absence of such provisions, on the basis of the trust income allocable to each. In the case of an estate, the allowable depreciation deduction shall be apportioned between the estate and the heirs, legatees, and devisees on the basis of the portion of the income of the estate allocable to each.

"(3) Double Deduction Not Allowed. Amounts allowable under G. S. 105-9 as a deduction in computing the taxable estate of a decedent for inheritance tax purposes shall not be allowed as a deduction in computing the taxable income of the estate, unless there is filed, within the time and in the manner and form prescribed by the Commissioner of Revenue, a statement that the amounts have not been allowed as deductions under G. S. 105-9 and a waiver of the right to have such amounts allowed as deductions under G. S. 105-9. This subdivision shall not apply with respect to deductions allowed under G. S. 105-142.1(e) (relating to income in respect of decedents).

"(4) Amounts Paid or Permanently Set Aside for Charity.

a. Deduction. In determining the net income of an estate or trust for purposes of this Section (other than a trust described in subdivision (d)(5) of this Section), there shall be allowed as a deduction in computing the taxable income of the estate or trust (in lieu of the deductions allowed by G. S. 105-147(15) and (16)) any amount of the gross income, without limitation, which pursuant to the terms of the governing instrument is, during the taxable year, paid or permanently set aside for a religious, charitable, scientific, literary, or educational purpose or for the prevention of cruelty to children or animals, or for a distributee specified in G. S. 105-147(15) or G. S. 105-147(16).

b. Limitation on Deduction.

1. Trade or Business Income. In computing the deduction allowable under paragraph a. of this subdivision to a trust, no amount otherwise allowable under paragraph a. shall be allowable as a deduction with respect to income of the taxable year which is allocable to its unrelated business income for such year. For purposes of the preceding sentence, the term 'unrelated business income' means an amount equal to the amount which, if such trust were exempt from tax under subdivision (f)(1) of this Section, would be computed as its unrelated business taxable income under subdivision (f)(2) of this Section, (relating to income derived from certain business activities).

2. Prohibited Transactions. The amount otherwise allowable under paragraph a. of this subdivision as a deduction shall not be allowable if the trust has engaged in a prohibited transaction. For purposes of this subdivision, the term 'prohibited transaction' means any transaction after the effective date of this subdivision in which any trust while holding income or corpus which has been permanently set aside or is to be used exclusively for charitable or other purposes described in paragraph a. of this subdivision:

(A) lends any part of such income or corpus, without receipt of adequate security and a reasonable rate of interest, to;

(B) pays any compensation from such income or corpus, in excess of a reasonable allowance for salaries or other compensation for personal services actually rendered, to;

(C) makes any part of its services available on a preferential basis to;

(D) uses such income or corpus to make any substantial purchase of securities or any other property, for more than an adequate consideration in money or money's worth from;

(E) sells any substantial part of the securities or other property comprising such income or corpus, for less than an adequate consideration in money or money's worth, to; or

(F) engages in any other transaction which results in a substantial diversion of such income or corpus to;

the creator of such trust; any person who has made a substantial contribution to such trust; a member of a family (including for these purposes brothers and sisters, whether by whole or half blood, spouse, ancestors, and lineal descendants) of an individual who is the creator of the trust or who has made a substantial contribution to the trust; or a corporation controlled by any such creator or person through the ownership, directly or indirectly, of fifty per cent (50%) or more of the total combined voting power of all classes of stock of the corporation.

The amount otherwise allowable under paragraph a. of this subdivision as a deduction shall be denied by reason of having engaged in a prohibited transaction only for taxable years after the taxable year during which the trust is notified by the Commissioner of Revenue that it has engaged in such transaction, unless such trust entered into such prohibited transaction with the purpose of diverting such corpus or income from the purposes described in paragraph a. of this subdivision, and such transaction involved a substantial part of such corpus or income. Provided, that if the deduction of any trust under paragraph a. has been denied as herein provided, such trust, with respect to any taxable year following the taxable year in which notice is received of denial of the deduction under paragraph a., may, in such manner as prescribed by the Commissioner of Revenue, file claim for the allowance of the unlimited deduction under paragraph a., and if the Commissioner of Revenue is satisfied that such trust will not knowingly again engage in a prohibited transaction the denial of the deduction provided herein shall not apply with respect to the taxable years after the year in which such claim is filed.

3. Accumulated Income. If the amounts permanently set aside, or to be used exclusively for the charitable and other purposes described in paragraph a. of this subdivision during the taxable year or any prior taxable year and not actually paid out by the end of the taxable year:

(A) are unreasonable in amount or duration in order to carry out such purposes of the trust;

(B) are used to a substantial degree for purposes other than those prescribed in paragraph a. of this subdivision; or

(C) are invested in such manner as to jeopardize the interests of the religious, charitable, scientific, etc., beneficiaries,

the amount otherwise allowable under paragraph a. of this subdivision shall be limited to the amount actually paid out during the taxable year.

"(5) Deduction for Trusts Distributing Current Income Only.

a. Deduction. In the case of any trust the terms of which provide that all of its income is required to be distributed currently, and do not provide that any amounts are to be paid, permanently set aside, or used for the purposes specified in subdivision (d)(4) of this Section (relating to deduction for charitable, etc., purposes), there shall be allowed as a deduction in computing the taxable income of the trust the amount of the income for the taxable year which is required to be distributed currently. This subdivision shall not apply in any taxable year in which the trust makes distributions other than amounts of income required to be distributed currently.

b. Limitation on the Deduction. If the amount of income required to be distributed currently exceeds the distributable net income of the trust for the taxable year, the deduction shall be limited to the amount of the distributable net income. For this purpose, the computation of distributable net income shall not include items of income which are not included in the gross income of the trust and the deductions allocable thereto.

"(6) Deduction for Estates and Trusts Accumulating Income or Distributing Corpus.

a. Deduction. In any taxable year there shall be allowed as a deduction in computing the taxable income of an estate or trust (other than a trust to which subdivision (d)(5) applies), the sum of:

1. any amount of income for such taxable year required to be distributed currently (including any amount required to be distributed which may be paid out of income or corpus to the extent such amount is paid out of income for such taxable year); and

2. any other amounts properly paid, credited, or required to be distributed for such taxable year. In no case shall this deduction exceed the distributable net income of the estate or trust.

b. Character of Amounts Distributed. The amount determined under subdivision a. shall be treated as consisting of the same proportion of each class of items entering into the computation of distributable net income of the estate or trust as the total of each class bears to the total distributable net income of the estate or trust in the absence of the allocation of different classes of income under the specific terms of the governing instrument. In the application of the preceding sentence, the items of deduction entering into the computation of distributable net income (including the deduction allowed under subdivision (d)(4)) shall be allocated among the items of distributable net income in such manner as may be prescribed by the Commissioner of Revenue.

c. Limitation on the Deduction. No deduction shall be allowed under subdivision a. in respect of any portion of the amount allowed as a deduction under that subdivision (without regard to this subdivision) which is treated under subdivision b. as consisting of any items of distributable

net income which are not included in the gross income for the estate or trust.

d. Exclusions. There shall not be included as amounts falling within subdivision (d)(6) of this Section:

1. Any amount which, under the terms of the governing instrument, is properly paid or credited as a gift or bequest of a specific sum of money or of specific property and which is paid or credited all at once or in not more than three installments. For this purpose, an amount which can be paid or credited only from the income of the estate or trust shall not be considered as a gift or bequest of a specific sum of money.

2. Any amount paid or permanently set aside or otherwise qualifying for the deduction provided in subdivision (d)(4) of this Section.

3. Any amount paid, credited, or distributed in the taxable year, if subdivision (d)(5) or (d)(6) applied to such amount for a preceding taxable year of an estate or trust because credited or required to be distributed in such preceding taxable year.

e. Separate Shares Treated as Separate Trusts. For the sole purpose of determining the amount of distributable net income in the application of subdivision (d)(6) of this Section and subdivision (b) of G. S. 105-162, in the case of a single trust having more than one beneficiary substantially separate and independent shares of different beneficiaries in the trust shall be treated as separate trusts. The existence of such substantially separate and independent shares and the manner of treatment as separate trusts shall be determined as prescribed by the Commissioner of Revenue.

"(7) Deduction for Personal Exemption. The following personal exemption deductions shall be allowed under this Section:

a. An estate shall be allowed a deduction of one thousand dollars ($1,000.00).

b. A trust which, under its governing instrument, is required to distribute all of its income currently shall be allowed a deduction of five hundred dollars ($500.00).

c. All other trusts shall be allowed a deduction of two hundred dollars ($200.00).

"(8) Deductible Dividends. Where dividend income is received by a fiduciary of an estate or trust and is distributed or distributable to a beneficiary during the taxable year so that it is includible in the gross income of the beneficiary for that taxable year, the dividends or the portion of such dividends which would be deductible to an individual under the provisions of subsection (7) of G. S. 105-147 shall be deductible by such beneficiary during that taxable year. If the portion of the dividend income distributable to the beneficiary cannot be determined under the governing instrument, the amount of the deduction by the beneficiary shall be that amount which bears the same ratio to the total of the deductible portion of all dividends received by the estate or trust as the amount of income received by the beneficiary bears to the distributable net income of the estate or trust, except that in no case may the deduction claimed by the beneficiary under this subsection exceed the income distributed or required to be distributed to him from the estate or trust during the taxable year.

"(9) Apportionment of Deductions. Deductions allowable under this Section shall be apportioned between the beneficiaries and the trust or estate in such manner as prescribed by the Commissioner of Revenue unless otherwise provided in this Section.

"(10) The Standard Deduction. The standard deduction allowed individuals under subsection (22) of G. S. 105-147 shall not be allowed an estate or trust.

"(e) Returns. (1) Returns with respect to income taxes, showing therein specifically the items of gross income, the deductions allowed by this Section, and such other facts as the Commissioner of Revenue may require, shall be made for the following:

a. Every estate subject to the tax imposed by this Section the gross income of which for the taxable year is in excess of one thousand dollars ($1,000.00). The return of an estate shall be made by the fiduciary thereof.

b. Every trust having for the taxable year any taxable income subject to the tax imposed by this Section, or having gross income of one thousand dollars ($1,000.00) or over, regardless of the amount of taxable income. The return for a trust shall be made by the fiduciary thereof.

c. Every estate or trust of which any beneficiary is a nonresident when such estate or trust has income subject to tax under this Section.

(2) Every trust claiming a charitable, etc., deduction under subdivision (d)(4) of this Section for the taxable year shall furnish such information with respect to such taxable year as the Commissioner of Revenue may by forms or some other manner prescribe, setting forth:

a. the amount of the charitable, etc., deductions taken under subdivision (d)(4) of this Section within such year (showing separately the amount of such deduction which was paid out and the amount which was permanently set aside for charitable, etc., purposes during such year),

b. the amount paid out within such year which represents amounts for which charitable, etc., deductions under subdivision (d)(4) of this Section have been taken in prior years,

c. the amount for which charitable, etc., deductions have been taken in prior years but which has not been paid out at the beginning of such year,

d. the amount paid out of principal in the current and prior years for charitable, etc., purposes,

e. the total income of the trust within such year and the expenses attributable thereto, and

f. a balance sheet showing the assets, liabilities, and net worth of the trust as of the beginning of such year.

"(f) Exempt Trusts.

(1) The following trusts shall be exempt from taxation under this division:

a. Pension, profit sharing, stock bonus and annuity trusts, or combinations thereof, established by employers for the purpose of distributing both the principal and income thereof exclusively to eligible employees, or the beneficiaries of such employees, and so constituted that no part of the corpus or income may be used for, or diverted to, any purpose

other than for the exclusive benefit of the employees or their beneficiaries; provided, there is no discrimination, as to eligibility requirements, contributions or benefits, in favor of officers, shareholders, supervisors, or highly paid employees; provided further, that the interest of individual employees participating therein shall be irrevocable and nonforfeitable to the extent of any contributions made thereto by such employees; and provided further, the Commissioner of Revenue shall be empowered to promulgate rules and regulations regarding the qualification of such trusts for exemption under this subdivision. The exemption of any trust under the provisions of the federal income tax law shall be a prima facie basis for exemption of said trust under this paragraph.

b. Any trust created for religious, charitable, scientific or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any individual.

(2) The fraction of the gross income for North Carolina income tax purposes which is derived from sources within and subject to income tax in another state or country shall be ascertained and the North Carolina net income tax before credit under this subsection shall be multiplied by such fraction. (3) Receipts showing the payment of income taxes to another state or country and a true copy of a return or returns upon the basis of which such taxes are assessed must be filed with the Commissioner of Revenue at, or prior to, the time credit is claimed. (4) If any taxes paid to another state or country for which a fiduciary has been allowed a credit under this Section are at any time credited or refunded to the fiduciary, a tax equal to that portion of the credit allowed for such taxes so credited or refunded shall be due and payable from the fiduciary within 30 days from the date of the receipt of the refund or the notice of the credit. If the amount of such tax is not paid within 30 days of receipt or notice the fiduciary shall be subject to the penalties and interest on delinquent payments provided in G. S. 105-236 and G. "§ 105-162. Beneficiaries of Estates and Trusts.

"(a) Beneficiaries of Trusts Distributing Current Income Only.

(1) Inclusion of Income. Subject to the provisions of subdivision (2) below the amount of income for the taxable year required to be distributed currently by a trust described in G. S. 105-161 (d)(5) shall be included in the gross income of the beneficiaries to whom the income is required to be distributed, whether distributed or not. If such amount exceeds the distributable net income, there shall be included in the gross income of each beneficiary an amount which bears the same ratio to distributable net income as the amount required to be distributed to such beneficiary bears to the amount of income required to be distributed to all beneficiaries.

(2) Character of Amounts. The amounts specified in subdivision (1) above shall have the same character in the hands of the beneficiary as in the hands of the trust. For this purpose, the amounts shall be treated as consisting of the same proportion of each class of items entering into the

computation of distributable net income of the trust as the total of each class bears to the total distributable net income of the trust, unless the terms of the trust specifically allocate different classes of income to different beneficiaries. In the application of the preceding sentence, the items of deduction entering into the computation of distributable net income shall be allocated among the items of distributable net income in the manner prescribed by the Commissioner of Revenue.

(3) Different Taxable Years. If the taxable year of a beneficiary is different from that of the trust, the amount which the beneficiary is required to include in gross income in accordance with the provisions of this subdivision shall be based upon the amount of income of the trust for any taxable year or years of the trust ending with or within his taxable year.

"(b) Beneficiaries of Estates and Trusts Accumulating Income or Distributing Corpus.

(1) Inclusion of Income. Subject to subdivision (2) below, there shall be included in the gross income of a beneficiary to whom an amount specified in G. S. 105-161 (d)(6) is paid, credited, or required to be distributed by an estate or trust described in G. S. 105-161 (d)(6) the sum of the following amounts:

a. The amount of income for the taxable year required to be distributed currently to such beneficiary, whether distributed or not. If the amount of income required to be distributed currently to all beneficiaries exceeds the distributable net income (computed without the deduction allowed by G. S. 105-161 (d)(4) relating to deduction for charitable, etc., purposes) of the estate or trust, then, in lieu of the amount provided in the preceding sentence, there shall be included in the gross income of the beneficiary an amount which bears the same ratio to distributable net income (as so computed) as the amount of income required to be distributed currently to such beneficiary bears to the amount required to be distributed currently to all beneficiaries. For purposes of this subdivision, the phrase 'the amount of income for the taxable year required to be distributed currently' includes any amount required to be paid out of income or corpus to the extent such amount is paid out of income for such taxable year.

b. All other amounts properly paid, credited, or required to be distributed to such beneficiary for the taxable year. If the sum of 1. the amount of income for the taxable year required to be distributed currently to all beneficiaries, and 2. all other amounts properly paid, credited, or required to be distributed to all beneficiaries exceeds the distributable net income of the estate or trust, then, in lieu of the amount provided in the preceding sentence, there shall be included in the gross income of the beneficiary an amount which bears the same ratio to the distributable net income (reduced by the amounts specified in 1.) as the other amounts properly paid, credited or required to be distributed to the beneficiary bear to the other amounts paid, credited, or required to be distributed to all beneficiaries.

(2) Exclusions. There shall not be included as amounts falling within subdivision (1) above any amounts described in G. S. 105-161(d)(6)d.

(3) Character of Amounts. The amounts determined under subdivision (1) above shall have the same character in the hands of the bene-

ficiary as in the hands of the estate or trust. For this purpose, the amounts shall be treated as consisting of the same proportion of each class of items entering into the computation of distributable net income as the total of each class bears to the total distributable net income of the estate or trust unless the terms of the governing instrument specifically allocate different classes of income to different beneficiaries. In the application of the preceding sentence, the items of deduction entering into the computation of distributable net income (including the deduction allowed under G. S. 105-161 (d)(4) (relating to deduction for charitable, etc., purposes)) shall be allocated among the items of distributable net income in the manner prescribed by the Commissioner of Revenue. In the application of this subdivision to the amount determined under subdivision (1) a. above, distributable net income shall be computed without regard to any portion of the deduction under G. S. 105-161 (d)(4) which is not attributable to income of the taxable year.

(4) Different Taxable Years. If the taxable year of a beneficiary is different from that of the estate or trust, the amount to be included in the gross income of the beneficiary shall be based on the distributable net income of the estate or trust and the amounts properly paid, credited, or required to be distributed to the beneficiary during any taxable year or years of the estate or trust ending with or within his taxable year.

"(c) Deduction on Termination of Estate or Trust. If on the termination of an estate or trust, the estate or trust has (1) an unused carryover loss allowable under the provisions of G. S. 105-147(9)d., or (2) for the last taxable year of the estate or trust, deductions (other than the deductions allowable under G. S. 105-161(d)(4) relating to deductions for charitable, etc., purposes, or personal exemption) in excess of gross income for such year, then such losses shall be allowed as a deduction, in such manner as may be prescribed by the Commissioner of Revenue, to the beneficiaries succeeding to the property of the estate or trust in the proportion of their respective shares in the property distributed.

"(d) Definitions. For purposes of this Section the words and phrases defined in G. S. 105-161(c) shall have the same meanings prescribed to them in that subsection.

"(e) Tax Credits for Income Taxes Paid to Other States. A resident beneficiary of an estate or trust who is taxed under the provisions of Division II on income from an estate or trust determined to be includible in his gross income under this Section shall be allowed a credit against such tax for income taxes paid by the fiduciary to another state or country on such income in accordance with the formula contained in subdivision (g)(2) of G. S. 105-161 and the requirements of subdivision (g)(3) of G. S. 105-161; provided, that if any taxes paid to another state or country for which a beneficiary has been allowed credit under this Section are at any time credited or refunded to the beneficiary, a tax equal to that portion of the credit allowed for such taxes so credited or refunded shall be due and payable from the beneficiary within 30 days from the date of receipt of the refund or notice of the credit. If the amount of such tax is not paid within 30 days of receipt or notice the beneficiary shall be subject

to the penalties and interest on delinquent payments provided in G. S. 105-236 and G. S. 105-241.1."

"§ 105-163. Grantor Trusts.

"(a) Trust Income, Deductions, and Credits Attributable to Grantors and Others as Substantial Owners. Where it is specified in this Section that the grantor or another person shall be treated as the owner of any portion of a trust, there shall then be included in computing the taxable income and credits of the grantor or the other person those items of income, deductions, and credits against tax of the trust which are attributable to that portion of the trust to the extent that such items would be taken into account under Division II in computing the taxable income or credits against the tax of an individual. Any remaining portion of the trust shall be taxed in accordance with G. S. 105-161 and G. S. 105-162."

"(b) Reversionary Interests:

(1) The grantor shall be treated as the owner of any portion of a trust in which he has a reversionary interest in either the corpus or the income therefrom if, as of the inception of that portion of the trust, the interest will or may reasonably be expected to take effect in possession or enjoyment within 10 years commencing with the date of the transfer of that portion of the trust.

(2) Subdivision (1) above shall not apply to the extent that the income of a portion of a trust in which the grantor has a reversionary interest is, under the terms of the trust, irrevocably payable for a period of at least two years (commencing with the date of the transfer) to a designated beneficiary, which beneficiary qualifies as the recipient of a gift or contribution under G. S. 105-147(15) or G. S. 105-147(16).

(3) The grantor shall not be treated under subdivision (1) as the owner of any portion of a trust where his reversionary interest in such portion is not to take effect in possession or enjoyment until the death of the individual or individuals to whom the income therefrom is payable.

(4) Any postponement of the date specified for the reacquisition of possession or enjoyment of the reversionary interest shall be treated as a new transfer in trust commencing with the date on which the postponement is effected and terminating with the date prescribed by the postponement. However, income for any period shall not be included in the income of the grantor by reason of the preceding sentence if such income would not be so includible in the absence of such postponement.

"(c) Other Powers of the Grantor. The grantor or other person shall be treated as the owner of any portion of a trust in which he has reserved for himself powers other than those described in subsection (b) above to the extent that he is determined to be the owner of such portion under the provisions of Sections 674 through 678 of the Internal Revenue Code of 1954 as amended unless contrary to the context or intent of this division."

AN ACT AMENDING CHAPTER 58 OF THE GENERAL STATUTES OF NORTH CAROLINA, SO AS TO PROVIDE FOR AND PERMIT THE ADOPTION OF A VOLUNTARY PLAN WHEREBY ADEQUATE FIRE AND EXTENDED COVERAGE INSURANCE WILL BE OFFERED AND MADE AVAILABLE TO OWNERS OF PROPERTY IN THE COASTAL AREA OF THE STATE, AND IN THE ABSENCE OF SUCH A VOLUNTARY PLAN TO PERMIT THE COMMISSIONER OF INSURANCE TO FORMULATE A FAIR AND EQUITABLE PLAN TO PROVIDE FOR ADEQUATE FIRE AND EXTENDED COVERAGE IN SUCH AREA.

WHEREAS, the business of insurance has been declared to be a business affected with and affecting the public interest of this State; and

WHEREAS, it has come to the attention of the General Assembly that along the several coastal counties of North Carolina that many owners

of property in such area have been unable, and are now unable to procure adequate insurance coverage against the risks of fire and extended coverage; and

WHEREAS, it appears that such situation has existed for several years and is due to a measurable extent to the reluctance and refusal of a substantial number of companies licensed in this State to write fire and extended coverage insurance upon such property; and

WHEREAS, it appears that in many instances the refusal to write, the refusal to renew, or the cancellation of policies, is without good and just cause, and is based on restricted and stringent underwriting procedures; and

WHEREAS, the reluctance and refusal of some of the licensed insurers of this State to offer adequate coverage in the coastal county area has, in the past, and is now tending to impede the normal economic growth and well-being of such area; and

WHEREAS, the entire State of North Carolina is in some measure affected by this impediment to growth and well-being; and

"Provided, however, that such reports shall not be required in the case of policies which are cancelled or nonrenewed for nonpayment of premium, transfer of ownership of property, cancellation by insured, termination of agency, change of insurance to other companies, and other reasons acceptable to the Commissioner of Insurance. (2) 'Supporting spouse' means a spouse, whether husband or wife, upon whom the other spouse is actually substantially dependent or from whom such other spouse is substantially in need of maintenance and support. A husband is deemed to be the supporting spouse unless he is incapable of supporting his wife.

(4) 'Alimony pendente lite' means alimony ordered to be paid pending the final judgment of divorce in an action for divorce, whether absolute or from bed and board, or in an action for annulment, or on the merits in an action for alimony without divorce."

"§ 50-16.2. Grounds for Alimony. A dependent spouse is entitled to an order for alimony when:

(1) The supporting spouse has committed adultery.

(2) There has been an involuntary separation of the spouses in consequence of a criminal act committed by the supporting spouse prior to the proceeding in which alimony is sought, and the spouses have lived separate and apart for one year, and the plaintiff or defendant in the proceeding has resided in this State for six months.

(10) The supporting spouse wilfully fails to provide the dependent spouse with necessary subsistence according to his or her means and condition so as to render the condition of the dependent spouse intolerable and the life of the dependent spouse burdensome."

and board, annulment, or alimony without divorce, shall be entitled to an order for alimony pendente lite when:

S. 50-16.3, the court may, upon application of such spouse, enter an order for reasonable counsel fees for the benefit of such spouse, to be paid and secured by the supporting spouse in the same manner as alimony."

"(b) Except as provided in G. S. 50-16.6 in case of adultery, the fact that the dependent spouse has committed an act or acts which would be grounds for alimony if such spouse were the supporting spouse shall be grounds for disallowance of alimony or reduction in the amount of alimony when pleaded in defense by the supporting spouse."

"§ 50-16.6. When Alimony Not Payable. (a) Alimony or alimony pendente lite shall not be payable when adultery is pleaded in bar of demand for alimony or alimony pendente lite, made in an action or cross action, and the issue of adultery is found against the spouse seeking alimony, but this shall not be a bar to reasonable counsel fees.

"(b) Alimony, alimony pendente lite, and counsel fees may be barred by an express provision of a valid separation agreement so long as the agreement is performed."

"§ 50-16.7. How Alimony and Alimony Pendente Lite Paid; Enforcement of Decree. "(g) Receivers, as provided in Article 38 of Chapter 1 of the General Statutes, may be appointed in actions for alimony or alimony pendente lite as in other cases.

"(h) A dependent spouse for whose benefit an order for the payment of alimony or alimony pendente lite has been entered shall be a creditor within the meaning of Article 3 of Chapter 39 of the General Statutes pertaining to fraudulent conveyances.

"(i) A judgment for alimony or alimony pendente lite obtained in an action therefor shall not be a lien against real property unless the judgment expressly so provides, sets out the amount of the lien in a sum certain, and adequately describes the real property affected; but past-due periodic payments may by motion in the cause or by a separate action be reduced to judgment which shall be a lien as other judgments.

"(j) The wilful disobedience of an order for the payment of alimony or alimony pendente lite shall be punishable as for contempt as provided by G. S. 5-8 and G. S. 5-9.

"§ 50-16.8. Procedure in Actions for Alimony and Alimony Pendente Lite. (a) The procedure in actions for alimony and actions for alimony pendente lite shall be as in other civil actions except as provided in this Section.

"(b) Payment of alimony may be ordered:

"(e) No order for alimony pendente lite shall be made unless the supporting spouse shall have had five days' notice thereof; but if the supporting spouse shall have abandoned the dependent spouse and left the State, or shall be in parts unknown, or is about to remove or dispose of his or her property for the purpose of defeating the claim of the dependent spouse, no notice is necessary.

"(f) When an application is made for alimony pendente lite, the parties shall be heard orally, upon affidavit, verified pleading, or other proof, and the judge shall find the facts from the evidence so presented.

"(g) When a district court having jurisdiction of the matter shall have been established, application for alimony pendente lite shall be made to such district court, and may be heard without a jury by a judge of said court at any time. Until a district court having jurisdiction shall have been established, application for alimony pendente lite may be made to a resident judge of superior court, a judge regularly holding the superior courts of the district in which the action is brought, any judge holding a session of superior court, either civil or criminal, in the district including the county in which the action is brought or a special judge of superior court residing in the district. Such application in the superior court may be heard in or out of session. If a court other than the superior court has jurisdiction over such application at the time of the application, such jurisdiction shall not be affected by this subsection 50-16.8(g).

"(h) In any case where a claim is made for alimony without divorce, when there is a minor child, the pleading shall set forth the name and age of each such child; and if there be no minor child, the pleading shall so state.

"§ 50-16.9. Modification of Order. (a) An order of a court of this State for alimony or alimony pendente lite, whether contested or entered by consent, may be modified or vacated at any time, upon motion in the cause and a showing of changed circumstances by either party or anyone interested. This Section shall not apply to orders entered by consent before October 1, 1967.

"(b) If a dependent spouse who is receiving alimony under a judgment or order of a court of this State shall remarry, said alimony shall terminate.

"(c) When an order for alimony has been entered by a court of another jurisdiction, a court of this State may, upon gaining jurisdiction over the person of both parties in a civil action instituted for that purpose, and

upon a showing of changed circumstances, enter a new order for alimony which modifies or supersedes such order for alimony to the extent that it could have been so modified in the jurisdiction where granted.

"§ 50-16.10. Alimony Without Action. Alimony without action may be allowed by confession of judgment under Article 24, Chapter 1, of the General Statutes."

Sec. 3. G. S. 50-11, as the same appears in the 1965 Cumulative Supplement to the General Statutes, is hereby rewritten to read as follows:

"§ 50-11. Effects of Absolute Divorce. (a) After a judgment of divorce from the bonds of matrimony, all rights arising out of the marriage shall cease and determine except as hereinafter set out, and either party may marry again without restriction arising from the dissolved marriage.

"(b) No judgment of divorce shall render illegitimate any child in esse, or begotten of the body of the wife during coverture.

"(c) Except in case of divorce obtained with personal service on the defendant spouse, either within or without the State, upon the grounds of the adultery of the dependent spouse and except in case of divorce obtained by the dependent spouse in an action initiated by such spouse on the ground of separation for the statutory period a decree of absolute divorce shall not impair or destroy the right of a spouse to receive alimony and other rights provided for such spouse under any judgment or decree of a court rendered before or at the time of the rendering of the judgment for absolute divorce.

"(d) A divorce obtained outside the State in an action in which jurisdiction over the person of the dependent spouse was not obtained shall not impair or destroy the right of the dependent spouse to alimony as provided by the laws of this State."

S. B. 107 CHAPTER 1153

AN ACT TO REWRITE THE STATUTES RELATING TO CUSTODY AND SUPPORT OF MINOR CHILDREN.

The General Assembly of North Carolina do enact:

Section 1. G. S. 17-39, G. S. 17-39.1, G. S. 17-40, G. S. 50-13, and G. S. 50-16 are hereby repealed.

Sec. 2. Chapter 50 of the General Statutes is hereby amended by inserting the following Sections:

§ 50-13.1. Action or Proceeding for Custody of Minor Child. Any parent, relative, or other person, agency, organization or institution claiming the right to custody of a minor child may institute an action or proceeding for the custody of such child, as hereinafter provided.

§ 50-13.2. Who Entitled to Custody; Terms of Custody; Taking Child Out of State. (a) An order for custody of a minor child entered pursuant to this Section shall award the custody of such child to such person, agency, organization or institution as will, in the opinion of the judge, best promote the interest and welfare of the child.

(b) An order for custody of a minor child may grant exclusive custody of such child to one person, agency, organization or institution, or, if clearly in the best interest of the child, provide for custody in two or more of the same, at such times and for such periods as will in the opinion of the judge best promote the interest and welfare of the child.

(c) An order for custody of a minor child may provide for such child to be taken outside of the State, but if the order contemplates the return of the child to this State, the judge may require the person, agency, organization or institution having custody out of this State to give bond or other security conditioned upon the return of the child to this State in accordance with the order of the court.

§ 50-13.3. Enforcement of Order for Custody. (a) The wilful disobedience of an order providing for the custody of a minor child shall be punishable as for contempt as provided by G. S. 5-8 and G. S. 5-9.

(b) Any court of this State having jurisdiction to make an award of custody of a minor child in an action or proceeding therefor, shall have the power of injunction in such action or proceeding as provided in Article 37 of Chapter 1 of the General Statutes.

§ 50-13.4. Action for Support of Minor Child. (a) Any parent, or any person, agency, organization or institution having custody of a minor child, or bringing an action or proceeding for the custody of such child, or a minor child by his guardian may institute an action for the support of such child as hereinafter provided.

(b) In the absence of pleading and proof that circumstances of the case otherwise warrant, the father, the mother, or any person, agency, organization or institution standing in loco parentis shall be liable, in that order, for the support of a minor child. Such other circumstances may include, but shall not be limited to, the relative ability of all the above-mentioned parties to provide support or the inability of one or more of them to provide support, and the needs and estate of the child. Upon proof of such circumstances the judge may enter an order requiring any one or more of the above-mentioned parties to provide for the support of the child, as may be appropriate in the particular case, and if appropriate the court may authorize the application of any separate estate of the child to his support.

(c) Payments ordered for the support of a minor child shall be in such amount as to meet the reasonable needs of the child for health, education, and maintenance, having due regard to the estates, earnings, conditions, accustomed standard of living of the child and the parties, and other facts of the particular case.

(d) Payments for the support of a minor child shall be ordered to be paid to the person having custody of the child or any other proper person, agency, organization or institution, or to the court, for the benefit of such child.

(e) Payment for the support of a minor child shall be paid by lump sum payment, periodic payments, or by transfer of title or possession of personal property or any interest therein, or a security interest in real property, as the court may order. In every case in which payment for the support of a minor child is ordered and alimony or alimony pendente lite is also ordered, the order shall separately state and identify each allowance.

(f) Remedies for enforcement of support of minor children shall be available as herein provided.

(1) The court may require the person ordered to make payments for the support of a minor child to secure the same by means of a bond, mortgage or deed of trust, or any other means ordinarily used to secure an obligation to pay money or transfer property, or by requiring the execution of an assignment of wages, salary or other income due or to become due.

(2) If the court requires the transfer of real or personal property or an interest therein as provided in subsection (e) as a part of an order for payment of support for a minor child, or for the securing thereof, the court may also enter an order which shall transfer title as provided in G. S. 1-227 and G. S. 1-228.

(3) The remedy of arrest and bail, as provided in Article 34 of Chapter 1 of the General Statutes, shall be available in actions for child support payments as in other cases.

(4) The remedies of attachment and garnishment, as provided in Article 35 of Chapter 1 of the General Statutes, shall be available in an action for child support payments as in other cases, and for such purposes the child or person bringing an action for child support shall be deemed a creditor of the defendant.

(5) The remedy of injunction, as provided in Article 37 of Chapter 1 of the General Statutes, shall be available in actions for child support as in other cases.

(6) Receivers, as provided in Article 38 of Chapter 1 of the General Statutes, may be appointed in actions for child support as in other cases.

(7) A minor child or other person for whose benefit an order for the payment of child support has been entered shall be a creditor within the meaning of Article 3 of Chapter 39 of the General Statutes pertaining to fraudulent conveyances.

(8) A judgment for child support shall not be a lien against real property unless the judgment expressly so provides, sets out the amount of the lien in a sum certain, and adequately describes the real property affected; but past due periodic payments may by motion in the cause or by a separate action be reduced to judgment which shall be a lien as other judgments.

(9) The wilful disobedience of an order for the payment of child support shall be punishable as for contempt as provided by G. S. 5-8 and G. S. 5-9.

(10) The remedies provided by Chapter 1 of the General Statutes, Article 28, Execution; Article 29B, Execution Sales; and Article 31, Supplemental Proceedings, shall be available for the enforcement of judgments for child support as in other cases, but amounts so payable shall not constitute a debt as to which property is exempt from execution as provided in Article 32 of Chapter 1 of the General Statutes.

(11) The specific enumeration of remedies in this Section shall not constitute a bar to remedies otherwise available.

§ 50-13.5. Procedure in Actions for Custody or Support of Minor Children. (a) Procedure. The procedure in actions for custody and support of minor children shall be as in civil actions, except as herein provided. The procedure in habeas corpus proceedings for custody and support of minor children shall be as in other habeas corpus proceedings, except as herein provided. In this Section 50-13.5 the words "custody and support" shall be deemed to include custody or support, or both.

(b) Type of Action. An action brought under the provisions of this Section may be maintained as follows:

(1) As a civil action.

(2) By writ of habeas corpus, and the parties may appeal from the final judgment therein as in civil actions.

(3) Joined with an action for annulment, or an action for divorce, either absolute or from bed and board, or an action for alimony without divorce.

(4) As a cross action in an action for annulment, or an action for divorce, either absolute or from bed and board, or an action for alimony without divorce.

(5) By motion in the cause in an action for annulment, or an action for divorce, either absolute or from bed and board, or an action for alimony without divorce.

(6) Upon the court's own motion in an action for annulment, or an action for divorce, either absolute or from bed and board, or an action for alimony without divorce.

(7) In any of the foregoing the judge may issue an order requiring that the body of the minor child be brought before him.

(c) Jurisdiction in Actions or Proceedings for Child Support and Child Custody.

(1) The jurisdiction of the courts of this State to enter orders providing for the support of a minor child shall be as in actions or proceedings for the payment of money or the transfer of property.

(2) The courts of this State shall have jurisdiction to enter orders providing for the custody of a minor child when:

a. The minor child resides, has his domicile, or is physically present in this State, or

b. When the court has personal jurisdiction of the person, agency, organization, or institution having actual care, control, and custody of the minor child.

(3) The respective rights of persons, agencies, organizations, or institutions claiming the right to custody of a minor child may be adjudicated even though the minor child is not actually before the court.

(4) Jurisdiction acquired under subdivisions (2) and (3) hereof shall not be divested by a change in circumstances while the action or proceeding is pending.

(5) If at any time a court of this State having jurisdiction of an action or proceeding for the custody of a minor child finds as a fact that a court in another State has assumed jurisdiction to determine the matter, and that the best interests of the child and the parties would be served by having the matter disposed of in that jurisdiction, the court of this State may, in its discretion, refuse to exercise jurisdiction, and dismiss the action or proceeding or may retain jurisdiction and enter such orders from time to time as the interest of the child may require.

(6) If at any time a court of this State having jurisdiction of an action or proceeding for the custody of a minor child finds as a fact that it would not be in the best interests of the child, or that it would work substantial injustice, for the action or proceeding to be tried in a court of this State, and that jurisdiction to determine the matter has not been assumed by a court in another state, the judge, on motion of any party, may enter an order to stay further proceedings in the action in this State. A moving party under this subdivision must stipulate his consent to suit in another jurisdiction found by the judge to provide a convenient, reasonable and fair place of trial. The court may retain jurisdiction of the matter for such time and upon such terms as it provides in its order.

(d) Service of Process; Notice; Interlocutory Orders.

(1) Service of process in civil actions or habeas corpus proceedings for the custody of minor children shall be as in other civil actions or habeas corpus proceedings. Motions for custody or support of a minor child in a pending action may be made on five days' notice to the other parties and compliance with G. S. 50-13.5 (e).

(2) If the circumstances of the case render it appropriate, upon gaining jurisdiction of the minor child the court may enter orders for the temporary custody and support of the child, pending the service of process or notice as herein provided.

(e) Notice to Additional Persons in Custody Actions and Proceedings; Intervention.

(1) The parents of the minor child whose addresses are reasonably ascertainable; any person, agency, organization or institution having actual care, control, or custody of a minor child; and any person, agency, organization or institution required by court order to provide for the support of a minor child, either in whole or in part, not named as parties and served with process in an action or proceeding for the custody of such child, shall be given notice by the party raising the issue of custody.

(2) The notice herein required shall be in the manner provided by the rules of civil procedure for the service of notices in actions. Such notice shall advise the person to be notified of the name of the child, the names of the parties to the action or proceeding, the court in which the action or proceeding was instituted, and the date thereof.

(3) In the discretion of the court, failure of such service of notice shall not affect the validity of any order or judgment entered in such action or proceeding.

(4) Any person required to be given notice as herein provided may intervene in an action or proceeding for custody of a minor child by filing in apt time notice of appearance or other appropriate pleadings.

(f) Venue. An action or proceeding in the courts of this State for custody and support of a minor child may be maintained in the county where the child resides or is physically present or in a county where a parent resides, except as hereinafter provided. If an action for annulment, for divorce, either absolute or from bed and board, or for alimony without divorce has been previously instituted in this State, until there has been a final judgment in such case, any action or proceeding for custody and support of the minor children of the marriage shall be joined with such action or be by motion in the cause in such action. If an action or proceeding for the custody and support of a minor child has been instituted and an action for annulment or for divorce, either absolute or from bed and board, or for alimony without divorce is subsequently instituted in the same or another county, the court having jurisdiction of the prior action or proceeding may, in its discretion direct that the action or proceeding for custody and support of a minor child be consolidated with such subsequent action, and in the event consolidation is ordered, shall determine in which court such consolidated action or proceeding shall be heard.

(g) Custody and Support Irrespective of Parents' Rights Inter Partes. Orders for custody and support of minor children may be entered when the matter is before the court as provided by this Section, irrespective of the rights of the wife and the husband as between themselves in an action for annulment or an action for divorce, either absolute or from bed and board, or an action for alimony without divorce.

(h) Court Having Jurisdiction. When a district court having jurisdiction of the matter shall have been established, actions or proceedings for custody and support of minor children shall be heard without a jury by the judge of such district court, and may be heard at any time. Until a district court having jurisdiction shall have been established, actions or proceedings for custody and support of minor children shall be heard by

a resident judge of superior court, a judge regularly holding the superior courts of the district in which the action or proceeding is brought, any judge holding a session of superior court, either civil or criminal, in the district including the county in which the action or proceeding is brought or a special judge of superior court residing in the district. Such action or proceeding may be heard in or out of session. If a court other than the superior court has jurisdiction over such action or proceeding, such jurisdiction shall not be affected by this subsection 50-13.5 (h).

§ 50-13.6. Counsel Fees in Actions for Custody and Support of Minor Children. In an action or proceeding for the custody or support, or both, of a minor child the court may in its discretion allow reasonable attorney's fees to a dependent spouse, as defined in G. S. 50-16.1, who has insufficient means to defray the expenses of the suit.

§ 50-13.7. Modification of Order for Child Support or Custody. (a) An order of a court of this State for custody or support, or both, of a minor child may be modified or vacated at any time, upon motion in the cause and a showing of changed circumstances by either party or anyone interested.

(b) When an order for custody or support, or both, of a minor child has been entered by a court of another state, a court of this State may, upon gaining jurisdiction, and upon a showing of changed circumstances, enter a new order for support or custody which modifies or supersedes such order for custody or support.

§ 50-13.8. Custody and Support of Person Incapable of Self-Support Upon Reaching Majority. For the purposes of custody and support, the rights of a person who is mentally or physically incapable of self-support upon reaching his majority shall be the same as a minor child for so long as he remains mentally or physically incapable of self-support.

Sec. 3. G. S. 1-440.2, as the same appears in Volume 1A of the General Statutes is hereby amended by inserting the words "or an action for the support of a minor child," after the word "support" and before the word "but" in the fourth line thereof.

Sec. 4. G. S. 1-410 (5) is hereby amended by adding at the end thereof the following provision: "The term 'creditors' shall include, but not by way of limitation, a minor child entitled to an order for support".

Sec. 5. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 6. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or application of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 7. This Act shall be in full force and effect from and after October 1, 1967.

In the General Assembly read three times and ratified, this the 6th day of July, 1967.

S. B. 153 **CHAPTER 1154**

AN ACT TO CREATE THE OFFICE OF CHIEF MEDICAL EXAMINER AND TO PROVIDE FOR A STATEWIDE SYSTEM FOR POST-MORTEM MEDICOLEGAL EXAMINATIONS.

The General Assembly of North Carolina do enact:

Section 1. Chapter 130 of the General Statutes of North Carolina is hereby amended by rewriting all of Article 21 thereof, to read as follows:

"ARTICLE 21

Chief Medical Examiner; Post-Mortem Medicolegal Examinations.

"§ 130-192. Chief Medical Examiner; Appointment; Vacancy. There is hereby created, under the State Board of Health, the office of Chief Medical Examiner. The State Board of Health is authorized and directed to appoint a Chief Medical Examiner who shall serve for a term of four years and until his successor has been appointed and qualified. The Chief Medical Examiner shall take an oath and enter into bond in the sum of five thousand dollars ($5,000.00) before entering upon the duties of his office.

"Any vacancy in the office of Chief Medical Examiner shall be filled by the State Board of Health for the unexpired term. The Board may remove the Chief Medical Examiner from office for cause.

"The Chief Medical Examiner shall be a skilled pathologist and eligible to be licensed as a doctor of medicine. His salary shall be fixed by the Governor and the Advisory Budget Commission, and he shall receive such travel expenses as allowed other State employees by law.

"§ 130-193. Central and District Offices and Laboratories. The State Board of Health shall establish and maintain, under the supervision of the Chief Medical Examiner, a central office and a laboratory in the City of Raleigh or Chapel Hill, North Carolina, and with the approval of the Governor first obtained, such district offices and laboratories in such localities in the State as are deemed necessary, having adequate professional and technical personnel and physical facilities for the conduct of post-mortem examinations and of such pathological, bacteriological and toxicological investigations as may be necessary or proper. The State Board of Health shall provide the Chief Medical Examiner with such furniture, equipment, records and supplies as may be required in the conduct of this office. The State Board of Health may, if deemed advisable to do so, contract with the Medical School of the University of North Carolina for the use of certain of its laboratories, its morgue and other technical facilities, and space in one of its buildings as a central office and laboratory for the Chief Medical Examiner and his staff.

"§ 130-194. Assistants and Employees. The Chief Medical Examiner, with the approval of the State Board of Health, may employ such clerical and other assistants as are necessary for the performance of the duties of his office. All persons appointed by the Chief Medical Examiner shall be responsible to him and may be removed by him for any reasonable cause.

"§ 130-195. Certain Salaries and Expenses Paid by the State. The salaries of the Chief Medical Examiner, and the technical and clerical

personnel in the central office and laboratory, the expenses of maintaining the central office and laboratory, the cost of pathological, bacteriological and toxicological services rendered by others than the Chief Medical Examiner and his assistants, and the traveling and other expenses of the personnel of the central and district offices and laboratories, shall be paid by the State out of funds appropriated for the purpose.

"§ 130-196. Additional Services and Facilities. In order to provide proper facilities for investigating the causes of deaths as authorized in this Article the State Board of Health may employ and pay qualified pathologists and toxicologists to make autopsies and such other pathological and chemical studies and investigations as may be deemed necessary or advisable by the Chief Medical Examiner, and may arrange for the use of existing public or private laboratory facilities for such purposes wherever these are available.

"§ 130-197. County Medical Examiners; Appointment; Term of Office and Vacancies. The Chief Medical Examiner shall appoint for each county in the State one or more medical examiners to serve for terms of three years and until their successors are appointed by the Chief Medical Examiner and have qualified. All vacancies in the office of Medical Examiner shall be filled by the Chief Medical Examiner for the unexpired terms. Each medical examiner shall be appointed from a list of two or more licensed doctors of medicine submitted by the component medical society of the county in which the appointment is to be made, or of the district in which the county is located. If no list of names is submitted by the society, the Chief Medical Examiner shall appoint a medical examiner or medical examiners from a list of licensed medical doctors of such county. In the event a licensed doctor will not accept an appointment as medical examiner in a county, the Chief Medical Examiner is authorized to appoint the coroner as acting medical examiner to serve until such time as the vacancy can be filled. In the event the medical examiner of any county, on account of illness or enforced absence or personal interest is unable to serve in any particular case or for a temporary period of time, the Chief Medical Examiner shall then designate some other qualified doctor of medicine in such county, or the coroner, to serve in the place of the regular medical examiner in making any examination or report required.

"§ 130-198. Medical Examiners to be Notified of Certain Deaths. Upon the death of any person, apparently by criminal act or default, or apparently by suicide, or while an inmate of any penal or correctional institution, or under any suspicious, unusual or unnatural circumstances, the medical examiner of the county in which the body of the deceased is found shall be notified by the physician in attendance, by any law enforcement officer having knowledge of such death, by the funeral director, by a member of the family of the deceased, by any person present, or by any person having knowledge of such death. No person shall disturb the body at the scene of death until authorized by the county medical examiner.

"A similar procedure shall be followed upon discovery of anatomical material suspected of being or determined to be a part or parts of a human body.

"§ 130-199. Duties of Medical Examiners Upon Receipt of Notice; Reports; Fees. Upon receipt of such notice the medical examiner shall take charge of the dead body, make inquiries regarding the cause and manner of death, reduce his findings to writing, and promptly make a full report thereof to the Chief Medical Examiner on forms prescribed for such purpose, retaining one copy of such report for his own; delivering copies to the District Solicitor of the Superior Court, and upon request to a defendant in a criminal action, or any party in a civil action. Full directions as to the nature, character and extent of the investigation to be made in such cases shall be furnished the medical examiner by the Chief Medical Examiner, together with appropriate forms for the required reports and instructions for their use. For each investigation under this Article, including the making of the required reports, the medical examiner shall receive a fee of twenty-five dollars ($25.00), to be paid by the State unless the deceased is a legal resident of the county in which his death occurred, in which event such county shall be responsible for the fee. The medical examiner is authorized to issue subpoenas for any person or persons to appear during the investigation.

"§ 130-200. When Autopsies and Other Pathological Examinations to be Performed. If, in the opinion of the Chief Medical Examiner or the medical examiner of the county wherein the body or anatomical material is first found under any of the circumstances set forth in G. S. 130-198, it is advisable and in the public interest that an autopsy or other pathologic study be made, or if an autopsy or other pathologic study is requested by the Superior Court Solicitor or by any Superior Court Judge on his own motion, or on a motion of any party, such autopsy or pathological study shall be made by the Chief Medical Examiner or by a competent pathologist designated by him, and a copy of the autopsy report shall be furnished the solicitor, judge, and requesting party.

"In any case of death under circumstances set forth in § 130-198 where a body shall be buried without a medical examination being made as specified in § 130-199, or in any case where a body shall be cremated except in compliance with the provisions of this Article, it shall be the duty of the medical examiner of the county in which the body is buried or was cremated, upon being advised of such facts, to notify the Superior Court Solicitor who shall communicate the same to any resident special, or assigned Judge of the Superior Court, and such Judge may order that the body or the remains be exhumed and an examination or autopsy performed thereon by the Chief Medical Examiner or a competent pathologist or toxicologist appointed by the Chief Medical Examiner. The pertinent facts disclosed by the examination or autopsy shall be communicated to the Solicitor of the Superior Court and the Judge who ordered it, for such action thereon as he, or the court of which he is Judge, deems proper. A copy of the report of the examination or autopsy findings and interpretations shall be filed with the Superior Court Solicitor: Provided, that a copy of said report shall be furnished to any other interested person upon order of a court of record after need therefor has been shown. If the deceased is a resident of the county where death occurred, the cost of the autopsy or pathological study shall be paid by the county; otherwise, the

State Board of Health shall pay the expense of the autopsy or pathological study.

"§ 130-201. Rules and Regulations. The Chief Medical Examiner, subject to the approval of the State Board of Health, shall make, amend, repeal and promulgate the necessary rules and regulations and procedures to carry out the intent and purposes of this Article. The facilities of the central laboratory and the services of its professional staff shall be made available to the county medical examiners in their investigations.

"§ 130-202. Reports and Records Received as Evidence. Reports of investigations made by the Chief Medical Examiner or his assistants or by medical examiners, and the records and reports of autopsies made under the authority of this Article, may be received as corroborative evidence, if admissible, in any court or other proceeding and copies of records, photographs, laboratory findings and records in the office of the Chief Medical Examiner or any medical examiner, when duly attested by the Chief Medical Examiner, or one of his assistant chief medical examiners, or the medical examiner in whose office the same are, shall be received as evidence in any court or other proceeding for any purpose for which the original could be received without any proof of the official character of the person whose name is signed thereto.

"§ 130-202.1. When Medical Examiner's Permission Necessary Before Embalming, Burial and Cremation. (a) In any case where it is the duty of the county medical examiner to view the body and investigate the death of a deceased person as herein provided, it shall be unlawful to embalm the said body until the written permission of the county medical examiner has first been obtained, and such county medical examiner shall make the certificate of death required for a burial-transit permit, stating thereon the name of the disease causing death; or, if from external causes,

(1) the means of death, and

(2) whether (probably) accidental, suicidal, homicidal; and shall, in any case, furnish such information as may be required by the State Registrar of Vital Statistics in order properly to classify the death.

(b) It shall be unlawful to embalm or to bury a dead body, or to issue a burial-transit permit, when any fact within the knowledge of, or brought to the attention of, the embalmer, the funeral director, or the local registrar of vital statistics charged with the issuance of burial-transit permits, is sufficient to arouse suspicion of crime in connection with the death of the deceased, until the written permission of the county medical examiner has first been obtained.

(c) No burial-transit permit for cremation of a body shall be issued by the local registrar charged therewith and no cremation of a body shall be carried out until the county medical examiner shall have certified in writing that he has made inquiry into the cause and manner of death and is of the opinion that no further examination concerning the same is necessary.

"§ 130-202.2. Coroner to Hold Inquests. In every case requiring the medical examiner to be notified, as provided by § 130-198, the coroner shall be notified by the medical examiner, and the coroner shall hold an inquest and preliminary hearing in those instances as required in § 152-7. The coroner shall file a written report of his investigation with the Solicitor of

the Superior Court and the county medical examiner. The body shall remain in the custody and control of the medical examiner."

AN ACT TO GRANT THE NORTH CAROLINA BOARD OF WATER RESOURCES THE AUTHORITY, WITHIN CERTAIN PRESCRIBED LIMITATIONS, TO ADMINISTER THE LAW RELATING TO WELL CONSTRUCTION.

The General Assembly of North Carolina do enact:

Section 1. Short Title. This Act shall be known and may be cited as the North Carolina Well Construction Act.

Sec. 2. Findings and Policy. The General Assembly of North Carolina finds that improperly constructed, operated, maintained, or abandoned wells can adversely affect the public health and the ground-water resources of the State. Consistent with the duty to safeguard the public welfare, safety, health and to protect and beneficially develop the ground-water resources of this State, it is declared to be the policy of this State to require that the location, construction, repair, and abandonment of wells, and the installation of pumps and pumping equipment conform to such reasonable requirements as may be necessary to protect the public welfare, safety, health and ground-water resources.

Sec. 3. Definitions. As used in this Act, unless the context otherwise requires:

(a) "Abandoned well" means a well whose use has been discontinued, or which is in such a state of disrepair that continued use for obtaining ground water or other useful purpose is impracticable.

(p) "Well seal" means an approved arrangement or device used to cap a well or to establish and maintain a junction between the casing or curbing of a well and the piping or equipment installed therein, the purpose or function of which is to prevent pollutants from entering the well at the upper terminal.

Sec. 4. Scope. No person shall construct, repair, or abandon, or cause to be constructed, repaired, or abandoned, any well, nor shall any person install, repair, or cause to be installed or repaired, any pump or pumping equipment contrary to the provisions of this Act and applicable rules and regulations, provided that this Act shall not apply to any distribution of water beyond the point of discharge from the pump.

Sec. 5. Authority to Adopt Rules, Regulations, and Procedures. The Board shall adopt, and may from time to time amend, rules and regulations not inconsistent with this Act governing the location, construction, repair, and abandonment of wells, and the installation and repair of pumps and pumping equipment, and shall be responsible for the administration of this Act. With respect thereto it shall:

(a) hold public hearings, upon not less than 30 days prior notice setting forth the date, place, and time of hearing, and the proposed rules and regulations to be considered at said public hearing, which notice shall be published in one or more newspapers having general circulation throughout the State, in connection with proposed rules and regulations and amendments thereto;

(b) enforce the provisions of this Act, and any rules and regulations not inconsistent with the provisions of this Article adopted pursuant thereto;

(c) establish procedures and forms for the submission, review, approval, and rejection of applications, notifications, and reports required under this Act; and

Sec. 6. General Standards and Requirements. (a) Prior Permission. Prior permission shall be obtained from the Board for the construction of (1) any water well or of well systems with a designed capacity of one hundred thousand gallons per day or greater; and (2) of any well in a geographical area where the Board finds, after public hearings, such permission to be reasonably necessary to protect the ground-water resources and the public welfare, safety and health, taking into consideration other applicable State laws; provided, however, that the Board shall not reject any application under this subsection for permission to construct a well except upon the ground that the well would not be in compliance with a provision of this Act or with a rule or regulation of the Board adopted pursuant to the provisions of Section 5 of this Act. Notification of approval or rejection of an application for permission to construct a well shall be given the applicant within a period of 15 days after receipt of such application.

(b) Reports. Any person completing or abandoning any well shall furnish the Board a certified record of the construction or abandonment of such well within a period of 30 days after completion of construction or abandonment.

(c) Prevention of Contamination. Every well shall be constructed and maintained in a condition whereby it is not a source or channel of contamination of the ground-water supply or any aquifer. Contamination as used herein shall mean the act of introducing into water foreign materials of such a nature, quality, and quantity as to cause degradation of the quality of the water.

(d) Valves and Casing on Flowing Artesian Wells. Valves and casing on all flowing artesian wells shall be maintained in a condition so that the flow of water can be completely stopped when the well is not being put to a beneficial use. Valves shall be closed when a beneficial use is not being made.

(e) Access Port. Every water-supply well and such other wells, as may be specified by the Board, shall be equipped with a usable access port or air line and to be a minimum of 0.5 inch inside diameter opening so that the position of the water level can be determined at any time. Such port shall be installed and maintained in such manner as to prevent entrance of water or foreign material.

(f) Mineralized Water. Whenever a water-bearing stratum or aquifer that contains nonpotable mineralized water is encountered in well construction, the stratum shall be adequately cased or cemented off as conditions may require so that contamination of the overlying or underlying ground-water zones will not occur.

(g) Polluted Water. In constructing any well, all water-bearing zones that are known to contain polluted water shall be adequately cased or cemented off so that pollution of the overlying and underlying ground-water zones will not occur.

(h) Well Test. Every water-supply well shall be tested for capacity by a method and for a period of time acceptable to the Department and depending on the intended use of the well.

(i) Chlorination of the Well. Upon completion of the well construction and pump installation, all water-supply wells installed for the purpose of obtaining ground water for domestic consumption shall be sterilized in accordance with standards for sterilization of drinking water wells established by the U. S. Public Health Service.

(j) Use of Well for Recharge or Disposal. No well shall be used for recharge, injection or disposal purposes without prior permission from the Board of Water Resources after consultation with and recommendation by the State Board of Health.

(k) Abandonment of Wells.

(1) Temporary Abandonment. When any well is temporarily removed from service, the top of the well shall be sealed with a water-tight cap or seal.

(2) Permanent Abandonment. Any well that is to be permanently abandoned shall be filled, plugged, or sealed in such a manner as to prevent the well from being a channel allowing the vertical movement of water and a source of contamination of the ground-water supply.

Sec. 7. Existing Installations. No well or pump installation in existence and in use on the effective date of this Act shall be required to conform to provisions of subsection (a) of Section 6 of this Act, or any rules or regulations adopted pursuant thereto not inconsistent with the provisions of this Act; provided, however, that any well now or hereafter abandoned, including any well deemed to have been abandoned, as defined in the Act, shall, within such time as may be specified by the Board, be brought into compliance with the requirements of this Act and any applicable rules or regulations with respect to abandonment of wells. It is the intention of the General Assembly that if the provisions of this Section are held invalid as a grant of an exclusive or separate emolument or privilege, within the meaning of Article 1, Section 7 of the North Carolina Constitution, the remainder of this Act shall be given effect without the invalid provision or provisions.

Sec. 8. Rights of Investigation, Entry, Access and Inspection. The Board shall have the right to conduct such investigations as it may reasonably find necessary to carry on its duties prescribed in this Act, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition, installation, or operation of any well or associated equipment, facility, or property, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the installation or operation of any well: Provided, that no person shall be required to disclose any secret formula, processes or methods used in any manufacturing operation or any confidential information concerning business activities carried on by him or under his supervision. No person shall refuse entry or access to any authorized representative of the Board who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties, consistent with the provisions of this Act.

Sec. 9. Notice. (a) Whenever the Board has reasonable grounds to believe that there has been a violation of this Act, or any rule or regulation adopted pursuant thereto, the Board shall give written notice to the person or persons alleged to be in violation. Such notice shall identify the provision of this Act, or regulation issued hereunder, alleged to be violated and the facts alleged to constitute such violation.

(b) Such notice shall be served on the person by sending the same to such person by registered or certified mail to his last known post office address or by personal service by an agent or employee of the Board, and may be accompanied by an order of the Board requiring described remedial action, which if taken within the time specified in such order, will effect compliance with the requirements of this Act and the rules and regulations issued hereunder. Such order shall become final unless a request for a hearing as hereinafter provided is made within 30 days from the date of service of such order. In addition to, or in lieu of such order, the Board may appoint a time and place for such person to be heard. Notice by the Board may be given to any person upon whom a summons may be served in accordance with the provisions of law governing civil actions in the Superior Courts of this State. The Board may prescribe the form and content of any particular notice.

Sec. 10. Hearings. The following provisions, together with any additional provisions not inconsistent herewith which the Board may prescribe, shall be applicable in connection with hearings pursuant to this Act, except where other provisions are applicable in connection with specific types of hearings.

(a) Any hearing held pursuant to this Act whether called at the instance of the Board or of any person, shall be held upon not less than 30 days' written notice given by the Board to any person who is a party to the proceedings with respect to which such hearing is to be held, unless a shorter notice is agreed upon by all such parties.

(b) All hearings shall be before the Board, or before one or more of its own members, or before one or more of its own qualified employees, and the hearings shall be open to the public. Any employee or member of the Board to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Board for decision.

(c) A full and complete record of all proceedings at any hearing shall be taken by a reporter appointed by the Board or by any other method approved by the Attorney General. Any party to a proceeding shall be entitled to a copy of such record upon the payment of the reasonable cost thereof as determined by the Board.

(d) The Board and its agents shall follow generally the procedures applicable in civil actions in the Superior Court insofar as practicable, including rules and procedures with regard to the taking and use of depositions, the making and use of stipulations, and the entering into of agreed settlements and consent orders.

(e) The Board, or the duly authorized agents of the said Board, may administer oaths and may issue subpoenas for the attendance of witnesses and the production of books, papers, and other documents belonging to the said person.

(f) Subpoenas issued by the Board, in connection with any hearing, shall be directed to any officer authorized by law to serve process, and the further procedures and rules of law applicable with respect thereto shall be prescribed in connection with subpoenas to the same extent as if issued by a court of record. In case of a refusal to obey a subpoena issued by the Board, application may be made to the Superior Court of the appropriate county for enforcement thereof.

(g) The burden of proof at any hearing shall be upon the person or the Board as the case may be, at whose instance the hearing is being held.

(h) No decision or order of the Board shall be made in any proceeding unless the same is supported by competent, material and substantial evidence upon consideration of the whole record.

(i) Following any hearing, the Board shall afford the parties thereto a reasonable opportunity to submit within such time as prescribed by the Board proposed findings of fact and conclusions of law and any brief in connection therewith. The record in the proceeding shall show the Board's ruling with respect to each such requested finding of fact and conclusion of law.

(j) All orders and decisions of the Board shall set forth separately the Board's findings of fact and conclusions of law and shall, wherever necessary, cite the appropriate provision of law or other source of authority on which any action or decision of the Board is based.

(k) As previously recited above, the Board shall have the authority to adopt a seal which shall be the seal of said Board and which shall be judicially noticed by the courts of the State. Any document, proceeding, order, decree, special order, rule, regulation, rule of procedure or any other official act or records of the Board or its minutes may be certified by the director or assistant director of the department under his hand and the seal of the Board and when so certified shall be received in evidence in all actions or proceedings in the courts of the State without further proof of the identity of the same if such records are competent, relevant and material in any such action or proceeding. The Board shall have the right to take judicial notice of all studies, reports, statistical data or any other official reports or records of the Federal Government or of any sister state and all such records, reports and data may be placed in evidence by the Board or by any other person or interested party where material, relevant and competent.

The matter on appeal shall be heard and determined de novo on the transcript certified to the court and any evidence or additional evidence as shall be competent under rules of evidence then applicable to trials in the Superior Court without a jury upon any question of fact; provided, the court shall allow any party to introduce evidence or

Sec. 12. Penalties. Any person who violates any provisions of this Act, or regulations issued hereunder, or order pursuant thereto, shall be subject to penalty of one hundred dollars ($100.00). In addition, if any person is adjudged to have committed such violation willfully, the court may determine that each day during which such violation continued constitutes a separate violation.

Sec. 13. Injunctive Relief. Upon violation of any of the provisions of this Act, the Director of the Department may, either before or after the institution of proceedings for the collection of the penalty imposed by this Act for such violations, institute a civil action in the Superior Court in the name of the State upon the relation of the Director of the Department for injunctive relief to restrain the violation and for such other or further relief in the premises as said court shall deem proper. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from the penalty prescribed by this Act for any violation of same.

Sec. 14. Conflict With Other Laws. The provisions of any law, or regulation of the State or any municipality establishing standards affording greater protection to the public welfare, safety, health and ground-water resources shall prevail within the jurisdiction of such agency or municipality over the provisions of this Act and regulations adopted hereunder.

This Act or any rules or regulations adopted pursuant thereto, shall not be in conflict with any laws, rules, or regulations of the State Board of Health pertaining to public health, wells and ground-water supplies. All laws, rules, and regulations presently in effect that are administered by the State Board of Health shall remain in effect.

AN ACT RELATING TO EVIDENCE IN CERTAIN CIVIL ACTIONS.

WHEREAS, it is the established public policy of North Carolina to require as a prerequisite to the lawful licensing of a motor vehicle for use upon the public highways that the owner of the vehicle have and maintain in full force and effect a liability insurance policy; and

WHEREAS, the owner of every motor vehicle has the absolute authority under the law to allow or not to allow anyone else to operate his vehicle, but it is a growing custom of our society that persons other than the titled owner operate a motor vehicle, and extend the use for social and non-business use, and for the titled owner to allow, or acquiesce in general use of his vehicle by others either as a fringe benefit or as a means of promoting the pleasure and convenience of loved ones, including friends, and for a titled owner initially to extend permission for the social and non-business use by an employee, friend or member of family who in turn, as a matter of convenience or acquiescence, permits others to operate the vehicle; and

WHEREAS, many innocent and blameless citizens who are victims of serious personal injuries and property loss are unable to receive any compensation whatsoever because of difficulty of proof under the terms of liability insurance policies, and it is difficult and often impossible for injured parties and operators to prove that one lawfully in possession of a vehicle had the express or implied permission of the owner to drive on the very trip and occasion of the collision; and

WHEREAS, liability coverage under the laws of North Carolina is provided for an operator of a vehicle who has the "express or implied permission" of the titled owner but does not extend to persons otherwise lawfully in possession of vehicles with the result that citizens who operate another's vehicle with full reliance upon the existence of liability coverage often find themselves to be victims of large judgments without any coverage whatsoever: Now, therefore,

There shall be established and maintained a trust fund which shall be designated 'State Education Assistance Authority Loan Fund' (the 'Loan Fund') which may be used by the Authority in making student loans directly or through agents or independent contractors, insuring student loans, acquiring, purchasing, endorsing or guaranteeing promissory notes, contracts, obligations or other legal instruments evidencing student loans made by banks, educational institutions, nonprofit corporations or other lenders, and for defraying the expenses of operation and administration of the Authority for which other funds are not available to the Authority. There shall be deposited to the credit of such Loan Fund the proceeds (exclusive of accrued interest) derived from the sale of its revenue bonds by the Authority and any other moneys made available to the Authority for the making or insuring of student loans or the purchase of obligations. The bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding 20 years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The Authority may also provide for the authentication of the bonds by a fiscal agent. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effectuate the purposes of this Act.

The Authority is authorized to provide in any resolution authorizing the issuance of bonds for pledging or assigning as security for its revenue bonds, subject to any prior pledge or assignment, and for deposit to the credit of the sinking fund, any or all of its income, receipts, funds or other assets, exclusive of bond proceeds and other funds required to be deposited to the credit of the Loan Fund, of whatsoever kind from time to time acquired or owned by the Authority, including all donations, grants and other money or property made available to it, payments received on student loans, such as principal, interest and penalties, if any, premiums on student loan insurance, fees, charges and other income derived from services rendered or otherwise, proceeds of property or insurance, earnings and profits on investments of funds and from sales, purchases, endorsements or guarantees of obligations, as defined in § 116-201 hereof, and other securities and instruments, contract rights, any funds, rights, insurance or other benefits acquired pursuant to any Federal law or contract to the extent not in conflict therewith, money recovered through the enforcement of any remedies or rights, and any other funds or things of value which in the determination of the Authority may enhance the

marketability of its revenue bonds. Money in the sinking fund shall be disbursed in such manner and under such restrictions as the Authority may provide in the resolution authorizing the issuance of such bonds. Unless otherwise provided in the bond resolution, the revenue bonds at any time issued hereunder shall be entitled to payment from the sinking fund without preference or priority of the bonds first issued. Bonds may be issued under the provisions of this Act without obtaining, except as otherwise expressly provided in this Act, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Act and the provisions of the resolution authorizing the issuance of such bonds.

§ 116-209.5. Bond Resolution. The resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the purchase or sale of obligations, the making of student loans, the insurance of student loans, the fees, charges and premiums to be fixed and collected, the terms and conditions for the issuance of additional bonds and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depositary of the proceeds of bonds, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such resolution may set forth the rights and remedies of the bondholders and may restrict the individual right of action by bondholders. All expenses incurred in carrying out the provisions of such resolution may be treated as a part of the cost of administering this Act and may be payable, together with other expenses of operation and administration under this Act incurred by the Authority, from the Loan Fund.

§ 116-209.6. Revenues. The Authority is authorized to fix and collect fees, charges, interest and premiums for making or insuring student loans, purchasing, endorsing or guaranteeing obligations and any other services performed under this Act. The Authority is further authorized to contract with the United States of America or any agency or officer thereof and with any person, partnership, association, banking institution or other corporation respecting the carrying out of the Authority's functions under this Act. The Authority shall at all times endeavor to fix and collect such fees, charges, receipts, premiums and other income so as to have available in the sinking fund at all times an amount which, together with any other funds made available therefor, shall be sufficient to pay the principal of and the interest on such bond as the same shall become due and payable and to create reserves for such purposes. Money in the sinking fund, except such part thereof as may be necessary to provide such reserves for the bonds as may be provided for in the resolution authorizing the issuance of such bonds, shall be set aside in the sinking fund at such regular intervals as may be provided in such resolution and is hereby pledged to, and charged

with, the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made. The fees, charges, receipts, proceeds and other revenues and moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. The resolution by which a pledge is created need not be filed or recorded except in the records of the Authority. The use and disposition of money to the credit of the sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds. Any such resolution may, in the discretion of the Authority, provide for the transfer of surplus money in the sinking fund to the credit of the Loan Fund. Except as may otherwise be provided in such resolution, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

§ 116-209.7. Trust Funds. Notwithstanding any other provisions of law to the contrary, all money received pursuant to the authority of the Act, whether as proceeds from the sale of bonds, sale of property or insurance, or as payments of student loans, whether principal, interest or penalties, if any, thereon, or as insurance premiums, or from the purchase or sale of obligations, or as any other receipts or revenues derived hereunder, shall be deemed to be trust funds to be held and applied solely as provided in this Act. The resolution authorizing the bonds of any issue may provide that any of such money may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such money shall be deposited shall act as trustee of such money and shall hold and apply the same for the purposes hereof, subject to such regulations as this Act and such resolution may provide.

§ 116-209.8. Remedies. AN ACT TO AMEND G. S. 20-279.21, AS THE SAME RELATES TO UNINSURED MOTORIST INSURANCE, SO AS TO REQUIRE THAT ENDORSEMENT OF SUCH INSURANCE CONTAINS CERTAIN PROVISIONS.

The General Assembly of North Carolina do enact:

Section 1. G. S. 20-279.21(b)(3) is hereby amended by adding immediately after the first paragraph thereof and before the second paragraph thereof the following:

"In addition to the above requirements relating to uninsured motorist insurance, every policy of bodily injury liability insurance covering liability

arising out of the ownership, maintenance or use of any motor vehicle, which policy is delivered or issued for delivery in this State, shall be subject to the following provisions which need not be contained therein.

(1) A provision that the insurer shall be bound by a final judgment taken by the insured against an uninsured motorist if the insurer has been served with copy of summons, complaint or other process in the action against the uninsured motorist in any manner provided by law; provided however, that the determination of whether a motorist is uninsured may be decided only by an action against the insurer alone. The insurer upon being served as herein provided, shall be a party to the action between the insured and the uninsured motorist though not named in the caption of the pleadings and may defend the suit in the name of the uninsured motorist or in its own name. The insurer upon being served with copy of summons, complaint or other pleading, shall have the time allowed by statute in which to answer, demur or otherwise plead (whether such pleading is verified or not) to the summons, complaint or other process served upon it. The consent of the insurer shall not be required for the initiation of suit by the insured against the uninsured motorist: Provided, however, no action shall be initiated by the insured until 60 days following the posting of notice to the insurer at the address shown on the policy or after personal delivery of such notice to the insurer or its agent setting forth the belief of the insured that the prospective defendant or defendants are uninsured motorists. No default judgment shall be entered when the insurer has timely filed an answer or other pleading as required by law.

(2) Where the insured, under the uninsured motorist coverage, claims that he has sustained bodily injury as the result of collision between motor vehicles and asserts that the identity of the operator or owner of a vehicle (other than a vehicle in which the insured is a passenger) cannot be ascertained, the insured may institute an action directly against the insurer: Provided, in such event, the insured or someone in his behalf, shall report the accident within 24 hours or as soon thereafter as may be practicable, to a police officer, peace officer, other judicial officer, or to the Commissioner of Motor Vehicles. The insured shall also within a reasonable time give notice to the insurer of his injury, the extent thereof, and shall set forth in such notice the time, date and place of such injury. Thereafter, on forms to be mailed by the insurer within 15 days following receipt of the notice of the accident to the insurer, the insured shall furnish to insurer such further reasonable information concerning the accident and the injury as the insurer shall request. If such forms are not so furnished within 15 days, the insured shall be deemed to have complied with the requirements for furnishing information to the insurer. Suit may not be instituted against the insurer in less than 60 days from the posting of the first notice of such injury or accident to the insurer at the address shown on the policy or after personal delivery of such notice to the insurer or its agent.

"No insurer may cancel, refuse to renew or reduce the coverage under any automobile liability insurance policy because an insured under such policy has made a claim in good faith under the uninsured motorist endorsement of such policy.

"Where an insured's policy has been cancelled, or the insurer has failed to renew following a claim made by the insured under the uninsured motorist's endorsement, the insurer upon the written request of the insured shall furnish such insured with the reason or reasons why it has cancelled or failed to renew such policy. Such information furnished by the insurer to the insured shall be privileged, and shall not subject the insurer to liability for libel, slander or other defamation."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall become effective from and after the date of its ratification, but the same shall not apply to existing policies of insurance, but shall apply to renewals and to new policies issued after such effective date.

In the General Assembly read three times and ratified, this the 6th day of July, 1967.

The General Assembly of North Carolina do enact:

Section 1. Article 10A, Chapter 153 of the General Statutes of North Carolina, is hereby rewritten to read as follows:

"ARTICLE 10A

"Capital Reserve Funds

"§ 153-142.1. Short Title. This Article shall be known and may be cited as 'The County Capital Reserve Act'.

"§ 153-142.2. Powers Conferred. In addition to all other funds now authorized by law, a county is hereby authorized and empowered to establish and maintain a capital reserve fund in the manner hereinafter provided.

"§ 153-142.3. Establishment of Fund. When the governing body of a county elects to establish a capital reserve fund, it shall adopt a resolution creating the fund. In such resolution, the governing body shall state (1) the purposes for which the fund is created, which may be for any purposes

for which counties may issue bonds, (2) the approximate periods of time during which moneys are to be accumulated for each purpose, (3) the approximate amounts to be accumulated for each purpose, and (4) the sources from which moneys for each purpose will be derived. Such resolution shall become effective 10 days after it is filed with the Director of Local Government, the date to be evidenced by the Director's receipt.

"§ 153-142.4. Amendments. The resolution may be amended from time to time in the same manner in which it was adopted and made effective. Such amendments may, among other provisions, authorize the use of moneys accumulated or to be accumulated in the fund for any purposes for which the county may issue bonds, whether or not the moneys were originally accumulated for the newly authorized purposes.

"§ 153-142.5. Capital Reserve Accounts. In lieu of establishment of a separate capital reserve fund, the board of commissioners may establish a capital reserve account or group of accounts in one or more existing funds, and the provisions of this Article shall apply to each such account or group of accounts.

"§ 153-142.6. Funding. The capital reserve fund may be funded by transfer of moneys or investment securities from a capital reserve appropriation in the general fund, by the transfer of moneys or investment securities from special purpose tax funds or funds for which taxes for non-necessary expenses approved by the voters have been levied. When moneys or investment securities, the use of which is restricted by law, come into the capital reserve fund, the identity of such moneys or investment securities shall be maintained by appropriate accounting entries.

"§ 153-142.7. Investment. The cash balances, in whole or in part, of the capital reserve fund may be deposited at interest or invested as provided by G. S. 159-28.1, as the same may be amended from time to time.

"§ 153.142.8. Withdrawals. Withdrawals from a capital reserve fund established pursuant to this Article may be authorized by resolution of the board of county commissioners, which shall become effective 10 days after it is filed with the Director of Local Government, the date of such filing to be evidenced by the Director's receipt. No withdrawal shall be authorized for any purpose other than that specified in the resolution establishing the fund or in a resolution amending same. The withdrawal resolution may authorize the disbursement of moneys from the capital reserve fund under the provisions of the County Fiscal Control Act or the resolution may authorize the transfer of moneys or investment securities to other funds through which the purposes of the capital reserve fund may be accomplished. No withdrawal may be made which would require the expenditure or transfer of moneys or investment securities for purposes for which an adequate balance of eligible moneys or investment securities is not then available in the capital revenue fund.

"§ 153-142.9. Authority Supplemental. The authority granted hereinabove is supplemental and additional to any other authority granted by law relating to capital reserve funds, whether general or special. Nothing contained in this Article is intended, nor shall be construed, to apply to capital reserve funds established under Article 10B, Chapter 153, or Sections 115-80.1 through 115-80.5 of the General Statutes."

Sec. 2. Except as provided above, all laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall be in full force and effect from and after its ratification.

H. B. 619 CHAPTER 1241

AN ACT TO CREATE THE OFFENSE OF HABITUAL FELON AND TO PROVIDE FOR THE PUNISHMENT OF THE VIOLATION THEREOF.

The General Assembly of North Carolina do enact:

Section 1. Persons Defined as Habitual Felons. Any person who has been convicted of or pled guilty to three felony offenses in any Federal court or State court in the United States or combination thereof is declared to be an habitual felon. For the purpose of this Act, a felony offense is defined as an offense which is a felony under the laws of the State or other sovereign wherein a plea of guilty was entered or a conviction was returned regardless of the sentence actually imposed. Provided, however, that federal offenses relating to the manufacture, possession, sale and kindred offenses involving intoxicating liquors shall not be considered felonies for the purposes of this Act. For the purposes of this Act, felonies committed before a person attains the age of 21 years shall not constitute more than one felony. The commission of a second felony shall not fall

within the purview of this Act unless it is committed after the conviction of or plea of guilty to the first felony. The commission of a third felony shall not fall within the purview of this Act unless it is committed after the conviction of or plea of guilty to the second felony. Pleas of guilty to or convictions of felony offenses prior to the effective date of this Act shall not be felony offenses within the meaning of this Act. Any felony offense to which a pardon has been extended shall not for the purpose of this Act constitute a felony. The burden of proving such pardon shall rest with the defendant and the State shall not be required to disprove a pardon.

Sec. 2. Punishment. When any person is charged by indictment with the commission of a felony under the laws of the State of North Carolina and is also charged with being an habitual felon as defined in Section 1 of this Act, he must, upon conviction, be sentenced and punished as an habitual felon, as in this Chapter provided, except in those cases where the death penalty is imposed.

Sec. 3. Charge of Habitual Felon. An indictment which charges a person who is an habitual felon within the meaning of Section 1 of this Act with the commission of any felony under the laws of the State of North Carolina must, in order to sustain a conviction of habitual felon, also charge that said person is an habitual felon. The indictment charging the defendant as an habitual felon shall be separate from the indictment charging him with the principal felony. An indictment which charges a person with being an habitual felon must set forth the date that prior felony offenses were committed, the name of the state or other sovereign against whom said felony offenses were committed, the dates that pleas of guilty were entered to or convictions returned in said felony offenses, and the identity of the court wherein said pleas or convictions took place. No defendant charged with being an habitual felon in a bill of indictment shall be required to go to trial on said charge within 20 days of the finding of a true bill by the grand jury; provided, the defendant may waive this 20-day period.

Sec. 4. Evidence of Prior Convictions of Felony Offenses. In all cases where a person is charged under the provisions of this Act with being an habitual felon, the record or records of prior convictions of felony offenses shall be admissible in evidence, but only for the purpose of proving that said person has been convicted of former felony offenses. A judgment of a conviction or plea of guilty to a felony offense certified to a Superior Court of this State from the custodian of records of any state or Federal court under the same name as that by which the defendant is charged with habitual felon shall be prima facie evidence that the identity of such person is the same as the defendant so charged and shall be prima facie evidence of the facts so certified.

Sec. 5. Verdict and Judgment. When an indictment charges an habitual felon with a felony as above provided and an indictment also charges that said person is an habitual felon as provided herein, the defendant shall be tried for the principal felony as provided by law. The indictment that the person is an habitual felon shall not be revealed to the jury unless the jury shall find that the defendant is guilty of the

principal felony or other felony with which he is charged. If the jury finds the defendant guilty of a felony, the bill of indictment charging the defendant as an habitual felon may be presented to the same jury. Except that the same jury may be used, the proceedings shall be as if the issue of habitual felon were a principal charge. If the jury finds that the defendant is an habitual felon, the trial judge shall enter judgment according to the provisions of this Article. If the jury finds that the defendant is not an habitual felon, the trial judge shall pronounce judgment on the principal felony or felonies as provided by law.

Sec. 6. Sentencing of Habitual Felons. When an habitual felon as defined in this Chapter shall commit any felony under the laws of the State of North Carolina, he must, upon conviction or plea of guilty under indictment in form as herein provided (except where the death penalty is imposed) be sentenced as an habitual felon; and his punishment must be fixed at a term of not less than 20 years in the State Prison nor more than life imprisonment; and such offender shall not be eligible for parole until he has actually served seventy-five per cent (75%) of the prison sentence so imposed. Said sentence imposed under the terms of this Act shall not be reduced for good behavior, for other cause, or by any means below seventy-five per cent (75%) of the prison sentence so imposed, nor shall the same be suspended. For the purposes of determining the eligibility for parole for a person sentenced to life imprisonment under the provisions of this Act, the life sentence shall be considered as a sentence of 40 years. Nothing in this Chapter shall be construed or considered as seeking or tending to impair the pardoning powers of the Governor of the State of North Carolina.

Sec. 7. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 8. This Act shall be in full force and effect from and after the date of its ratification.

In the General Assembly read three times and ratified, this the 6th day of July, 1967.

AN ACT TO AMEND G. S. 20-279.21, RELATING TO MOTOR VEHICLE LIABILITY POLICIES SO AS TO PROVIDE THAT DEFAULT JUDGMENTS TAKEN AGAINST INSUREDS HOLDING POLICIES UNDER THE ASSIGNED RISK PLAN SHALL NOT BE USED AS A BASIS FOR JUDGMENT AGAINST AN ASSIGNED RISK INSURER, UNLESS SUCH INSURER HAS HAD REASONABLE NOTICE OF THE PENDENCY OF SUIT AGAINST ITS INSURED AND AN OPPORTUNITY TO DEFEND.

The General Assembly of North Carolina do enact:

Section 1. G. S. 20-279.21(f)(1) is hereby rewritten to read as follows:

"Except as hereinafter provided, and with respect to policies of motor vehicle liability insurance written under the North Carolina Assigned Risk Plan, the liability of the insurance carrier with respect to the insurance required by this Article shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be cancelled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy. As to policies issued to insureds in this State under the assigned risk plan, a default judgment taken against an assigned risk insured shall not be used as a basis for obtaining judgment against the insurer unless counsel for the plaintiff has forwarded to the insurer, or to one of its agents, by registered mail with return receipt requested, a copy of summons, complaint, or other pleading, filed in the action. The return receipt shall, upon its return to plaintiff's counsel, be filed with the clerk of court wherein the action is pending against the insured and shall be admissible in evidence as proof of notice to the insurer. The refusal of insurer or its agent to accept delivery of the registered mail, as provided in this Section, shall not affect the validity of such notice and any insurer or agent of an insurer refusing to accept such registered mail shall be charged with the knowledge of the contents of such notice. When notice has been sent to an agent of the insurer such notice shall be notice to the insurer. The word 'agent' as used in this subsection shall include, but shall not be limited to, any person designated by the insurer as its agent for the service of process, any person duly licensed by the insurer in the State as insurance agent, any general agent of the company in the State of North Carolina, and any employee of the company in a managerial or other responsible position, or the North Carolina Commissioner of Insurance; Provided, where the return receipt is signed by an employee of the insurer or an employee of an agent for the insurer, shall be deemed for the purposes of this subsection to have been received. The term 'agent' as used in this subsection shall not include a producer of record or broker, who forwards an application for insurance to the Assigned Risk Bureau. The Commissioner of Motor Vehicles and the North Carolina Assigned Risk Bureau, shall, upon request made, furnish to the plaintiff or his counsel the identity and address of the insurance carrier as shown upon the records of the Depart-

ment or the Bureau, and whether the policy is an assigned risk policy. Neither the Department of Motor Vehicles nor the Assigned Risk Bureau shall be subject to suit by reason of a mistake made as to the identity of the carrier and its address in response to a request made for such information.

The insurer upon receipt of summons, complaint or other process, shall be entitled, upon its motion, to intervene in the suit against its insured as a party defendant and to defend the same in the name of its insured. In the event of such intervention by an insurer it shall become a named party defendant. The insurer shall have 30 days from the signing of the return receipt acknowledging receipt of the summons, complaint or other pleading, in which to file a motion to intervene, along with any responsive pleading, whether verified or not, which it may deem necessary to protect its interest: Provided, the court having jurisdiction over the matter may, upon motion duly made, extend the time for the filing of responsive pleading or continue the trial of the matter for the purpose of affording the insurer a reasonable time in which to file responsive pleading or defend the action. If, after receiving copy of the summons, complaint or other pleading, the insurer elects not to defend the action, if coverage is in fact provided by the policy, the insurer shall be bound to the extent of its policy limits to the judgment taken by default against the insured, and non-cooperation of the insured shall not be a defense.

If the plaintiff initiating an action against the insured has complied with the provisions of this subsection, then, in such event, the insurer may not cancel or annul the policy as to such liability and the defense of non-cooperation shall not be available to the insurer: Provided, however, nothing in this Section shall be construed as depriving an insurer of its defenses that the policy was not in force at the time in question, that the operator was not an 'insured' under policy provisions, or that the policy had been lawfully cancelled at the time of the accident giving rise to the cause of action.

Provided further that the provisions of this Act shall not apply when the assigned risk insured has delivered a copy of the summons, complaint or other pleadings served on him to his insurance carrier within the time provided by law for filing answer, demurrer or other pleadings."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall become effective on and after July 1, 1967 and shall apply to any action or actions initiated thereafter.

Section 1. Legislative Findings and Declaration of Policy. The General Assembly finds that the rapid growth and the spread of urban develop-

S. 62-3(23), or of an Electric Membership Corporation or Telephone Membership Corporation, may be acquired, except that the Commission upon payment of the full cost thereof may require the relocation of electric distribution or telephone lines or poles; provided further, that such lands may be acquired by the Commission with the consent of the public utility or membership corporation.

Sec. 4. Regulation of Scenic Easements. The State Highway Commission shall have the authority to promulgate rules and regulations governing the use, maintenance and protection of the areas or interests acquired under this Act. Any violation of such rules and regulations shall be a misdemeanor.

Sec. 5. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 6. This Act shall be in full force and effect from and after its ratification.

"Article 4A

Administrative Search and Inspection Warrants.

§ 15-27.2. Warrants to Conduct Inspections Authorized by Law. (a) Notwithstanding the provisions of Article 4 of this Chapter, any official or employee of the State or of a unit of county or local government of North Carolina may, under the conditions specified in this Section, obtain a warrant authorizing to conduct a search or inspection of property if such a search or inspection is one that is elsewhere authorized by law, either with or without the consent of the person whose privacy would be thereby invaded, and is one for which such a warrant is constitutionally required.

(b) The warrant may be issued by any magistrate of the General Court of Justice, judge, clerk, or assistant or deputy clerk of any court of record whose territorial jurisdiction encompasses the property to be inspected.

(c) The issuing officer shall issue the warrant when he is satisfied the following conditions are met:

(1) the one seeking the warrant must establish under oath or affirmation that the property to be searched or inspected is to be searched or inspected as part of a legally authorized program of inspection which naturally includes that property, or that there is probable cause for believing that there is a condition, object, activity or circumstance which legally justifies such a search or inspection of that property;

(2) an affidavit indicating the basis for the establishment of one of the grounds described in (1) above must be signed under oath or affirmation by the affiant;

(3) the issuing official must examine the affiant under oath or affirmation to verify the accuracy of the matters indicated by the statement in the affidavit.

(2) it must describe, either directly or by reference to the affidavit, the property where the search or inspection is to occur and be accurate enough in description so that the executor of the warrant and the owner or the possessor of the property can reasonably determine from it what person or property the warrant authorizes an inspection of;

(3) it must indicate the conditions, objects, activities or circumstances which the inspection is intended to check or reveal;

(4) it must be attached to the affidavit required to be made in order to obtain the warrant.

(e) Any warrant issued under this Section for a search or inspection shall be valid for only 24 hours after its issuance, must be personally served upon the owner or possessor of the property between the hours of 8:00 a.m. and 8:00 p.m., and must be returned within 48 hours.

(f) No facts discovered or evidence obtained in a search or inspection conducted under authority of a warrant issued under this Section shall be competent as evidence in any civil, criminal or administrative action, nor considered in imposing any civil, criminal, or administrative sanction against any person, nor as a basis for further seeking to obtain any warrant, if the warrant is invalid or if what is discovered or obtained is not a condition, object, activity or circumstance which it was the legal purpose of the search or inspection to discover; but this shall not prevent any such facts or evidence to be so used when the warrant issued is not constitutionally required in those circumstances.

(g) The warrants authorized under this Section shall not be regarded as search warrants for the purposes of application of Article 4 of Chapter 15 of the General Statutes of North Carolina."

S. R. 66 RESOLUTION 15

A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF PRIVATE FIRST CLASS HIRAM (BUTCH) STRICKLAND OF ALAMANCE COUNTY.

WHEREAS, on February 1, 1966, Pfc. Hiram (Butch) Strickland, a native of Alamance County was killed in action in Vietnam while serving his country; and

WHEREAS, there was found among the personal effects of Pfc. Strickland a letter in his own handwriting addressed to his family and being as follows:

"Dear Folks,

"I'm writing this letter as my last one. You've probably already received word that I'm dead and that the government wishes to express its deepest regret.

"Believe me, I didn't want to die, but I know it was part of my job. I want my country to live for billions and billions of years to come.

"I want it to stand as a light to all people oppressed and guide them to the same freedom we know. If we can stand and fight for freedom, then I think we have done the job God set down for us. It's up to every American to fight for the freedom we hold so dear. If we don't, the smells of free air could become dark and damp as in a prison cell.

"We won't be able to look at ourselves in a mirror, much less at our sons and daughters, because we know we have failed our God, country, and our future generations.

"I can hold my head high because I fought, whether it be in heaven or hell. Besides the saying goes, 'One more GI from Vietnam, St. Peter; I've served my time in hell.'

"I fought for Sandy, Nell, Gale (his sisters), Mom, and Dad. But when the twins and Sandy's kids get old enough, they'll probably have to fight, too. Tell them to go proudly and without fear of death, because it is worth keeping the land free.

"I remember a story from Mr. Williams' (Thomas Williams, a teacher of Butch Strickland's at Southern High School) English classes when I was a freshman that said, 'The cowards die a thousand times, the brave die but once.'

"Don't mourn me, Mother, for I'm happy I died fighting my country's enemies, and I will live forever in people's minds. I've done what I've always dreamed of. Don't mourn me, for I died a soldier of the United States of America.

"God Bless you all, and take care. I'll be seeing you in heaven.

"Your loving son and brother,

Butch" and;

WHEREAS, this letter expresses so eloquently Pfc. Strickland's love of God, country and family; and

WHEREAS, this letter was selected by the Freedoms Foundation of Valley Forge, Pennsylvania, a distinguished and honored organization, as the best expression during 1966, of ". . . faith, love and devotion to God and country" and the Freedoms Foundation determined that Pfc. WHEREAS, the continuation of the republican form of government of this country and the ideals of equal justice under law and the preservation of the integrity of the judicial branch as one of the separate and equal branches of the government of the United States necessitate the appointment to and service upon the Supreme Court of the United States of persons of high character, intellect, erudition, judicial temperament,

WHEREAS, the members of the General Assembly of North Carolina, both lawyers and laymen, confidently believe that Justice Sharp meets that standard and as a Justice of the Supreme Court of the United States would discharge her duties and in a manner that would reflect high credit upon not only herself, but also her native State, the bench and bar of the Nation, and the President of the United States whose wisdom it would be to impose his confidence in her by appointment of that high position and upon the American tradition of unlimited opportunity and equal justice under law:

WHEREAS, Appalachian Power Company has filed a petition before the Federal Power Commission requesting a license to construct two dams on New River in the State of Virginia, about six miles down the river from the Virginia-North Carolina State Line, the water in the lower impoundment to be pumped back into the upper impoundment during the hours of minimum demand for power, which will maintain a water level in the upper lake at an altitude of about 2487.6 feet with very little fluctuation; and

WHEREAS, said upper lake or impoundment extends approximately thirty-five miles up New River from the upper dam, taking in all of New

River in Alleghany County, North Carolina, and extending five or six miles into Ashe County, North Carolina; and

WHEREAS, said development, if constructed and maintained in accordance with the petition of Appalachian Power Company, would be a tourist and recreation attraction of inestimable monetary and human value to the people of Alleghany County and the people of North Carolina generally, especially in the Piedmont, the said lake being within easy driving distance of Mount Airy, Elkin, Reidsville, Winston-Salem, North Wilkesboro, High Point, Greensboro, Salisbury, Statesville, Charlotte and other Piedmont cities and towns; and

Department of the Interior has intervened in said proceedings and has asked the Federal Power Commission to require Appalachian Power Company to provide storage of five hundred thousand acre feet of water to be used for pollution control on the lower Kanawha River at Charleston, West Virginia, a distance of one hundred eighty miles down the river, thereby making this section of northwest North Carolina a great water closet to flush out the pollution in the Kanawha River Valley in West Virginia; and

WHEREAS, said petition of the Department of the Interior would cause a vertical drawdown of forty-three feet in the water level in said impoundment and would destroy the recreation and tourist value of said project to the people of North Carolina, especially the people of Alleghany County and the people in the Piedmont section, for the benefit of the people in the State of West Virginia; and

S. R. 451 **RESOLUTION 66**

A JOINT RESOLUTION SEEKING TO CURB AND ABATE THE ADVERTISING PRACTICES OF UNAUTHORIZED INSURERS AND RECOMMENDING THAT THE ADVERTISING MEDIA, THE INSURANCE COMMISSIONER AND THE INSURANCE INDUSTRY FORMULATE A VOLUNTARY PLAN DESIGNED TO CURB CERTAIN ADVERTISING PRACTICES OF UNAUTHORIZED INSURERS.

WHEREAS, the business of insurance is a business vitally touching on and affecting the lives and welfare of the citizens of this State; and

WHEREAS, insurance has become a necessity in many areas of endeavor among the citizens of this State; and

WHEREAS, the insurance industry is largely conducted by licensed insurers dealing through reputable agents, and is a business which is effectively regulated by the insurance commissioners of the several states except as to the affairs of unlicensed and unauthorized companies; and

WHEREAS, despite this fact, there exists in this State today a situation wherein unauthorized insurers transact a substantial volume of business with the citizens of this State, insuring risks and lives within this State; and

WHEREAS, the General Assembly of North Carolina has already declared it to be a subject of concern that many residents of this State hold policies of insurance issued by insurers not authorized to do business in this State; and

WHEREAS, the practices of unauthorized insurers, dealing as they do at long distances with insurers within this State, without being subjected to the regulations designed to protect the insurance consuming public, has led to abuses, has presented difficulty with respect to settling claims and has presented insuperable obstacles to resident insurers asserting rights under such policies; and

WHEREAS, unauthorized insurers enjoy the many benefits and privileges provided by the State of North Carolina to its citizens, corporate and individual, without being responsive to the laws of this State and without paying those taxes applicable to domestic insurers; and

WHEREAS, the business of unauthorized insurers within this State is to a significant extent generated through the use of advertising media, including press, radio, television, and other media, emanated from within this State; and

WHEREAS, through the use of press, radio, television, and other advertising media, unauthorized insurers enjoy a practical immunity from the laws of this State, solicit policies often times by the use of flamboyant, deceptive and misleading advertising by which the policy benefits and the extent of coverage are made to appear attractive and broad; and

WHEREAS, the press, radio, television, and other advertising media in the ordinary course have conducted all their business except advertising from insurers on the assumption that such insurers are authorized to conduct business in this State; and

WHEREAS, it is the sense of the Senate and House of Representatives that many of the abuses and harmful practices of unauthorized insurers could be abated by the voluntary restraint on the part of press, radio, television, and the other advertising media, to accept the advertising of unauthorized insurers:

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the representatives of press, radio, television, and other advertising media throughout this State, and the Commissioner of Insurance and his staff, and the representatives of the insurance industry form a committee as soon as is feasible and convenient to work out, if possible, some voluntary agreement or plan whereby the advertising of unauthorized insurers is effectively abated in this State.

Sec. 3. Upon its appointment, the Commission shall organize by electing from its membership a chairman and a vice chairman. The Director of Tax Research for the State shall serve as secretary to the Commission, but shall not be a member.
